Hikiddo BD992

Hikiddo Licensed Ford Shelby F-150 12V Kids Ride-On Truck Instruction Manual

Model: BD992

Brand: Hikiddo

INTRODUCTION

This manual provides essential information for the safe and proper assembly, operation, and maintenance of your new Hikiddo Licensed Ford Shelby F-150 12V Kids Ride-On Truck. Please read all instructions carefully before use and retain this manual for future reference.

SAFETY INFORMATION

Your child's safety is paramount. This ride-on truck is designed with safety features to ensure a secure play experience. Always supervise children during operation.

- **Age Range:** Suitable for children aged 3-6 years.
- **Weight Capacity:** Maximum load capacity is 66 lbs.
- **Seatbelt:** Always ensure the 3-point seatbelt is securely fastened before operation.
- **Parental Remote Control:** For younger children or added safety, parents can control the vehicle using the included 2.4G remote control.
- **Supervision:** Adult supervision is required at all times.
- **Terrain:** Operate on flat, dry surfaces. Avoid steep inclines, uneven terrain, or public roads.

SETUP

Follow these steps for initial assembly and preparation of your ride-on truck.

Unboxing and Component Check

Carefully remove all components from the packaging. Verify that all parts listed in the packing list are present and undamaged.

Battery Connection and Initial Charge

Before first use, ensure the battery is fully charged. Connect the battery terminals as shown in the manual. The 12V 7Ah rechargeable battery provides up to 120 minutes of run time.

Hikiddo offers a wide variety of safe and exciting ride-on toys for kids. Our goal is to stimulate kids' imaginations and encourage outdoor play, and we hope that our products will create wonderful family memories and endless fun for you and your children.

Hikiddo's philosophy is technology, fun, and companionship.

OPERATING INSTRUCTIONS

Familiarize yourself with the controls and features for an enjoyable and safe driving experience.

Power On/Off

Locate the power button on the dashboard. Press to turn the vehicle on or off.

Driving Modes

- **Manual Operation:** Children can drive the truck using the foot pedal and steering wheel.
- **Parental Remote Control:** Parents can override manual control using the 2.4G remote to guide the vehicle, adjust speed, and ensure safety.

Image: A child in the red ride-on truck, with a parent's hands holding the remote control in the foreground, indicating parental control functionality and a 120-minute drive time.

Speed Settings

The vehicle features multiple speed settings, adjustable via the remote control or dashboard, to match your child's skill level and ensure a safe ride.

Interactive Features

- **LED Headlights:** Turn on the realistic LED headlights for enhanced visibility and play.
- **Horn:** Use the functional horn on the steering wheel.
- **Bluetooth Connectivity:** Connect your device via Bluetooth to play music through the truck's speakers.
- **Storage Trunk:** The truck includes a small storage area for toys or snacks.

Bluetooth Connection

Video: This video showcases the Ford Shelby F-150 Kids Ride-On Truck in action, highlighting its features and how it sparks children's imagination during playtime.

MAINTENANCE

Proper maintenance ensures the longevity and safe operation of your ride-on truck.

Battery Charging

Charge the 12V 7Ah battery after each use. The charging port is typically located under the seat or on the dashboard. Refer to the manual for exact location and charging time. Do not overcharge the battery.

Cleaning

Wipe the vehicle with a damp cloth. Avoid using harsh chemicals or abrasive cleaners that could damage the finish. Do not spray water directly onto electrical components.

Storage

Store the vehicle in a dry, cool place away from direct sunlight and moisture. If storing for extended periods, ensure the battery is fully charged and disconnect it if recommended by the manufacturer.

TROUBLESHOOTING

If you encounter any issues, refer to this section for common problems and solutions.

- **Vehicle Not Moving:** Check battery connection, ensure battery is charged, and verify power switch is on.
- **Remote Control Not Working:** Ensure batteries in the remote are fresh and correctly inserted. Re-pair the remote with the vehicle if necessary (refer to manual).
- **Reduced Power/Speed:** Battery may be low or nearing the end of its lifespan. Ensure it's fully charged.
