

## RCA DISCO-204

# RCA Disco 204 Bluetooth Speaker User Manual

Model: DISCO-204

Brand: RCA

## 1. INTRODUCTION

The RCA Disco 204 Flame Effect Bluetooth Speaker is designed to deliver powerful audio and dynamic visual effects for an enhanced entertainment experience. This portable speaker features dual 4-inch woofers for rich sound, LED flame lights that synchronize with music, and multiple playback options including Bluetooth, USB, SD, and FM radio. Its portable design with a trolley handle and wheels ensures easy transport for both indoor and outdoor events.

### What's in the Box

- RCA Disco 204 Bluetooth Speaker
- Power cable
- Auxiliary cable

Image: Front view of the RCA Disco 204 Bluetooth Speaker, showcasing its dual woofers and vibrant, multi-colored LED flame effects. The speaker has a black casing with a central RCA logo.

## 2. SETUP GUIDE

---

### 2.1 Charging the Speaker

Before first use, fully charge the speaker. Connect the provided power cable to the speaker's charging port and plug the other end into a standard electrical outlet. The charging indicator light will illuminate. Once fully charged, the light may change color or turn off, depending on the model.

## 2.2 Powering On/Off

Locate the Power button on the control panel. Press and hold the Power button for a few seconds to turn the speaker ON. Repeat the action to turn the speaker OFF.

## 3. OPERATING INSTRUCTIONS

### 3.1 Control Panel Overview

Image: An angled view of the RCA Disco 204 speaker, accompanied by a graphic overlay of icons representing its various features: Disco Lights, Memory Devices input, Flame Effect Lights, Karaoke Mode, USB Port, Bluetooth Wireless, Mic Port, Aux Port, FM

Radio, Karaoke Function, Easy Portable, and High Fidelity Speaker.

Familiarize yourself with the control panel located on the top of the speaker. It includes buttons for power, mode selection, volume control, track navigation, and light effects.

### 3.2 Bluetooth Pairing

1. Turn on the speaker. It will automatically enter Bluetooth pairing mode, indicated by a flashing LED light.
2. On your mobile device, enable Bluetooth and search for available devices.
3. Select "RCA DISCO 204" from the list.
4. Once paired, the speaker will emit a confirmation sound, and the LED light will stop flashing.

You can now stream audio wirelessly from your device to the speaker.

### 3.3 USB/SD Card Playback

Insert a USB flash drive or an SD card (with pre-loaded MP3 audio files) into the respective port on the speaker. The speaker will automatically switch to USB/SD mode and begin playing music. Use the control buttons to navigate tracks or adjust volume.

### 3.4 FM Radio

Press the "Mode" button to switch to FM Radio mode. Use the scan button to automatically search and save available radio stations. Use the track navigation buttons to switch between saved stations.

### 3.5 Microphone Use (Karaoke Function)

Connect a microphone (not included) to the microphone input jack. Adjust the microphone volume, treble, bass, and echo controls on the speaker's control panel for a customized karaoke experience.

### 3.6 LED Light Modes

The RCA Disco 204 features dynamic LED flame lights that enhance the party atmosphere. Press the dedicated light mode button to cycle through various light effects, including:

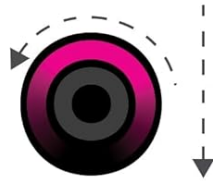

- **Multicolor Gradation:** Lights flow with the rhythm of the music, creating a wave-like effect.
- **Sound Responsive:** Shades of colors change and react to the music or your voice.
- **Reactive Color Show:** Vivid colors run through the speaker and change slowly, with rotating ring colors.

**Multicolor Gradation**

To the rhythm of the music,  
Multicolored waves they go  
Back and forth to the bottom  
Through the rings swivels.

**Sound Responsive**

The shades of colors  
Go up and down repeatedly  
Mind to the rhythm of music  
Or your voice.

**Reactive Color Show**

Vivid colors run through  
The speaker and change  
To the rhythm of music,  
While roating ring colors  
They move slowly.

## TWS Lumina Beat

### TRUE WIRELESS PARTY SPEAKER

The Lumina Beat is a Unique wireless speaker unlike any other you've seen. Featuring a rainbow of pulsing LED lights to tower speaker easily connects to your Smartphone, or gives you the option to switch to the radio, a wired device's playlist, or TF card for never-ending audio options. With a Convenient finger loop Holder, carrying the fun is easier and lighter Than ever.

Image: The RCA Disco 204 speaker highlighted with the branding "TWS Lumina Beat" and icons indicating "7 Vibrant Light Modes" and "LED Color Flame Effect," emphasizing its visual features.

### 3.7 True Wireless Stereo (TWS) Function

The TWS function allows you to connect two RCA Disco 204 speakers wirelessly for a true stereo sound experience. To activate TWS:

1. Ensure both speakers are powered on and not connected to any Bluetooth device.
2. On one speaker (this will be the primary speaker), press and hold the TWS button (if available, or a designated pairing button) until you hear a confirmation sound.
3. The two speakers will automatically pair with each other.
4. Once paired, connect your mobile device to the primary speaker via Bluetooth as described in section 3.2.

## CONNECT 2 AT ONES

connect two speakers at the same time, synchronized from your smartphone or tablet and make your party unforgettable

Image: Two RCA Disco 204 speakers positioned to show their wireless connection capability, with a smartphone in the foreground demonstrating music being played, highlighting the True Wireless Stereo (TWS) feature.

## 4. MAINTENANCE

### 4.1 Cleaning

Wipe the speaker's exterior with a soft, dry cloth. Do not use abrasive cleaners, waxes, or solvents as they may damage the finish. Avoid getting moisture into any openings.

### 4.2 Storage

When not in use for extended periods, store the speaker in a cool, dry place away from direct sunlight and extreme temperatures. Ensure the battery is partially charged before storage to maintain battery health.

## 5. TROUBLESHOOTING

Problem	Possible Cause	Solution
No power	Battery is drained; Power cable not connected properly.	Charge the speaker fully; Ensure power cable is securely connected.
No sound	Volume too low; Incorrect input mode; Device not connected.	Increase volume on speaker and connected device; Select correct input mode (Bluetooth, USB, SD, FM); Ensure device is properly paired/connected.
Bluetooth pairing fails	Speaker not in pairing mode; Device too far; Interference.	Ensure speaker is in pairing mode; Move device closer to speaker; Turn off other Bluetooth devices nearby.
FM radio static	Weak signal; Antenna not extended.	Relocate speaker for better reception; Extend the antenna fully.
