Assembly Instructions

Assembly of the Koorlian Queen Upholstered Bed Frame is designed to be straightforward. Please follow the numbered steps and diagrams provided in the separate instruction manual included in your package. Ensure you have ample space and a soft surface to prevent damage during assembly.

1. **Unpack Components:** Carefully unpack all parts and lay them out on a clean, soft surface. Verify all parts against the package contents list.
2. **Assemble Headboard:** Follow the instructions to connect the headboard sections. Note the adjustable height feature (47", 49", 51").
3. **Attach Side Rails:** Securely attach the metal side rails to the headboard and footboard using the provided hardware.
4. **Install Support Legs and Slats:** Place the support legs and then evenly distribute and secure the wood slats across the frame. The noiseless foam on the slats helps prevent squeaking.
5. **Insert Storage Drawers:** Assemble the four dustproof fabric-lined drawers. Each drawer has smooth rolling wheels. Align the drawer fixtures with the reserved holes on the bed frame to prevent them from slipping out.
6. **Connect Electrical Components:** Carefully connect the power supply for the charging station and LED lights as per the detailed diagrams in the manual.
7. **Final Check:** Ensure all connections are tight and the frame is stable before placing your mattress.

- **Cleaning Frame:** Wipe metal and wood surfaces with a soft, dry cloth.
