GOBOULT Mirage

GOBOULT Mirage Smart Watch User Manual

Model: Mirage

INTRODUCTION

This manual provides detailed instructions for the GOBOULT Mirage Smart Watch. Please read this guide thoroughly to ensure proper setup, operation, and maintenance of your device. This smartwatch features a 1.39-inch HD display, Bluetooth calling, comprehensive health monitoring, and various sports modes.

WHAT'S IN THE BOX

- GOBOULT Mirage Smart Watch
- Charging Cable
- User Manual
- Warranty Card

SETUP

1. Charging the Device

Before initial use, fully charge your GOBOULT Mirage Smart Watch. Connect the provided charging cable to the charging port on the back of the watch and to a standard USB power adapter (not included). The watch typically charges within 120 minutes.

2. Pairing with Your Smartphone

1. Download the official GOBOULT companion app from your smartphone's app store (available for iOS and Android).
2. Ensure Bluetooth is enabled on your smartphone.
3. Open the app and follow the on-screen instructions to search for and connect to your GOBOULT Mirage Smart Watch.
4. Confirm the pairing request on both your watch and smartphone.

Find my Phone

- Go to the watch menu
- Select the "Find Phone" option
- The connected phone will ring/vibrate

OPERATING INSTRUCTIONS

1. Display and Navigation

The GOBOULT Mirage features a 1.39-inch HD display with 360x360 pixels resolution and 500 nits peak brightness for clear visibility. Navigate the watch interface using touch gestures and the digital crown.

- **Digital Crown:** Press to power on/off, switch UIs, and navigate menus. Rotate to scroll through options.
- **Side Buttons:** Use for quick access to specific functions, such as launching sports modes.

2. Bluetooth Calling

With the built-in speaker and microphone, you can make and receive calls directly from your wrist once paired with your smartphone via Bluetooth 5.3.

- To answer a call, tap the green icon on the watch screen.
- To reject a call, tap the red icon.
- To make a call, access the dial pad or contacts through the watch menu.

7. AI Voice Assistant

Access an intelligent AI voice assistant for hands-free control. Long press the designated button or use the voice assistant icon on the screen to activate.

8. Find My Phone

If you misplace your connected smartphone, use the 'Find My Phone' feature on your watch:

1. Go to the watch menu.
2. Select the "Find Phone" option.
3. The connected phone will ring or vibrate, helping you locate it.

MAINTENANCE

1. Cleaning

- Wipe the watch screen and body with a soft, dry cloth.
- For stubborn dirt, use a slightly damp cloth and immediately dry the watch.
- Avoid using harsh chemicals or abrasive materials, as these can damage the finish.

2. Water Resistance Guidelines

- The IP67 rating means the watch is protected from dust and can withstand immersion in water up to 1 meter for 30 minutes.
- Do not use the watch for swimming, showering with hot water, or diving.
- Avoid exposing the watch to high-pressure water or steam.
- If the watch gets wet, dry it thoroughly before charging or using any buttons.

TROUBLESHOOTING

- **Watch not turning on:** Ensure the watch is fully charged. Connect it to the charger for at least 30 minutes.
- **Cannot pair with phone:** Make sure Bluetooth is enabled on your phone and the watch is within range. Restart both devices and try pairing again.
- **Inaccurate health data:** Ensure the watch is worn snugly on your wrist, not too tight or too loose. Clean the sensors regularly.
- **Short battery life:** Reduce screen brightness, disable unnecessary notifications, and limit continuous heart rate monitoring if not needed.
- **Display issues:** Restart the watch. If the problem persists, contact customer support.
