SETUP INSTRUCTIONS

Follow these steps to properly set up your Graco Lite Traveler 4 in 1 Playard.

1. **Unpacking:** Remove all components from the carry bag. Ensure all parts listed in the "What's Included" section are present.
2. **Unfolding the Frame:** Place the folded playard on a flat surface. Pull the center handle upwards until the legs fully extend and lock into place. Ensure all four corners are securely locked. You should hear an audible click.
3. **Inserting the Mattress/Pad:** Place the provided mattress pad firmly into the bottom of the playard. Secure it using the fasteners if available, ensuring a snug fit.
4. **Attaching the Canopy (Optional):** For Slumber Tent mode, attach the UV50+ canopy to the designated points on the playard frame. Ensure it is securely fastened to provide full coverage.
5. **Bedside Bassinet Setup:** To use the bedside bassinet, ensure the playard is in its fully extended and locked position.

The bassinet mode utilizes an integrated elevated height for easy access to your infant.

1. Bedside Bassinet Mode

This mode is designed for infants and provides an elevated sleeping surface, keeping your baby within easy reach. Ensure the playard is fully assembled and stable. Always follow AAP Safe Sleep Guidelines, placing your infant on their back on a firm, flat surface free of loose bedding.

3. Free Play Mode

The Free Play mode features a convenient zip-down play door, allowing older infants or toddlers to enter and exit the playard independently. This encourages imaginative play while still providing a defined space. Ensure the zipper is fully closed when unsupervised.

4. Slumber Tent Mode

The Slumber Tent mode incorporates the full-coverage UV50+ light-shielding canopy, creating a darkened and protected environment for naps or quiet time. This canopy helps shield your child from bright light and offers UV protection when used outdoors. Ensure the canopy is securely attached.

MAINTENANCE AND CARE

Proper maintenance ensures the longevity and safety of your playard.

- **Cleaning Fabric:** Use a damp cloth and mild soap to clean fabric surfaces. Do not use bleach or harsh detergents. Allow to air dry completely before folding or storing.
- **Cleaning Frame:** Wipe the metal and plastic parts of the frame with a damp cloth. Dry thoroughly.
- **Mattress Pad:** The mattress pad can be spot cleaned with a damp cloth and mild soap. Refer to the care tag on the pad for specific washing instructions.
- **Storage:** For compact storage and transport, fold the playard using the easy one-step fold mechanism and place it in the included carry bag. Store in a cool, dry place away from direct sunlight.
- **Inspection:** Regularly inspect the playard for loose parts, torn fabric, or damaged components. Discontinue use if any damage is found and contact customer support for replacement parts or repair.

TROUBLESHOOTING

If you encounter issues with your Graco Lite Traveler 4 in 1 Playard, refer to the following common solutions:

Problem	Possible Cause	Solution
Playard does not lock into place during setup.	Side rails or legs are not fully extended.	Ensure all four corners and side rails are pulled up firmly until they click into their locked position. The center handle must be pulled up last.
Difficulty folding the playard.	Side rails are still locked or mattress pad is in place.	Remove the mattress pad. Ensure all side rails are unlocked before attempting to pull the center handle upwards to fold.
Canopy does not stay attached.	Improper attachment or damaged clips.	Verify that the canopy clips are correctly aligned and securely fastened to the designated points on the playard frame. If clips are damaged, contact customer support.
Playard feels unstable.	Not fully assembled or on an uneven surface.	Ensure all locking mechanisms are engaged and the playard is placed on a flat, level surface. Do not use if any part feels loose or unstable.

If the problem persists after attempting these solutions, please contact Graco Customer Support.
