4. SETUP

4.1 Power Connection

1. Connect the provided power adapter to the DC port on the back of the frame.
2. Plug the power adapter into a wall outlet. The frame will automatically power on.

4.2 Initial Setup and Wi-Fi Connection

Upon first power-on, the frame will guide you through the initial setup process:

1. Select your preferred language.
2. Connect to a Wi-Fi network. The frame will scan for available networks. Select your network and enter the password.
3. Follow the on-screen instructions to complete the basic settings.

4.3 Mounting Options

The frame can be placed on a flat surface using the included stand or mounted on a wall. The frame supports both portrait and landscape orientations, with automatic rotation of displayed content.

5. OPERATING INSTRUCTIONS

5.1 Using the Frameo App

The Frameo app is essential for sending photos and videos to your digital photo frame. It is available for both Android and iOS devices.

1. **Download the App:** Search for "Frameo" in the Google Play Store or Apple App Store and install it on your smartphone or tablet.
2. **Create an Account:** Open the app and follow the instructions to create your Frameo account.
3. **Connect to your Frame:** In the app, you will be prompted to connect to a new frame. Enter the unique code displayed on your digital photo frame.
4. **Send Photos and Videos:** Once connected, you can select photos and videos from your device's gallery and send them directly to the frame. You can send up to 10 photos and 15-second video clips at once.
5. **Add Captions:** Before sending, you can add captions to your photos and videos.
6. **Multi-User Connection:** Invite friends and family to send photos to your frame by sharing your frame's unique code with them. They will need to download the Frameo app and connect using the

code.

Partagez vos moments instantanément

Envoyez vos photos et vidéos préférées depuis votre smartphone vers votre cadre photo numérique Wi-Fi grâce à l'application gratuite FRAMEO

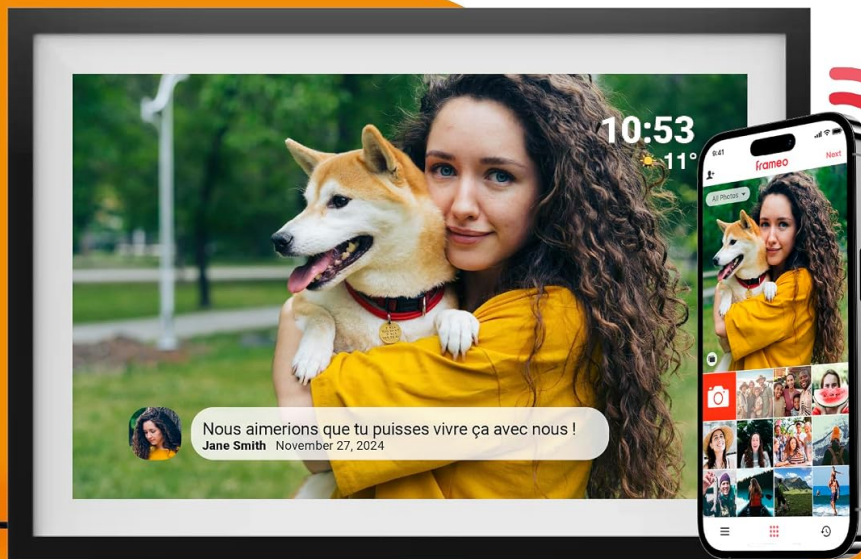

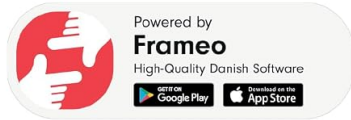

– la façon idéale de rester proche de ceux que vous aimez

Image 5.2: Multiple users can connect to and share photos with the frame.

5.2 Touchscreen Operation

The frame features an intuitive touchscreen interface. Tap, swipe, and pinch to navigate menus, view photos, and adjust settings.

5.3 Automatic Rotation

The frame automatically detects its orientation (portrait or landscape) and adjusts the display of photos and videos accordingly.

5.4 Storage

The frame comes with 16GB of internal storage, sufficient for thousands of photos. It also includes a MicroSD card slot for easy backup of your content.

Mémoire intégrée de 16 Go

Enregistrez des milliers de photos directement sur le cadre

Envoyez jusqu'à 10 photos et des clips vidéo de 15 secondes en une fois

Ajoutez une carte micro SD pour charger plus de photos et de vidéos plus longues

Image 5.3: The frame offers 16GB internal storage and MicroSD card support.

5.5 Reactions Feature

When someone sends you a photo or video, you can send a reaction (like, laugh, surprised, sad) directly from the frame back to the sender via the Frameo app.

Fonction réactions

Vous fait sentir connecté,
même lorsque vous êtes
à des kilomètres de distance

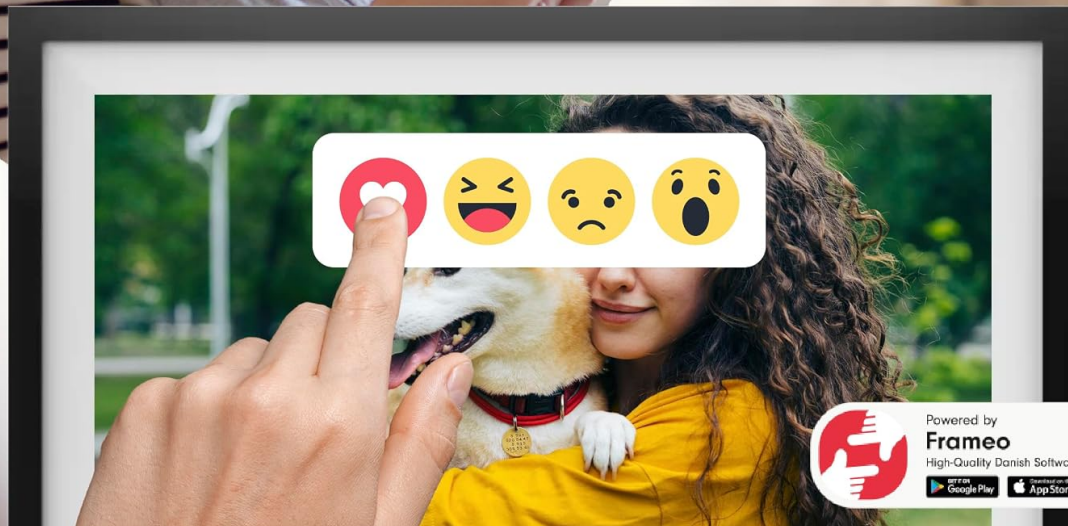

Image 5.4: Sending reactions to shared photos and videos.

5.6 Creating Albums

Organize your photos and videos into albums directly on the frame for a personalized viewing experience.

Image 5.5: Organize your memories into custom albums on the frame.

6. MAINTENANCE

6.1 Cleaning

- To clean the screen, gently wipe it with a soft, lint-free cloth. Do not use abrasive cleaners or sprays directly on the screen.
- To clean the frame, use a soft, dry cloth.

6.2 Software Updates

The frame receives continuous software updates via Wi-Fi to improve functionality and add new features. Ensure your frame is connected to Wi-Fi to receive these updates automatically.

Image 6.1: The frame automatically downloads and installs software updates.

7. TROUBLESHOOTING

- **Frame not turning on:** Ensure the power adapter is securely connected to both the frame and a working power outlet.
- **Touchscreen not responding:** Try restarting the frame by unplugging and re-plugging the power adapter. If the issue persists, contact customer support.
- **Cannot connect to Wi-Fi:** Check your Wi-Fi password and ensure the frame is within range of your router. Try restarting your router and the frame.
- **Photos/Videos not sending from app:** Ensure your smartphone/tablet has a stable internet connection and the frame is online. Check if the frame's storage is full.
- **MicroSD card not recognized:** Ensure the MicroSD card is inserted correctly. Try formatting the card on a computer if it's new or if issues persist (this will erase all data on the card).
- **Display quality issues:** Check the frame's brightness settings. Ensure the photos being sent are of sufficient resolution.
