Hizashi ST19-6W-DIM-27K6P-FX

Hizashi ST19 Dimmable LED Edison Bulbs (E26, 2700K, 6W)

Model: ST19-6W-DIM-27K6P-FX | Brand: Hizashi

INTRODUCTION

Thank you for choosing Hizashi ST19 Dimmable LED Edison Bulbs. These vintage-style LED bulbs combine classic aesthetics with modern energy efficiency and advanced dimming capabilities. Designed for a wide range of applications, they provide a warm white glow (2700K) with high color rendering (95+ CRI) to enhance the ambiance of any space. This manual provides essential information for safe installation, optimal operation, and proper maintenance of your new LED bulbs.

SAFETY INFORMATION

Please read and understand all safety instructions before installing or using these bulbs. Failure to follow these instructions may result in electric shock, fire, or other hazards.

- **Risk of Electric Shock:** Disconnect power before installation or servicing.
- **Risk of Fire:** Do not exceed the maximum wattage rating of your fixture. These bulbs are 6W LED, equivalent to 60W incandescent.
- **Indoor/Outdoor Use:** Suitable for both indoor and outdoor enclosed fixtures. Ensure outdoor fixtures are sealed to prevent water ingress.
- **Dimmable:** Use only with compatible LED dimmers. Incompatible dimmers may cause flickering or damage to the bulbs.
- Do not disassemble or modify the bulb.
- Avoid direct exposure to water or excessive moisture unless the fixture is specifically rated for such conditions.

SETUP AND INSTALLATION

These bulbs feature a standard E26 base, making them compatible with most common light fixtures. Follow these steps for safe installation:

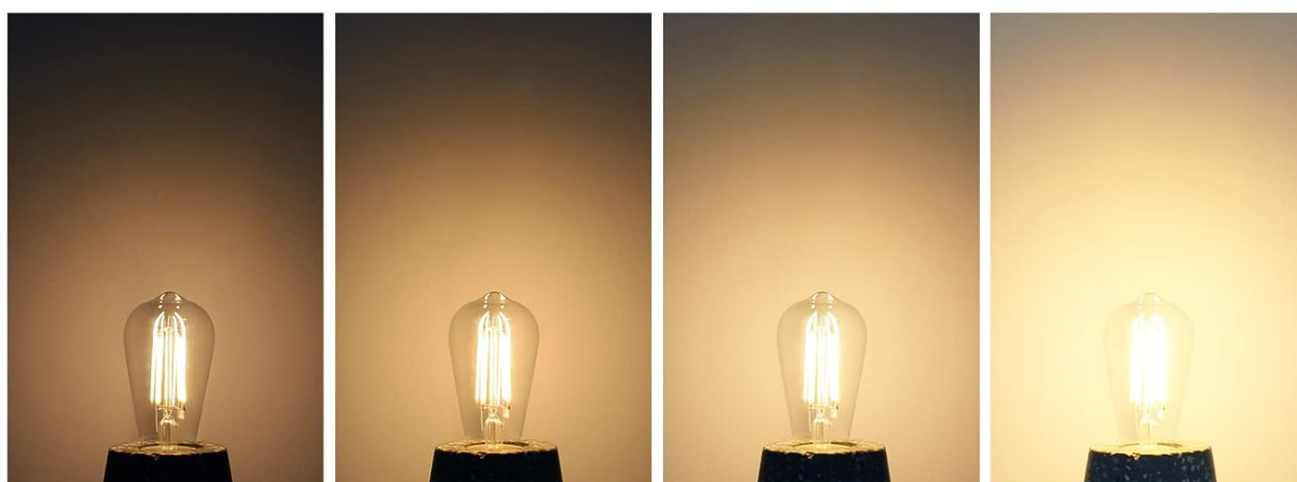

1. **Turn Off Power:** Before replacing any bulb, ensure the power to the light fixture is turned off at the circuit breaker or wall switch.
2. **Allow Cooling:** If replacing an old incandescent bulb, allow it to cool completely before touching to avoid burns.
3. **Unscrew Old Bulb:** Carefully unscrew the old bulb counter-clockwise from the socket.
4. **Screw in New Bulb:** Gently screw the Hizashi LED Edison bulb clockwise into the E26 socket until it is snug. Do not overtighten.
5. **Restore Power:** Turn the power back on at the circuit breaker or wall switch.

OPERATING INSTRUCTIONS

These Hizashi LED Edison bulbs are designed for simple operation and offer dimming capabilities.

- **Standard Operation:** Once installed, turn on the light switch to illuminate the bulbs.
- **Dimming Function:** These bulbs are fully dimmable from 10% to 100%. For optimal performance and to avoid flickering or buzzing, use them with LED-compatible dimmers. Adjust the dimmer switch to achieve your desired brightness level.

MAINTENANCE

Hizashi LED Edison bulbs are designed for long-lasting performance with minimal maintenance. Follow these guidelines to ensure their longevity:

- **Cleaning:** Ensure the power is off and the bulb is cool before cleaning. Wipe the bulb with a soft, dry cloth. Do not use liquid cleaners or abrasive materials, as they may damage the bulb's finish or internal components.
- **Replacement:** These bulbs have an average life of 25,000 hours. When replacement is necessary, follow the installation steps outlined in the "Setup and Installation" section.
- **Storage:** If storing unused bulbs, keep them in their original packaging in a cool, dry place to prevent damage.

TROUBLESHOOTING

If you encounter issues with your Hizashi LED Edison bulbs, refer to the following common problems and solutions:

Problem	Possible Cause	Solution
Bulb does not light up	No power to fixture; Loose connection; Faulty bulb	Check circuit breaker/switch; Tighten bulb in socket; Test bulb in another fixture or replace.
Bulb flickers or buzzes	Incompatible dimmer switch; Loose connection; Electrical interference	Ensure dimmer is LED-compatible; Tighten bulb; Consult an electrician for wiring issues.
Bulb does not dim properly	Incompatible dimmer switch; Dimmer not calibrated for LED	Replace with an LED-compatible dimmer; Adjust dimmer's calibration settings if available.
Light output is too low/high	Incorrect bulb wattage/lumen for application; Dimmer setting	Verify bulb specifications meet needs; Adjust dimmer to desired level.

SPECIFICATIONS

Detailed technical specifications for the Hizashi ST19 Dimmable LED Edison Bulbs:

Brand: Hizashi

Light Type: LED

Special Feature: 60 Watt Equivalent, 2700K Warm White, 700lm, 6W, 95+CRI, Dimmable, Energy Efficient, UL Listed, Vintage Style

Wattage: 6 Watts

Bulb Shape Size: ST19

Bulb Base: E26

Incandescent Equivalent Wattage: 60 Watts

Light Color: Warm White

Voltage: 120 Volts

Color Temperature: 2700 Kelvin

Brightness: 700 Lumen

Shape: Drop Point

Material: Aluminum, Glass

Indoor/Outdoor Usage: Indoor, Outdoor

Power Source: AC

Color Rendering Index (CRI): 95

Beam Angle: 360 Degrees

Average Life: 25000 Hours

Product Dimensions: 2.28"W x 5.3"H

Accepted Voltage Frequency: 100 to 120 Volts and 60 Hertz

Bulb Features: Dimmable

WARRANTY AND SUPPORT

Hizashi products are manufactured under strict quality guidelines. For warranty information or technical support, please

refer to the contact details provided with your purchase or visit the official Hizashi website. Please retain your proof of purchase for any warranty claims.
