FAWNEST FN007

FAWNEST Night Light Baby Nursery Lamp User Manual

Model: FN007

INTRODUCTION

Thank you for choosing the FAWNEST Night Light Baby Nursery Lamp. This versatile device combines a soothing night light with a wireless Bluetooth speaker, designed to create a comforting and engaging environment for nurseries, bedrooms, and other living spaces. It features intuitive touch controls, multiple light modes including amber and red light for sleep, and portable design for convenience.

PRODUCT OVERVIEW

Front view of the FAWNEST Night Light Baby Nursery Lamp, showcasing its cylindrical shape and white matte finish, with the Fawnest logo visible.

Key Features:

- **Touch Light Control:** Easily adjust brightness and switch between light modes with a simple tap.
- **Wireless Speaker:** Built-in Bluetooth speaker for streaming music, lullabies, or white noise.
- **Multiple Light Modes:** Includes 7 color-changing modes, warm white, amber light, and a dedicated red light mode for sleep.
- **Portable Design:** Compact, lightweight, and USB rechargeable for use anywhere.
- **Durable Materials:** Made from silicone and ABS plastic.
- **Connectivity:** Supports Bluetooth 5.0, Aux Input, FM Mode, and Micro SD Card.

What's in the Box:

- FAWNEST Night Light
- Micro USB Cable
- User Manual

SAFETY INFORMATION

Please read all safety instructions before using the device to ensure proper operation and to prevent damage or injury.

- Keep the device away from water and high humidity.
- Do not disassemble, repair, or modify the device.
- Use only the provided Micro USB cable for charging.
- Keep out of reach of small children when not in use, especially the charging cable.
- Avoid exposing the device to extreme temperatures or direct sunlight.
- Ensure proper ventilation when charging.

SETUP

1. Charging the Device:

Before first use, fully charge the night light. Connect the supplied Micro USB cable to the charging port on the device and the other end to a USB power adapter (not included) or a computer USB port. The charging indicator light will illuminate. A full charge takes approximately 4 hours. While the device is designed to be portable, for extended use, it is recommended to keep it plugged in.

2. Powering On/Off:

Locate the ON/OFF button on the base of the unit. Press and hold the button for a few seconds to power on or power off the device.

3. Bluetooth Pairing:

When the device is powered on, it will automatically enter Bluetooth pairing mode, indicated by a voice prompt stating "The Bluetooth device is ready to pair."

1. Enable Bluetooth on your smartphone or audio device.
2. Search for "FN007" in the list of available devices.
3. Select "FN007" to connect. A voice prompt will confirm "The Bluetooth device is connected successfully."

Perfect for Nursery & Bedroom

*Designed to match your
nighttime routine.*

OPERATING INSTRUCTIONS

Light Control:

The night light features intuitive touch control on the top mesh area.

- **Turn On/Off Light:** Lightly tap the top mesh area to turn the light on or off.
- **Adjust Brightness (Warm White Mode):** In warm white light mode, tap the top mesh area to cycle through three brightness levels: low, medium, and high.
- **Change Colors:** Long press the top mesh area to switch to color-changing mode. Tap again to cycle through 7 different colors. Long press again to return to warm white mode.
- **Amber Light Mode:** This mode provides a soothing warm glow, ideal for bedtime.
- **Red Light Mode:** A dedicated red light mode is available, scientifically designed to promote better sleep, especially for babies.

Intuitive Touch Control

Easily change light with a simple tap.

7 Color Changing Modes

Includes warm tones and soothing Gentle Night Mode.

The night light offers intuitive touch control for brightness and color changes, including 7 vibrant color modes.

Smart & Simple Controls

Everything at your fingertips.

Touch Speaker Meah

The red light mode is specifically designed to aid in better sleep for babies and children.

Wireless Speaker Functions:

The built-in speaker allows for audio playback via Bluetooth, Micro SD card, or Aux input.

- Bluetooth Mode:** After successful pairing (see Setup), play audio from your connected device. Use the Play/Pause, Previous Track, and Next Track buttons on the base of the unit to control playback.
- Micro SD Card Playback:** Insert a Micro SD card (TF card) with audio files into the TF card slot. The device will automatically switch to Micro SD card mode and begin playing.
- Aux Input:** Connect an audio device using a 3.5mm audio jack cable (not included) to the Aux input port. The device will switch to Aux mode.
- FM Radio Mode:** The device supports FM radio. An external antenna (not included) may be required for optimal reception. Use the mode switch button to cycle to FM mode.
- Hands-Free Calling:** When connected via Bluetooth, the built-in microphone allows for hands-free calling.

MAINTENANCE

To ensure the longevity and optimal performance of your FAWNEST Night Light, follow these maintenance guidelines:

- Cleaning:** Wipe the device with a soft, dry cloth. Do not use abrasive cleaners, solvents, or harsh chemicals.

- **Storage:** When not in use for extended periods, store the device in a cool, dry place away from direct sunlight.
- **Battery Care:** To preserve battery life, avoid fully discharging the battery frequently. Charge the device regularly, even if not in constant use.

TROUBLESHOOTING

| Problem | Possible Cause | Solution |
|--|--|--|
| Device does not turn on. | Battery is low or depleted. | Charge the device using the provided Micro USB cable. |
| Light control is unresponsive. | Incorrect touch area or temporary software glitch. | Ensure you are tapping the top mesh area. Try restarting the device. |
| Cannot pair via Bluetooth. | Device is not in pairing mode, or previously paired. | Ensure the device is powered on and in Bluetooth mode. Turn off Bluetooth on other nearby devices. Forget "FN007" on your device and try pairing again. |
| Poor audio quality or no sound. | Volume too low, device too far from source, or incorrect mode. | Increase volume on both the night light and your audio source. Ensure devices are within Bluetooth range. Check if the correct input mode (BT, SD, Aux) is selected. |
| Battery life is shorter than expected. | High brightness/volume settings, or battery degradation over time. | Reduce light brightness and speaker volume. For continuous use, keep the device plugged in. |
