

Edifier A6

Edifier A6 Open-Ear Headphones User Manual

MODEL: A6

Brand: Edifier

1. INTRODUCTION

Thank you for choosing the Edifier A6 Open-Ear Headphones. These wireless earbuds are designed to provide a comfortable listening experience with high-fidelity audio, clear calls, and robust connectivity. This manual will guide you through the setup, operation, and maintenance of your new headphones.

2. PACKAGE CONTENTS

- Edifier A6 Open-Ear Earbuds (Left and Right)
- Charging Case
- Type-C Charging Cable
- User Manual (this document)

Image: Edifier A6 Open-Ear Headphones and their charging case, showcasing the product's primary components.

3. PRODUCT FEATURES

- **Premium Sound Quality:** Equipped with 14.2mm customized dynamic drivers, supporting LDAC Hi-Res Audio Wireless, AAC, and SBC codecs for rich, detailed sound.
- **AI Call Noise Cancellation:** Each earphone features 2 built-in microphones and advanced AI noise-cancellation technology for clear hands-free calls.
- **Long Battery Life:** Up to 10 hours of playtime on a single charge, extended to 40 hours with the charging case, and supports fast charging.
- **Multipoint Connection & Bluetooth 5.4:** Seamlessly switch between two connected devices simultaneously with the latest Bluetooth V5.4 for stable and fast transmission.
- **Comfortable Open-Ear Design:** Secure and comfortable fit for extended listening, featuring rotatable ear hooks for customized adjustment (up to 40 degrees rotation).
- **IP55 Dust and Water Resistant:** Durable design ensures reliable performance in various environments.
- **EDIFIER ConneX App:** Personalize control settings, customize EQ, find your earbuds, and access more

functions via the dedicated mobile application.

Secure Fit, Boundless Sound

Long-Lasting Power

15 [⚡]mins = **3** [🔋]hrs

10 ^{Playtime}hrs

40 ^{With case}hrs

Image: The Edifier A6 charging case connected to a USB-C cable, with text indicating 15 minutes of charge provides 3 hours of playtime, 10 hours playtime for earbuds, and 40 hours total with the case.

IP55

Dust and Water Resistant

Image: A woman wearing the Edifier A6 headphones, with an icon indicating IP55 dust and water resistance, suggesting suitability for active use.

4. SETUP

4.1 Initial Charging

Before first use, fully charge the Edifier A6 headphones and their charging case. Connect the provided Type-C charging cable to the charging port on the case and a USB power source. The indicator light on the case will show charging status.

4.2 Bluetooth Pairing

1. Ensure the earbuds are in the charging case and the case lid is open.
2. On your device (smartphone, laptop, etc.), enable Bluetooth.
3. Search for "EDIFIER A6" in the list of available Bluetooth devices and select it to connect.
4. Once connected, you will hear an audible confirmation.

Multipoint Connection: The Edifier A6 supports connecting to two devices simultaneously. After connecting to the first device, disable Bluetooth on that device. Then, connect the headphones to the second device. Re-enable Bluetooth on the first device, and the headphones will automatically connect to both. You can then effortlessly switch audio sources between the two paired devices.

Your browser does not support the video tag.

Video: An official product video demonstrating the setup, pairing, and key features of the Edifier A6 Open-Ear Headphones, including stable Bluetooth 5.4 connectivity and multipoint pairing.

Image: The Edifier A6 headphones and charging case positioned between a smartphone and a laptop, illustrating the multipoint pairing capability for seamless switching between devices.

4.3 EDIFIER ConneX App Installation

For enhanced functionality and customization, download the "EDIFIER ConneX" app from your device's app store (Google Play Store for Android, Apple App Store for iOS). Once installed, open the app and follow the on-screen instructions to connect your Edifier A6 headphones.

EDIFIER ConneX App

5. OPERATING INSTRUCTIONS

5.1 Wearing the Earbuds

Gently place the ear hook over your ear, ensuring the earbud speaker is positioned comfortably near your ear canal. The ear hooks are rotatable up to 40 degrees to provide a customized and secure fit for different ear shapes and sizes.

Adjustable Fit, Open-ear Comfort

Image: A visual guide demonstrating the left and right Edifier A6 earbuds and their adjustable ear hooks, highlighting the 40-degree rotation feature for a comfortable and secure open-ear fit.

5.2 Touch Controls

The Edifier A6 headphones feature intuitive touch controls on each earbud. Refer to the table below for common operations:

Function	Action
Answer/End a Call	Double tap either earbud
Reject a Call	Triple tap either earbud
Pause/Play Music	Double tap either earbud
Next Track	Triple tap right earbud
Previous Track	Triple tap left earbud

Function	Action
Volume Up	Press and hold right earbud
Volume Down	Press and hold left earbud

5.3 Sound Modes (via EDIFIER ConneX App)

The EDIFIER ConneX App allows you to customize your listening experience with various sound modes and EQ settings. Explore options such as:

- **Music Mode:** Optimized for general music listening.
- **Game Mode:** Reduces audio latency for a more synchronized gaming experience.
- **Sports Mode:** Enhances certain frequencies for outdoor activities.
- **Spatial Sound:** Provides an immersive, three-dimensional audio experience.

6. MAINTENANCE

6.1 Cleaning

Regularly clean your Edifier A6 headphones and charging case with a soft, dry, lint-free cloth. Do not use abrasive cleaners, alcohol, or chemical solvents. Keep the charging contacts on both the earbuds and the case free from dust and debris.

6.2 Storage

When not in use, store the earbuds in their charging case to protect them and ensure they remain charged. For long-term storage, charge the earbuds and case fully at least once every three months to preserve battery health.

6.3 Water and Dust Resistance (IP55)

The Edifier A6 headphones are rated IP55 for dust and water resistance. This means they are protected against limited dust ingress and low-pressure water jets from any direction. While they can withstand sweat and light rain, they are not designed for submersion in water. Ensure the earbuds are dry before placing them back into the charging case to prevent damage.

7. TROUBLESHOOTING

Problem	Possible Cause	Solution
No sound from earbuds	Earbuds not paired; low battery; volume too low.	Ensure earbuds are paired correctly. Charge earbuds and case. Increase device volume.
Cannot pair with device	Bluetooth off; earbuds not in pairing mode; interference.	Ensure Bluetooth is on. Place earbuds in case, open lid to enter pairing mode. Move away from other wireless devices.
One earbud has no sound	Earbuds not properly connected to each other.	Place both earbuds back into the charging case, close the lid, wait a few seconds, then open the lid again. This should re-sync them.
Charging case not charging	Cable issue; power source issue.	Try a different USB-C cable or power adapter. Ensure connections are secure.
App not connecting to earbuds	Bluetooth not enabled; app permissions.	Ensure Bluetooth is enabled and earbuds are connected to your phone. Check app permissions in your phone settings.

8. SPECIFICATIONS

- Modalità del suono ambientale
- Modalità di cancellazione del rumore
- Modalità standard
- Modalità gioco: doppia pressione
- Accoppiamento Bluetooth: tenere premuto per 3 secondi

La luce rossa lampeggia anziché quella blu.
• Gli auricolari hanno un livello di carica bassa della batteria, ricaricare gli cuffie.

Nessuna emissione audio

- Verificare se gli cuffie sono funzionanti.
- Verificare se il volume degli cuffie è a un livello udibile.
- Verificare che gli cuffie siano collegati correttamente al telefono cellulare.
- Verificare se gli cuffie sono posizionati entro un raggio d'azione standard.

L'effetto chiamata degli cuffie non funziona.

- Verificare se il telefono cellulare si trova in un'area coperta da una portata di segnale sufficiente.
- Accertarsi che gli cuffie siano a distanza utile (10 m) e che non vi siano ostacoli tra gli cuffie e il telefono cellulare.

Quando si riproduce un brano musicale, non è possibile gestire le modalità pausa, riproduzione, traccia precedente/ successiva tramite il controller degli asincroni.

- Assicurarsi che il dispositivo accetti supporti il profilo HiFi/HiFi+ via Remote Control Profile (profilo telecomando audio video).

- I prodotti che contengono batteri al vivo devono essere coltivati una volta ogni 3 mesi se il prodotto non viene utilizzato per lungo tempo.
- Conservare il prodotto al riparo da umidità, umidità per evitare di danneggiarlo.

- Il prodotto che causa guasti ripetitivi di lunga durata deve essere sostituito (una volta ogni 3 mesi) se il prodotto non viene utilizzato per lungo tempo.
- Conservare il prodotto al riparo da umidità umida per evitare di danneggiare la circuitria interna.
- Non usare il prodotto in luoghi esposti a inquinamento interno diretto (ad esempio, in presenza di aerosol di vernice). La contaminazione elevata riduce la durata dei componenti elettronici, danneggia la batteria e deforma i cavi e i componenti in plastica.
- Non lasciare il prodotto in ambienti freddi al fine di evitare di danneggiare la scheda della circuitria interna.
- Non usare il prodotto in ambienti dove il prodotto subisce danni gravi o moltiplicati da persone non specializzate.
- Non far cadere, scioccare energicamente, colpire il prodotto con oggetti duri al fine di evitare di danneggiare la circuitria interna.
- Non usare il prodotto in presenza di agenti inquinanti che aggraveranno il problema.
- Non utilizzare oggetti appuntiti per graffiare la superficie del prodotto al fine di evitare di danneggiare il rivestimento e compromettere l'aspetto estetico.
