## 5. OPERATING INSTRUCTIONS

### 5.1 Basic Earbud Controls

The earbuds feature touch controls for various functions:

- **Play/Pause:** Single tap on either earbud.
- **Next Track:** Double tap on the right earbud.
- **Previous Track:** Double tap on the left earbud.
- **Answer/End Call:** Single tap on either earbud.
- **Reject Call:** Long press on either earbud.
- **Activate Voice Assistant:** Triple tap on either earbud (if supported by your device).

### 5.2 Translation Modes

The Bewinner Translator Earbuds offer three primary translation modes via the companion app:

### 1. Touch Mode:

This mode is for real-time, face-to-face conversations. Each person wears one earbud. When you speak, touch your earbud to activate translation. The translated speech will be played through the other person's earbud. This mode allows for natural, turn-based communication.

### 2. External Speaker Mode:

Ideal for situations where sharing earbuds is not practical. One person wears an earbud, and the other person speaks into the smartphone's microphone. The translation is then played through the smartphone's speaker, or vice-versa. This facilitates communication with a group or in public settings.

### 3. Talk Freely Mode:

This mode enables simultaneous real-time translation. Both individuals wear an earbud. The system automatically detects and translates speech from both parties, allowing for a more fluid conversation without manual activation. Ensure clear speech for optimal performance.

To use any translation mode, open the Bewinner translation app, select the desired mode, and configure the source and target languages. The earbuds support 133 languages with high accuracy.

## 6. MAINTENANCE

Proper maintenance ensures the longevity and performance of your earbuds.

- Cleaning:** Use the provided cleaning brush or a soft, dry cloth to gently clean the earbuds and charging case. Avoid using liquids or abrasive cleaners.
- Ear Tips:** Regularly remove and clean the ear tips. Replace them if they become worn or damaged to maintain sound quality and comfort.
- Storage:** When not in use, store the earbuds in their charging case to protect them from dust and damage.
- Water Resistance:** The earbuds are water-resistant, but not waterproof. Avoid submerging them in water or exposing them to heavy rain. Dry them thoroughly if they get wet.
