# HOTUT Cherry Blossom Micro Building Block Kit with LED Light (2705 Pieces) Instruction Manual

Model: 4456025

## INTRODUCTION

---

This manual provides detailed instructions for assembling and operating your HOTUT Cherry Blossom Micro Building Block Kit. This unique architectural model features a Japanese-inspired design with a suspended structure, waterfall, cherry blossoms, pavilions, and LED lighting. It is designed to enhance patience, cognitive development, and creative thinking.

## SETUP AND ASSEMBLY

Unpack all components carefully. The kit contains 2705 micro building blocks. Due to the small size of the pieces, patience and attention to detail are required. Refer to the included instruction booklet for step-by-step assembly.

- **Preparation:** Organize pieces by color and shape before starting. This will simplify the building process.
- **Follow Instructions:** Adhere strictly to the provided instruction manual. Each step is crucial for correct assembly.
- **Patience is Key:** This kit is designed for a higher degree of difficulty. Take breaks if needed and ensure all pieces are correctly oriented and firmly connected.

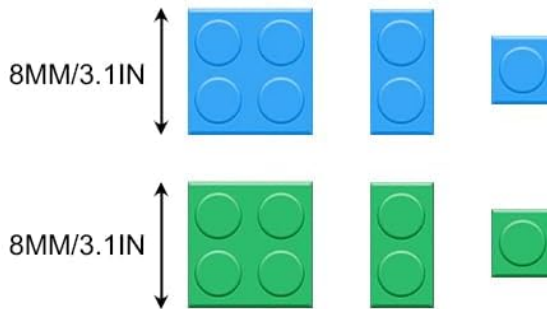

2705 PCS

An overview of the micro building blocks and the assembly process, emphasizing the small size of the components.

**2705 PCS**

The product box displaying the kit's dimensions and the total piece count of 2705.

## OPERATING THE LED LIGHT

The kit includes an integrated LED light module to illuminate the model, enhancing its visual appeal, especially in low light conditions.

- 1. Locate Components:** Identify the LED light string and the battery box within your kit.
- 2. Insert Batteries:** Insert the required batteries into the battery box. Please note that batteries are not included with the kit. Refer to the battery type specified in the specifications section.
- 3. Integrate Lights:** Carefully integrate the LED light string into the model during or after assembly, following the specific guidance in your instruction manual. The lights are designed to simulate flowing water and highlight architectural details.
- 4. Activate:** Once integrated and batteries are installed, use the switch on the battery box to turn the LED lights on or off.

# Streamer Light String

Simulate The Effect Of Flowing Water  
And Immerse Yourself In The Real World.

The LED light string and its battery box, essential for illuminating the assembled model.

# Éclairage LED intégré Module

Allumez la lumière LED pour ajouter  
une atmosphère romantique  
à ce monde utopique !

The completed Cherry Blossom model with its LED lights activated, creating a romantic and utopian atmosphere.

## MAINTENANCE

---

Proper care will ensure the longevity and appearance of your building block model.

- **Cleaning:** To clean the model, use a soft, dry cloth to gently wipe away dust. Avoid using water or chemical cleaners, as these may damage the blocks or the LED components.
- **Storage:** Store the assembled model in a stable location away from direct sunlight and extreme temperatures to prevent discoloration or deformation of the plastic blocks.
- **Disassembly:** If disassembling the model is necessary, handle each piece carefully to avoid breakage. Keep all pieces organized for potential reassembly.

## TROUBLESHOOTING

---

Here are solutions to common issues you might encounter:

- **Missing Pieces:** If you find any missing pieces, please contact HOTUT customer support with your purchase details and the specific part numbers required. Refer to the parts list in your instruction manual.
- **LED Light Not Working:** Check that batteries are correctly inserted and are not depleted. Ensure all connections are secure. If the issue persists, contact customer support.
- **Difficulty Assembling:** This kit is designed for a higher degree of difficulty. Review the instruction manual carefully, and take breaks if needed. Ensure all pieces are correctly oriented and firmly connected.

## SPECIFICATIONS

---

Feature	Detail
Brand	HOTUT
Model Name	Sakura Tree House Building Block Set
Item Model Number	4456025
Number of Pieces	2705
Material	ABS Plastic
Product Dimensions (L x W x H)	1 x 1 x 1 cm (0.39 x 0.39 x 0.39 inches)
Item Weight	850 grams
Educational Objective	Patience, Cognitive Development, Creative Thinking
Special Feature	Integrated LED Lights, Micro-sized Blocks, Themed Architecture, Light Strip Included
Battery Type for LED Lights	Non-standard battery (not included)
Self-assembly Product	Yes
