## PULOMI B0DM1Z425R

# PULOMI Long Distance Touch Bracelets User Manual

Model: B0DM1Z425R

## 1. INTRODUCTION

---

The PULOMI Long Distance Touch Bracelets are designed to help individuals in long-distance relationships stay connected through unique vibration and light-up signals. These smart bracelets allow you to send a "touch" to your partner, letting them know you are thinking of them, regardless of geographical distance. The system also includes a safety SOS feature for emergency situations.

## 2. PRODUCT FEATURES

---

- **Long Distance Connection:** Send vibrations and light-up signals to your partner's bracelet, no matter the distance.
- **Smart Matching:** Simply tap your bracelet to activate your partner's bracelet, creating a real-time connection.
- **Multifunctional Safety Feature:** Hold the bracelet for 3 seconds to send an SOS message with your location to pre-bound contacts (US-based phone numbers only).
- **Multiplayer Interactive:** Connect your bracelet to multiple close relationships (e.g., boyfriend, girlfriend, mother, best friend) via the mobile app. Each connection can be assigned a different light color for identification.
- **Durable Design:** Crafted with stainless steel and crystal accents for daily wear.

# No matter how far away you are, you can feel each other's love even over long distances

## 4. SETUP GUIDE

---

### 4.1. Charging the Bracelets

Before first use, ensure both bracelets are fully charged. Connect the provided USB charging cables to a standard USB power adapter (not included) and attach the magnetic charging docks to the charging points on the back of each bracelet. The bracelet will indicate charging status (e.g., a steady light that turns off when fully charged).

Image: A battery icon, symbolizing the charging process and battery status.

### 4.2. App Download and Installation

Search for the official PULOMI companion app on your smartphone's app store (iOS App Store or Google Play Store). Download and install the app. Ensure your phone's Bluetooth is enabled.

### **4.3. Pairing the Bracelets**

1. Open the PULOMI app and create an account or log in.
2. Follow the in-app instructions to add your bracelet. This typically involves holding the bracelet near your phone and confirming the connection.
3. Once your bracelet is paired, invite your partner to download the app and pair their bracelet.
4. Within the app, link your bracelets to each other to enable the long-distance touch functionality. You may need to share a unique code or accept an invitation from your partner.

## **5. OPERATING INSTRUCTIONS**

---

### **5.1. Sending a Touch**

To send a touch to your partner, simply tap your bracelet. Your partner's bracelet will then vibrate and light up, indicating that you are thinking of them. Ensure both bracelets are connected to the app and have an active internet connection for this feature to work.

Image: A close-up of two hands clasped together, each adorned with a PULOMI bracelet, illustrating the bond created by the product.

## 5.2. SOS Emergency Function

In an emergency situation, you can activate the SOS feature. Hold down your bracelet for 3 seconds. An SOS message containing your current location will be sent to the US-based phone numbers you have pre-bound within the app. The recipient does not need to have the bracelet or app installed to receive the message.

Image: The word "SOS" formed by small stones, representing the emergency alert function.

## 5.3. Multiplayer Interaction

The PULOMI app allows you to connect your bracelet to multiple individuals beyond just one partner. You can bind your bracelet to family members or best friends. When you send a touch, all connected bracelets will receive the signal,

provided they are logged into their app and have an active network connection. You can customize the light color for each relationship within the app to identify who is sending the touch.

## 6. MAINTENANCE

---

### 6.1. Cleaning

To clean your bracelets, gently wipe them with a soft, damp cloth. Avoid using harsh chemicals or abrasive materials, as these can damage the finish or electronic components.

### 6.2. Water Resistance

The bracelets are designed with a degree of water resistance suitable for daily wear, such as splashes or brief exposure to rain. However, they are not intended for swimming, showering, or prolonged submersion in water. Avoid exposing the charging ports to moisture.

Image: A graphic icon depicting a water drop within a shield, indicating the product's water resistance.

### 6.3. Battery Care

To prolong battery life, avoid fully discharging the bracelets frequently. Charge them regularly, especially if they will be stored for an extended period. Use only the provided charging cables.

## 7. TROUBLESHOOTING

---

- **Bracelet Not Connecting to App:**
  - Ensure Bluetooth is enabled on your phone.
  - Make sure the bracelet is charged.
  - Restart the app and/or your phone.
  - Try unpairing and re-pairing the bracelet in your phone's Bluetooth settings and the app.
- **Touch Signal Not Received:**
  - Verify both bracelets are charged and connected to their respective apps.
  - Ensure both phones have an active internet connection (Wi-Fi or mobile data).
  - Check app permissions to ensure it can run in the background and use network data.
  - Confirm that the bracelets are correctly linked to each other within the app.
- **SOS Feature Not Working:**
  - Ensure you are holding the bracelet for the full 3 seconds.
  - Verify that emergency contacts are correctly set up with US-based phone numbers in the app.
  - Check that the app has location permissions enabled.
- **Short Battery Life:**
  - Ensure the bracelet is fully charged before use.
  - Frequent vibrations or continuous app usage can drain the battery faster.

- If battery life significantly degrades, contact customer support.

## 8. SPECIFICATIONS

---

Attribute	Detail
Product Dimensions	8 x 0.39 x 0.39 inches
Weight	5.92 ounces
Batteries	1 Lithium Metal battery required (included)
Material	Stainless Steel, Crystal
Metal Type	Stainless Steel
Chain Type	Mesh Chain
Manufacturer	PULOMI
ASIN	B0DM1Z425R
