## MAINTENANCE AND CARE

Proper maintenance will extend the life and appearance of your Misolant Office Chair.

- **Cleaning:** For the PU leather upholstery, wipe regularly with a soft, damp cloth. For tougher spots, use a mild soap solution and wipe dry immediately. Avoid harsh chemicals or abrasive cleaners.
- **Casters:** Periodically check the casters for hair or debris buildup and clean as necessary to ensure smooth rolling.

- **Hardware:** Every 6 months, check all screws and bolts to ensure they are tight. Re-tighten if loose to maintain stability and safety.
- **Avoid Direct Sunlight:** Prolonged exposure to direct sunlight can cause the leather to fade or crack. Position the chair away from direct sunlight if possible.
- **Weight Limit:** Do not exceed the maximum weight capacity of 350 lbs to prevent damage to the chair and ensure user safety.
