## BEAST B85MH-BK-US

# Beast Mighty 850 Plus Personal Blender Instruction Manual

Model: B85MH-BK-US | Brand: BEAST

## INTRODUCTION

---

The Beast Mighty 850 Plus is a premium compact personal blender designed for efficiency and versatility in your kitchen. With its powerful 850W motor, it effortlessly blends a variety of ingredients, from soft fruits to tough ice and frozen produce, creating silky smooth results in seconds. Its thoughtful design prioritizes ease of use, minimal cleanup, and a space-saving footprint, making it an ideal appliance for any lifestyle.

## WHAT'S INCLUDED

Your Beast Mighty 850 Plus package includes the following components:

- 850W Blender Base
- Beast Mighty Blade
- Blade Cleaning Brush
- 3 Blending Vessels:
  - 26oz (785ml) Vessel
  - 22oz (640ml) Vessel
  - 14oz (415ml) Vessel
- 2 Storage Lids
- 1 Drinking Lid
- 1 Carry Cap
- 1 Straw Cap

- 2 Straws
- Straw Cleaning Brush

*Image: A detailed layout of all included components for the Beast Mighty 850 Plus, numbered for easy identification.*

## SETUP

1. **Unpack and Clean:** Carefully unpack all components. Before first use, wash all blending vessels, lids, and the blade assembly with warm, soapy water. Rinse thoroughly and dry. The blender base should only be wiped clean with a damp cloth.
2. **Prepare Ingredients:** Add your desired ingredients to one of the blending vessels. For optimal blending, follow the recommended order: liquids first, then soft ingredients (e.g., leafy greens), followed by harder ingredients (e.g., nuts, seeds), and finally frozen fruits or ice. Do not exceed the "MAX" fill line indicated on the vessel.
3. **Attach Blade Assembly:** Securely twist the Beast Mighty Blade assembly onto the open end of the filled blending vessel until it is tightly sealed.
4. **Place on Base:** Invert the assembled vessel and blade, and place it onto the 850W Blender Base. Ensure it is seated correctly and stable.
5. **Connect Power:** Plug the blender base into a standard 120V AC power outlet. The indicator light on the base will illuminate white, indicating it is ready for operation.

## OPERATING INSTRUCTIONS

---

The Beast Mighty 850 Plus offers two blending modes for optimal results:

- **Pulse Mode:** For quick bursts of power or to break down larger chunks, press and immediately release the power button. The blender will operate as long as the button is held down.
- **One-Minute Blend Cycle:** For a continuous blend, press and hold the power button for approximately one second until the indicator light turns green. The blender will then run for a preset 1-minute cycle, automatically stopping for optimal texture. You can stop the cycle at any time by pressing the power button again.

### Blending Tips:

- Do not overfill the vessel.
- Ensure the blade assembly is securely attached before blending.
- If blending thick mixtures, you may need to pulse or gently shake the blender to redistribute ingredients.
- Allow the motor to cool down if the red indicator light illuminates, indicating overheating.

## CLEANING AND MAINTENANCE

---

Proper cleaning ensures the longevity and performance of your Beast Mighty 850 Plus:

- **Vessels and Lids:** All blending vessels and lids are dishwasher safe (top rack recommended). For hand washing, use warm, soapy water and the provided cleaning brush for hard-to-reach areas.
- **Blade Assembly:** The Beast Mighty Blade assembly can be hand washed with warm, soapy water. Use the blade cleaning brush to safely clean around the blades. Exercise caution when handling the sharp blades.
- **Blender Base:** The blender base should never be submerged in water. Wipe it clean with a damp cloth. Ensure the base is unplugged before cleaning.
- **Storage:** Store the blender and its accessories in a dry place. The compact design allows for easy storage in cabinets or on countertops.

## TROUBLESHOOTING

---

Problem	Possible Cause	Solution
Blender does not turn on.	Not plugged in; vessel not properly seated; power outage.	Ensure the blender is securely plugged into a working outlet. Twist the vessel firmly onto the base until the white indicator light appears. Check household power.
Red indicator light is on.	Motor overheating due to prolonged use or too thick mixture.	Unplug the blender and allow it to cool down for at least 15-20 minutes. Reduce the amount of ingredients or add more liquid for easier blending.
Ingredients are not blending smoothly.	Too little liquid; too many ingredients; ingredients are too large.	Add more liquid. Reduce the amount of ingredients. Cut larger ingredients into smaller pieces. Use pulse mode to break down stubborn ingredients.
Leaking from the vessel.	Blade assembly not tightened properly; vessel overfilled.	Ensure the blade assembly is twisted tightly onto the vessel. Do not fill past the "MAX" line.

## SPECIFICATIONS

---

**Brand:** BEAST

**Model:** B85MH-BK-US

**Color:** Carbon Black

**Power:** 850W

**Voltage:** 120 Volts

**Capacity:** 785 Milliliters (largest vessel)

**Product Dimensions:** 4.1"D x 4.1"W x 15"H

**Item Weight:** 4.8 pounds

**Blade Material:** Stainless Steel

**Material Type Free:** BPA Free

**Special Features:** Multiple Speeds, Multiple Attachments, Auto Shut Off, Compact, Dishwasher Safe

**Country of Origin:** China

## WARRANTY AND SUPPORT

---

The Beast Mighty 850 Plus comes with a Limited Warranty. For detailed information regarding warranty coverage, terms, and conditions, please refer to the warranty card included in your product packaging or visit the official BEAST Health website.

If you encounter any issues not covered in the troubleshooting section or require further assistance, please contact BEAST Health customer support. Contact information can typically be found on the product packaging or their official website.
