### OLIGHT i3E-RC-300000

# OLIGHT i3E EOS Keychain Flashlight User Manual

Model: i3E-RC-300000 | Brand: OLIGHT

## INTRODUCTION

The OLIGHT i3E EOS is a compact and powerful keychain flashlight designed for everyday carry. It provides bright illumination for various scenarios, from camping to emergency use. Its small size and robust design make it an ideal companion for your keys, backpack, or emergency kit.

## FEATURES

- **Bright and Powerful:** Runs with ONLY ONE AAA battery to produce 90 LUMENS of bright light. Offers a 44-meter beam distance and a lifespan of up to 60,000 hours.
- **Waterproof and Durable:** The IPX8 rated mini flashlight is powered by ONE AAA GreenMax battery, ensuring long-lasting illumination and resilience in wet conditions.
- **Compact and Portable:** Perfectly sized for keychains, this mini flashlight serves as both a functional tool and a stylish accessory, easily carried wherever you go.

- **Versatile Usage:** Ideal for camping, hunting, trekking, day hikes, touring, backpacking, running, dog walking, night fishing, and other outdoor activities.
- **Important Note:** Please remove the plastic wrapper from the battery before using the flashlight. This is a twist-operated EDC keychain flashlight, not a button-activated light.

## SETUP

### Battery Installation

The OLIGHT i3E EOS uses one AAA battery. Follow these steps for proper battery installation:

1. Unscrew the head of the flashlight by twisting it counter-clockwise.
2. If it's the first use, remove any plastic wrapper from the included AAA battery.
3. Insert the AAA battery into the flashlight body with the positive (+) end facing the head of the flashlight.
4. Screw the head back onto the flashlight body by twisting it clockwise until it is securely tightened.

# WE WISH YOU ALL A VERY MERRY CHRISTMAS AND A HAPPY NEW YEAR!

Bring auspicious light to every night and  
awaken the blessings of a beautiful New Year.

## OPERATING

### Turning On/Off

The OLIGHT i3E EOS features a simple twist-on/off mechanism:

- **To Turn On:** Twist the head of the flashlight clockwise until the light illuminates.
- **To Turn Off:** Twist the head of the flashlight counter-clockwise until the light extinguishes.

## MAINTENANCE

### Cleaning and Care

To ensure optimal performance and longevity of your OLIGHT i3E EOS flashlight:

- Keep the flashlight clean and dry. Wipe the exterior with a soft, damp cloth as needed.
- Regularly inspect the O-ring located at the threads of the flashlight head. Ensure it is free of dirt, debris, or damage to maintain the IPX8 water resistance.
- If the O-ring appears worn or damaged, replace it promptly to preserve the waterproof rating.

### Battery Replacement

When the light output becomes noticeably dim or the flashlight fails to turn on, it's time to replace the AAA battery. Follow the battery installation steps outlined in the 'Setup' section, ensuring correct polarity.

## TROUBLESHOOTING

If you encounter issues with your OLIGHT i3E EOS flashlight, refer to the table below for common problems and their solutions:

Problem	Possible Cause	Solution
Flashlight does not turn on	Battery wrapper not removed	Remove plastic wrapper from battery
	Battery inserted incorrectly	Reinsert battery with correct polarity
	Low or dead battery	Replace battery
Light is dim	Low battery	Replace battery
Water ingress	Damaged or dirty O-ring	Clean or replace O-ring
	Head not screwed on tightly	Ensure head is fully tightened

## SPECIFICATIONS
