## TIQLAB B0F1N1P7KX

# TIQLAB 55x24 Inch Electric Standing Desk with Two Drawers - Instruction Manual

Model: B0F1N1P7KX

## INTRODUCTION

---

Thank you for choosing the TIQLAB Electric Standing Desk. This manual provides essential information for the safe assembly, operation, and maintenance of your new desk. Please read all instructions carefully before use and retain this manual for future reference.

## SAFETY INFORMATION

---

### **WARNING:**

Always follow the assembly instructions carefully. Do not attempt to lift or move the desk when it is in motion. Keep the work area clear of obstructions. Do not exceed the weight limit of 220 lbs. Always ensure the desk is properly anchored to the floor to prevent tipping.

## PACKAGE CONTENTS

---

Before beginning assembly, verify that all parts listed below are present. If any parts are missing or damaged, please contact customer support.

- Desk tabletop (55x24 inch, Black)
- Desk frame components (legs, crossbar)
- Two drawers with storage shelf
- Electric motor and control panel
- Power adapter
- Assembly hardware (screws, bolts, specialized L-shaped allen wrench)
- Adjustable foot pads (x4)
- Desk hooks (x2)
- Instruction manual

## SETUP AND ASSEMBLY

Assembly is designed to be straightforward, typically taking approximately 45 minutes. A step-by-step instruction manual and all necessary tools are included.

1. **Unpack Components:** Carefully remove all parts from the packaging. Place them on a clean, flat surface to ensure easy access and prevent damage.
2. **Assemble Desk Frame:** Follow the detailed diagrams in the included instruction manual to connect the desk legs and crossbar using the provided hardware. Ensure all connections are secure.
3. **Attach Tabletop:** Secure the tabletop to the assembled frame.
4. **Install Drawers and Shelf:** Mount the two drawers and the integrated storage shelf according to the instructions.
5. **Connect Electrical Components:** Attach the electric motor and control panel. Connect the power adapter.
6. **Attach Accessories:** Install the adjustable foot pads and desk hooks as desired.

## OPERATING INSTRUCTIONS

Your TIQLAB Electric Standing Desk features an intuitive control panel for height adjustment and memory settings.

### Height Adjustment

- **Raise Desk:** Press the "Up" arrow button on the control panel to raise the desk.
- **Lower Desk:** Press the "Down" arrow button to lower the desk.
- The desk adjusts smoothly and quickly between 28.3 inches and 47.2 inches.

### Memory Presets

The multifunctional controller allows you to save preferred sitting and standing heights.

- **Set a Preset:** Adjust the desk to your desired height. Press the "M" button, then press one of the numbered preset buttons (e.g., "1", "2", "3") to save the current height.
- **Recall a Preset:** Simply press the corresponding numbered preset button to automatically move the desk to your saved height.

## Anti-Collision Technology

The desk is equipped with anti-collision technology to prevent damage. If the desk encounters an obstruction during adjustment, it will automatically stop and reverse slightly.

## MAINTENANCE

To ensure the longevity and optimal performance of your TIQLAB Standing Desk, follow these maintenance guidelines:

- **Regular Cleaning:** Wipe the desk surface and frame with a soft, damp cloth. Avoid abrasive cleaners or harsh chemicals.
- **Check Connections:** Periodically inspect all screws and bolts to ensure they are tight. Retighten if necessary.
- **Cable Management:** Keep cables organized and free from entanglement to prevent damage to the motor or power supply.
- **Weight Limit:** Do not exceed the maximum weight capacity of 220 lbs to prevent strain on the motor and frame.

## TROUBLESHOOTING

If you encounter any issues with your desk, refer to the following common solutions:

Problem	Possible Cause	Solution
Desk not moving	Power cable disconnected; Overload; Motor error	Check power connections; Reduce weight on desk; Reset the system (refer to manual for specific steps).
Uneven movement	Uneven load; Loose connections	Distribute weight evenly; Tighten all assembly screws.
Noise during operation	Normal operation; Loose components	A slight motor sound is normal (below 50dB). Check for any loose parts and tighten them.
Anti-collision activated frequently	Obstructions in path	Ensure clear path for desk movement.

If the problem persists, please contact TIQLAB customer support.

## SPECIFICATIONS

- **Brand:** TIQLAB
- **Model:** B0F1N1P7KX
- **Desk Design:** Credenza Desk
- **Product Dimensions:** 24"D x 55"W x 29"H (adjustable height)
- **Adjustable Height Range:** 28.3" to 47.2"
- **Color:** Black
- **Style:** Modern
- **Top Material Type:** Engineered Wood
- **Base Material:** Engineered Wood
- **Finish Type:** Metal
- **Special Feature:** Electric height adjustment
- **Recommended Uses:** Office, Gaming
- **Maximum Load Capacity:** 220 lbs
- **Lift Speed:** 25mm/s
- **Noise Level:** Less than 50dB
- **Storage Options:** Two Drawers
- **Assembly Required:** Yes
