

Boult X80

Boult Partybox X80 Portable Bluetooth Speaker User Manual

Model: X80

1. INTRODUCTION

Thank you for choosing the Boult Partybox X80 Portable Bluetooth Speaker. This manual provides essential information for setting up, operating, and maintaining your device. Please read it carefully before use to ensure optimal performance and longevity of your speaker.

2. SAFETY INSTRUCTIONS

- Do not expose the speaker to extreme temperatures, direct sunlight, or high humidity.
- Avoid dropping or subjecting the speaker to strong impacts.
- Do not attempt to disassemble or modify the speaker. This will void the warranty.
- Use only the provided charging cable or a certified Type-C cable for charging.
- Keep the speaker away from water and other liquids.

3. PACKAGE CONTENTS

Ensure all items are present in the package:

- Boult Partybox X80 Speaker
- Type-C Charging Cable
- User Manual
- Warranty Card

4. PRODUCT OVERVIEW

Familiarize yourself with the speaker's components and controls.

Easy Navigation

Image: Top control panel of the Boulton Partybox X80, showing the volume knob, play/pause, previous/next track buttons, mode button, LED control, and dedicated bass, treble, and echo adjustment buttons.

Control Panel Functions:

- **Power Button:** Press and hold to turn the speaker ON/OFF.
- **Mode Button:** Short press to switch between Bluetooth, AUX, USB, and TF Card modes.
- **LED Button:** Short press to cycle through different LED light modes.
- **Volume Knob:** Rotate to adjust the master volume.
- **Play/Pause Button:** Short press to play or pause audio.
- **Previous/Next Track Buttons:** Short press to skip tracks.
- **Bass +/-:** Adjust bass levels.
- **Treble +/-:** Adjust treble levels.
- **Echo +/-:** Adjust echo effect for microphone input.

5. SETUP

5.1 Charging the Speaker

Before first use, fully charge the speaker. Connect the provided Type-C charging cable to the speaker's Type-C port and the other end to a compatible USB power adapter (not included).

- The LED indicator will show charging status.
- A full charge provides up to 5 hours of playtime.

5.2 Powering On/Off

Press and hold the Power button on the control panel for approximately 3 seconds to turn the speaker ON or OFF.

5.3 Bluetooth Pairing

1. Turn on the speaker. It will automatically enter Bluetooth pairing mode, indicated by a flashing LED light.
2. Enable Bluetooth on your device (smartphone, tablet, laptop).
3. Search for "Boult Partybox X80" in the list of available Bluetooth devices.
4. Select it to connect. A confirmation sound will indicate successful pairing.
5. The speaker will automatically reconnect to the last paired device when powered on, if within range.

6. OPERATION

6.1 Basic Audio Controls

- **Volume:** Rotate the Volume knob to increase or decrease the sound level.

- **Play/Pause:** Short press the Play/Pause button.
- **Next Track:** Short press the Next Track button.
- **Previous Track:** Short press the Previous Track button.

6.2 Mode Selection

Short press the Mode button to switch between input sources:

- **Bluetooth Mode:** For wireless audio streaming.
- **AUX Mode:** Connect an external audio device using a 3.5mm AUX cable (not included).
- **USB Mode:** Insert a USB flash drive with audio files.
- **TF Card Mode:** Insert a TF (microSD) card with audio files.

6.4 Karaoke Function

The Partybox X80 features a dedicated microphone input for karaoke. Connect a microphone (not included) to the MIC input port.

- Use the **Echo +/-** buttons on the control panel to adjust the echo effect for your vocals.
- The speaker also supports guitar input.

6.5 Bass and Treble Adjustment

Use the dedicated **Bass +/-** and **Treble +/-** buttons on the control panel to fine-tune the audio output to your preference.

7. MAINTENANCE

7.1 Cleaning

Wipe the speaker with a soft, dry cloth. Do not use abrasive cleaners or solvents.

7.2 Storage

Store the speaker in a cool, dry place away from direct sunlight and extreme temperatures when not in use for extended periods.

8. TROUBLESHOOTING

- **No Power:** Ensure the speaker is charged. Connect to a power source and try again.
- **No Sound:** Check the volume level on both the speaker and your connected device. Ensure the correct input mode is selected.
- **Bluetooth Disconnection:** Ensure the speaker and your device are within the 10-meter range. Re-pair the devices if necessary.
- **Microphone Not Working:** Ensure the microphone is properly connected and turned on (if applicable). Adjust the Echo level.
