HOFFREE N103-Max

HOFFREE N103-Max Gaming Chair User Manual

Model: N103-Max

1. INTRODUCTION

Thank you for choosing the HOFFREE N103-Max Gaming Chair. This ergonomic gaming chair is designed to provide comfort and an immersive experience with its integrated Bluetooth speakers, customizable RGB LED lighting, massage function, and retractable footrest. This manual provides essential information for assembly, operation, maintenance, and troubleshooting to ensure optimal use of your chair.

Image 1.1: HOFFREE N103-Max Gaming Chair (Purple+Black)

This image displays the HOFFREE N103-Max Gaming Chair in its purple and black color scheme, highlighting its ergonomic design, integrated RGB LED lighting along the edges, and the lumbar support pillow with massage function. Musical notes are depicted around the chair, indicating its Bluetooth speaker capability. The chair also features a headrest pillow and a retractable footrest.

2. SAFETY INFORMATION

Please read and understand all safety instructions before assembling and using the chair. Failure to follow these instructions may result in injury or damage to the product.

- Assembly required. Ensure all components are correctly installed before use.
- Do not exceed the weight capacity of 397 lbs (180 kg).
- Keep fingers and other body parts clear of moving parts when adjusting the chair's position, especially during recline and height adjustments.
- Always use the chair as intended. Avoid standing on the chair or using it as a step stool.
- Ensure the chair is placed on a stable, level surface.
- Keep children and pets away from the chair during assembly.

3. PACKAGE CONTENTS

Verify that all components are present and undamaged before beginning assembly. If any parts are missing or damaged, please contact customer support.

- Backrest
- Seat Base
- Armrests (2)
- Gas Lift Cylinder
- Five-Star Base
- Casters (5)
- Mechanism Plate
- Headrest Pillow
- Lumbar Support Pillow with Massage Function
- Retractable Footrest
- Hardware Kit (screws, washers, Allen wrench)
- RGB LED Remote Control
- Power Cable for RGB/Massage

4. ASSEMBLY INSTRUCTIONS

Follow these general steps to assemble your HOFFREE N103-Max Gaming Chair. Refer to the detailed assembly guide included in your package for specific diagrams and screw placements.

1. **Attach Casters to Base:** Insert the five casters into the holes on the five-star base until they click securely into place.
2. **Install Gas Lift:** Place the gas lift cylinder into the center hole of the five-star base.
3. **Attach Mechanism Plate:** Secure the mechanism plate to the underside of the seat base using the provided screws. Ensure the front of the mechanism faces the front of the seat.
4. **Connect Seat to Gas Lift:** Carefully place the assembled seat onto the gas lift cylinder.
5. **Attach Backrest:** Align the backrest with the seat base and secure it using the designated screws.
6. **Install Armrests:** Attach the armrests to the sides of the seat and backrest using the appropriate screws.
7. **Attach Footrest:** Install the retractable footrest mechanism to the underside of the seat.
8. **Position Pillows:** Attach the headrest pillow and lumbar support pillow to the chair using their straps.
9. **Connect Cables:** Connect the power cable for the RGB lights and massage function to a suitable USB power source (not included).

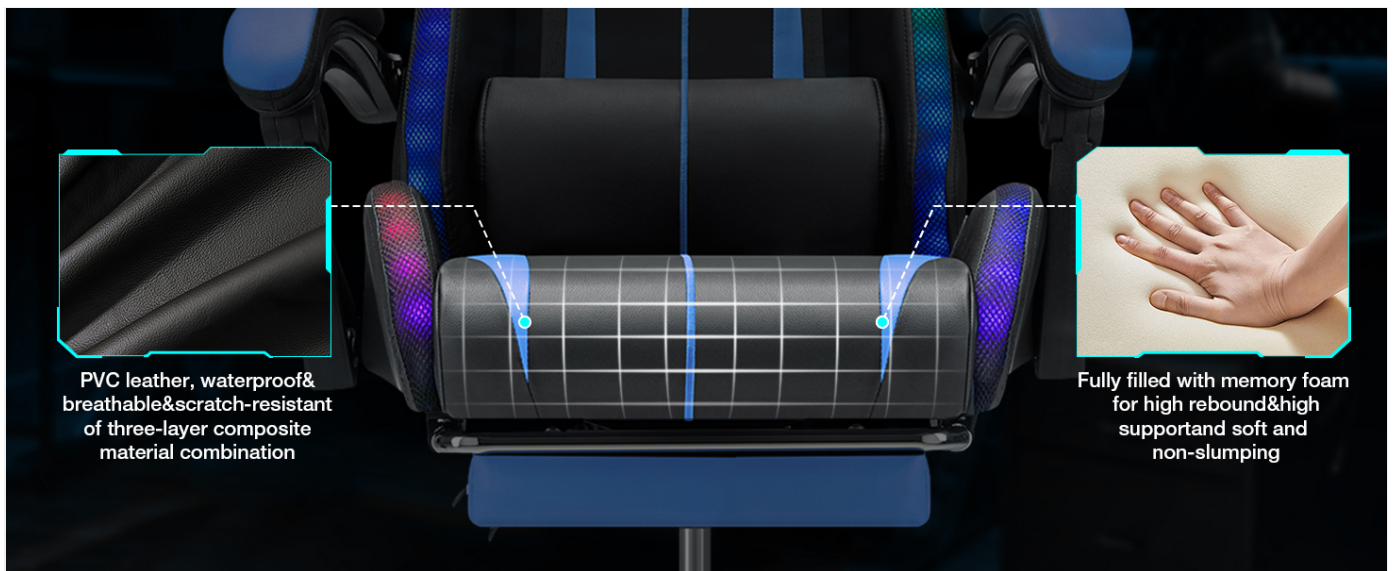

Image 4.1: Product Inner Design and Components

This image illustrates the internal construction of the HOFFREE gaming chair, highlighting key components such as the 3.5-inch shaped memory foam for comfort, the SGS certified gas lift for height adjustment, and the heavy-duty base designed to support weight up to 300 lbs. It provides a visual overview of the chair's robust build quality.

5. OPERATING INSTRUCTIONS

5.1 Chair Adjustments

- **Seat Height Adjustment:** Pull the lever located on the right side of the seat upwards to adjust the seat height. Release the lever at the desired height.
- **Backrest Recline:** Pull the lever on the left side of the seat upwards to recline the backrest. Lean back to the desired angle (90-135 degrees) and release the lever to lock it in place.
- **360-Degree Swivel:** The chair features a full 360-degree swivel for easy movement and access.
- **Retractable Footrest:** Pull the footrest out from under the seat when desired. Push it back in when not in use.

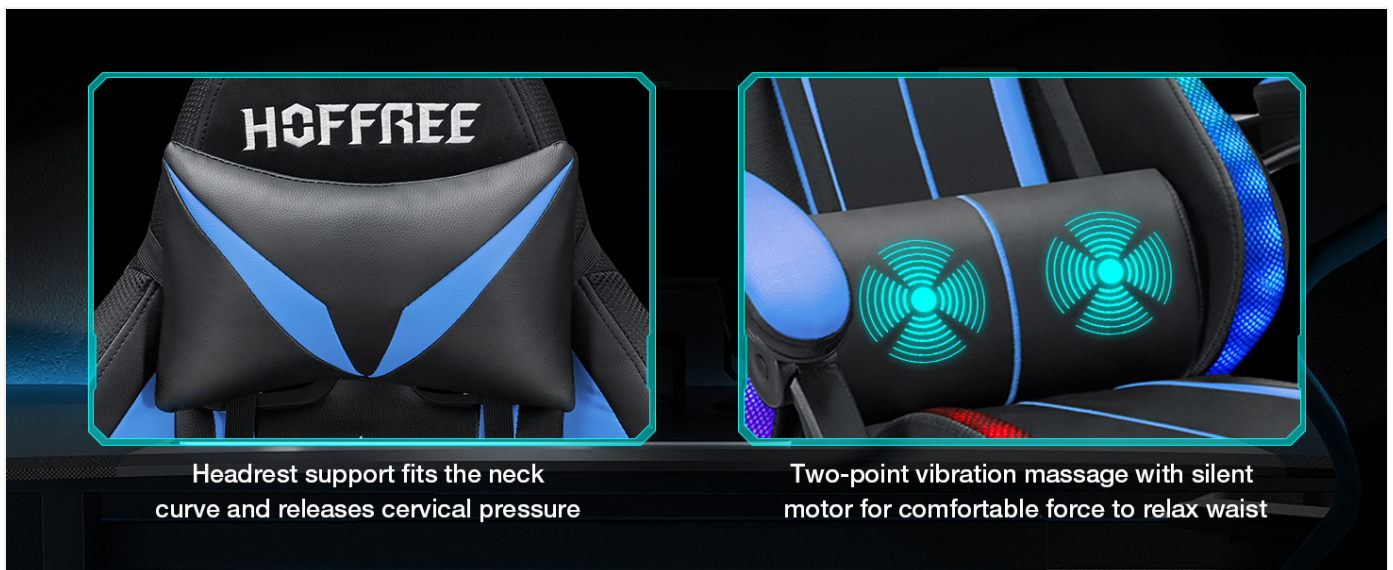

Image 5.1: Flexible Chair Adjustments

This image visually demonstrates the various adjustment capabilities of the HOFFREE gaming chair. It shows the backrest reclining from a 90-degree comfortable work mode to a 135-degree rest mode, with intermediate positions for reading and watching movies. Icons indicate the backrest tilt adjustment, 360-degree swivel, and seat height adjustment. The retractable footrest is also shown extended.

5.2 Bluetooth Speakers

The chair is equipped with dual Bluetooth 5.3 speakers for an immersive audio experience.

1. **Power On:** Ensure the chair's power cable is connected to a USB power source. The speakers will automatically enter pairing mode.
2. **Pairing:** On your device (smartphone, tablet, computer), enable Bluetooth and search for available devices. Select "HOFFREE Chair" (or similar name) from the list to pair.
3. **Audio Playback:** Once paired, audio from your device will play through the chair's speakers. Adjust volume directly from your connected device.

Image 5.2: Bluetooth 5.3 Speakers

This image provides an exploded view of the Bluetooth 5.3 speakers, illustrating their components and the concept of immersive audio enhancement. It highlights the advanced connectivity and faster data transfer speeds offered by Bluetooth 5.3, contributing to a superior gaming and music experience.

5.3 LED RGB Lights

The chair features customizable RGB LED lighting along its edges, controlled by a remote.

1. **Power On:** Ensure the chair's power cable is connected to a USB power source. The lights should illuminate.
2. **Using the Remote:** Use the provided remote control to turn the lights on/off, change colors (358 RGB color options), adjust brightness, and select various lighting modes (e.g., static, flashing, fading).

Image 5.3: Customizable RGB LED Lights

This image displays three HOFFFREE gaming chairs, each with different RGB LED lighting colors, illustrating the wide range of 358 customizable color options. The text emphasizes the ability to control these lights remotely, allowing users to match their gaming setup or mood.

5.4 Massage Function

The lumbar support pillow includes a two-point vibration massage function for relaxation.

1. **Activation:** Ensure the chair's power cable is connected to a USB power source. The massage function is typically controlled via a small switch or button on the lumbar pillow itself or an attached cable.
2. **Operation:** Press the button to cycle through massage modes or turn the function on/off.

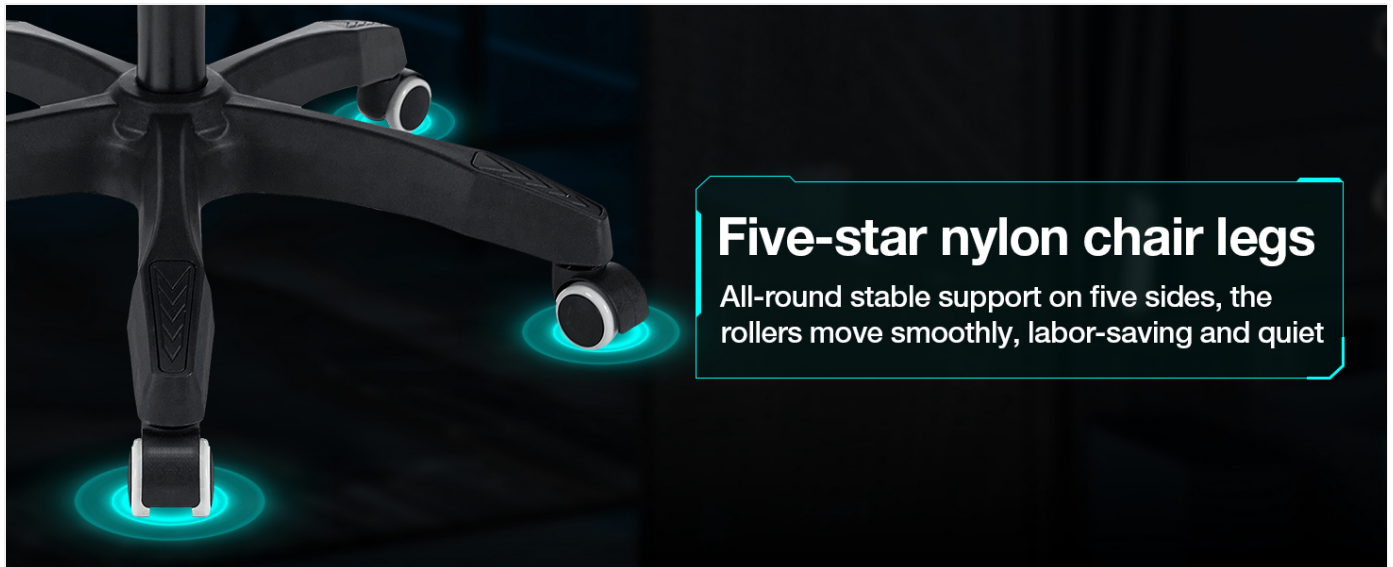

Image 5.4: Headrest and Massage Lumbar Support

This image provides a detailed view of the chair's headrest and lumbar support pillow. The headrest is designed to fit the neck curve and relieve cervical pressure. The lumbar pillow features two glowing points, indicating the two-point vibration massage function with a silent motor, intended to provide comfortable force for relaxation.

6. MAINTENANCE

Proper maintenance will extend the life and appearance of your gaming chair.

- **Cleaning:** Wipe the chair's surface with a soft, damp cloth. For stubborn stains, use a mild soap solution and wipe dry immediately. Avoid harsh chemicals or abrasive cleaners.
- **Casters:** Periodically check and clean the casters to ensure smooth movement. Remove any hair or debris that may accumulate.
- **Hardware:** Occasionally check all screws and bolts to ensure they are tight. Retighten if necessary to maintain stability.
- **Electronics:** Keep the Bluetooth speakers, RGB lights, and massage unit dry. Avoid exposing them to liquids.

7. TROUBLESHOOTING

If you encounter issues with your HOFFFREE N103-Max Gaming Chair, refer to the following common problems and solutions:

Problem	Possible Cause	Solution
Chair is wobbly or unstable	Loose screws; uneven floor	Check and tighten all assembly screws. Ensure the chair is on a flat surface.

Problem	Possible Cause	Solution
Gas lift not adjusting height	Lever not engaged; gas lift malfunction	Ensure the lever is fully pulled. If issue persists, contact support for gas lift replacement.
Bluetooth speakers not connecting	Not powered; not in pairing mode; device too far	Ensure chair is powered. Check device's Bluetooth settings. Move device closer to chair.
RGB lights not working	Not powered; remote battery low; remote not aimed	Ensure chair is powered. Replace remote battery. Aim remote directly at the receiver.
Massage function not working	Not powered; switch off	Ensure chair is powered. Check the massage unit's power switch.
Footrest difficult to extend/retract	Mechanism obstruction; lack of lubrication	Check for obstructions. Apply a small amount of silicone lubricant to the sliding parts if needed.
