PETLIBRO PLWF115

PETLIBRO Dockstream Cordless Cat Water Fountain

Model: PLWF115

INTRODUCTION

The PETLIBRO Dockstream Cordless Cat Water Fountain is designed to provide fresh, clean water for your pets. Featuring a cordless design, a long-lasting battery, and a multi-layer filtration system, this fountain offers convenience and promotes pet hydration. Its detachable components ensure ease of cleaning and maintenance.

SAFETY INFORMATION

- This product is intended for indoor use only.
- Keep the fountain away from children and pets during assembly and maintenance to prevent accidental injury.
- Do not immerse the charging base in water.
- Ensure the power button at the bottom of the base is turned on before use.
- The cordless design eliminates external wires in the water, reducing electrical hazards for pets.
- The fountain features a water shortage detector that automatically switches off the pump when water levels are too low, preventing overheating.
- Foreign Object Detection (FOD) automatically turns off the pump if an unidentified metal object touches the tank base, enhancing safety.

No Cable to Chew

Eliminates electrical hazards for your pet's safety

Image: A cat safely drinking from the cordless fountain, emphasizing the 'No Cable to Chew' safety feature.

Water Shortage Detector

The pump switches off automatically as soon as water levels dip below the min indication line, preventing it from overheating

Image: Diagram showing the water shortage detector, which prevents the pump from running dry.

Foreign Object Detection

If an unidentified metal object like a key touches the tank base, the pump turns off automatically to avoid any potential hazards

Image: Diagram of the Foreign Object Detection (FOD) system, which enhances user and pet safety.

PACKAGE CONTENTS

Verify that all components are present in the package:

- 1x Dockstream Battery Operated Cat Water Fountain (Main Unit)
- 1x Wireless Pump
- 1x Multi-layer Filter & Pump Sponge
- 1x AC Power Adapter
- 1x Cleaning Brush

SETUP INSTRUCTIONS

1. **Prepare the Filter:** Soak the multi-layer filter in clean water for 5 minutes, then rinse it under running water for 30 seconds. This activates the filter material and removes any loose carbon dust.
2. **Assemble the Wireless Pump:** Ensure the pump sponge is correctly installed on the wireless pump. Place the wireless pump securely into its designated slot in the water tank.
3. **Fill the Water Tank:** Fill the water tank with clean water up to the maximum fill line. The fountain has a 2.5L (84oz) capacity.
4. **Place the Stainless Steel Tray:** Position the stainless steel tray on top of the water tank, ensuring it is seated correctly.
5. **Place the Fountain on the Base:** Carefully place the assembled fountain unit onto the charging base.
6. **Initial Charge (Optional):** If using the fountain in cordless mode, ensure the built-in 5,000mAh battery is fully charged using the provided AC power adapter.
7. **Activate the Fountain:** Locate the power button at the bottom of the base and turn it on. The fountain will begin operating according to the selected mode.

Note: 30 days battery life is based on one cat household

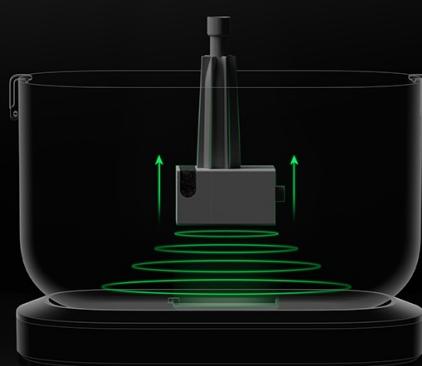

No Cord, No Limit

Cordless to place anywhere that your pets like

Image: The fountain's cordless design allows flexible placement, powered by a 5,000mAh battery for extended use.

Wireless Water Pump

Wireless water pump design provides pets with safe drinking water

- Easy to clean
- 100% Safe
- Easy to assemble

Note: Disassemble and clean the water pump every 14 days

Image: Diagram of the wireless water pump, highlighting its easy assembly and safe operation.

OPERATING INSTRUCTIONS

The PETLIBRO Dockstream fountain offers two distinct water modes:

- **Radar Induction Mode:** This mode utilizes an advanced radar sensor to detect your pet within a 19.7-

inch (50cm) range. Upon detection, the fountain delivers a 42-second flow of water. This conserves battery power while encouraging pets to drink.

- **Continuous Flow Mode:** When the fountain is plugged into a power source, it can operate in a continuous flow mode, providing a non-stop stream of water. This mode is ideal for households with multiple pets or for ensuring constant water availability.

The fountain is equipped with indicators for low battery and low water levels, alerting you when attention is needed.

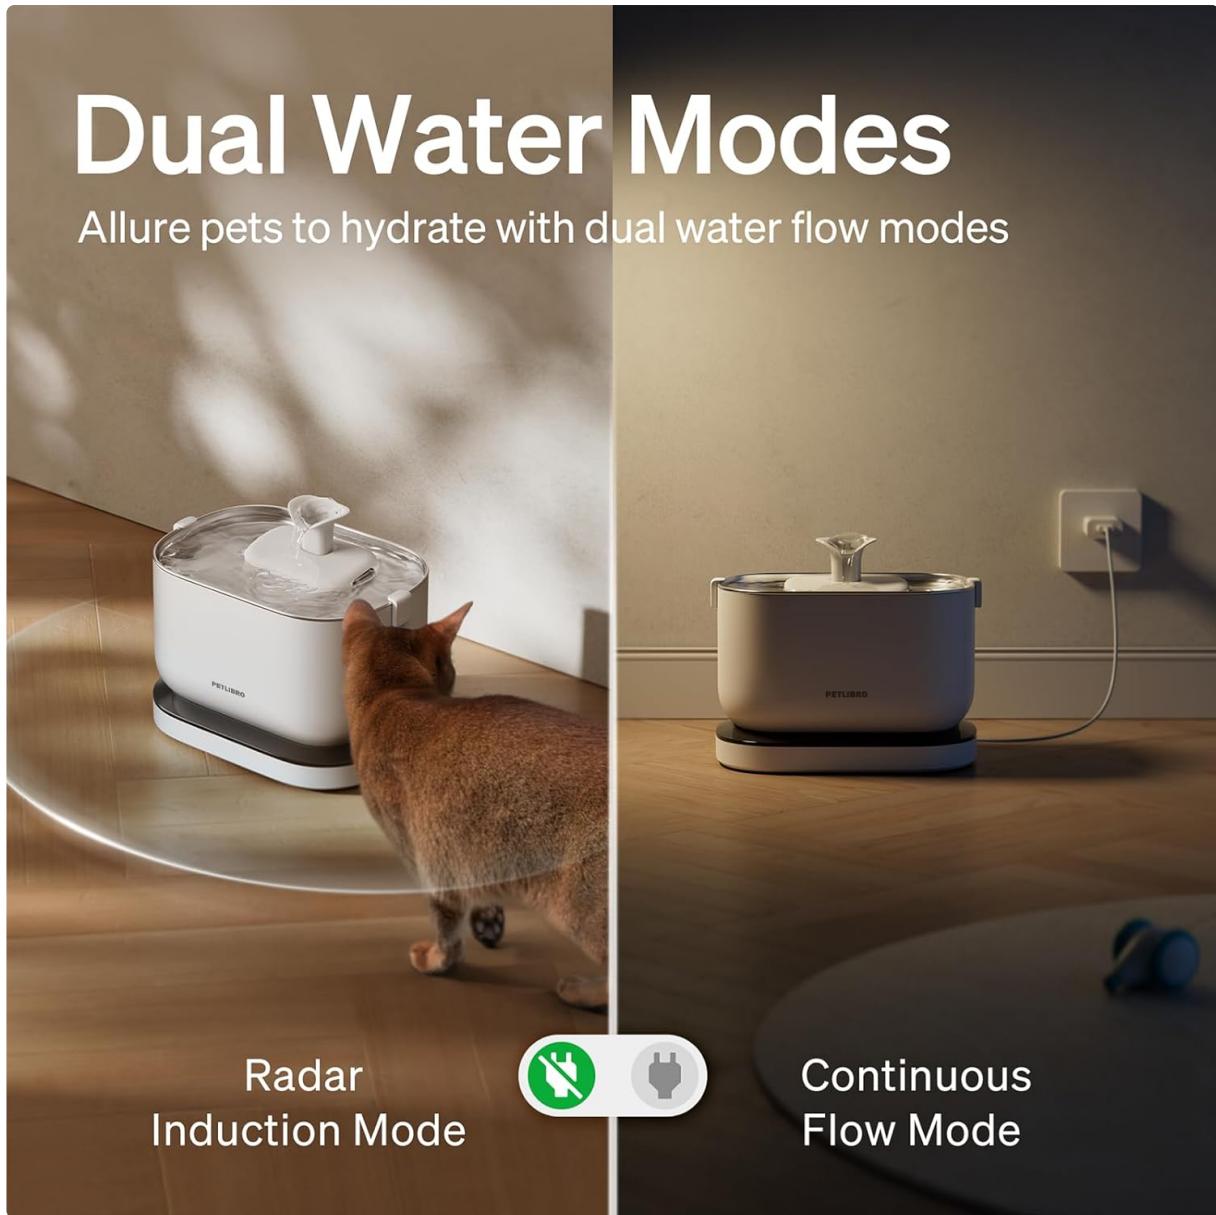

Image: Visual representation of the two operating modes: Radar Induction for motion-activated flow and Continuous Flow when plugged in.

Image: Indicators on the fountain base alert users to low battery and low water levels, simplifying maintenance.

MAINTENANCE

Regular cleaning and maintenance are crucial for your pet's health and to prolong the service life of the pump and fountain. It is recommended to change the water and clean the water tank, tray, foam filter, and pump at least once a week.

Cleaning Instructions:

- Disassemble:** Unplug the fountain (if connected) and carefully disassemble all removable parts: the stainless steel tray, the filter, the wireless pump, and the water tank.
- Clean Components:** Wash the stainless steel tray and water tank with mild soap and water. Use the provided cleaning brush to reach all corners and crevices. Rinse thoroughly to remove all soap residue.
- Clean the Wireless Pump:** Disassemble the wireless pump according to its design (refer to the diagram if needed) and clean all parts, including the impeller, to prevent hair clogging and maintain optimal performance. Rinse thoroughly.
- Replace Filter:** Replace the multi-layer filter and pump sponge every 2-4 weeks, or more frequently depending on water quality and pet usage.
- Reassemble:** Ensure all components are dry before reassembling the fountain. Follow the setup instructions in reverse order.

Note: The base of the fountain is not washable. Clean it with a damp cloth only.

Easy-to-Clean

Detachable design for easy assembly and quick cleaning

Note: The base is not washable

Image: The fountain's detachable design facilitates easy disassembly and quick cleaning of all water-contacting parts.

All Day Fresh Water

4-layer filtration delivers freshest-tasting water

Image: The 4-layer filtration system, including ion exchange resin, activated carbon, and non-woven fabric, ensures fresh water.

Upgraded Stainless Steel Tray

Food-grade stainless steel prevents mold growth

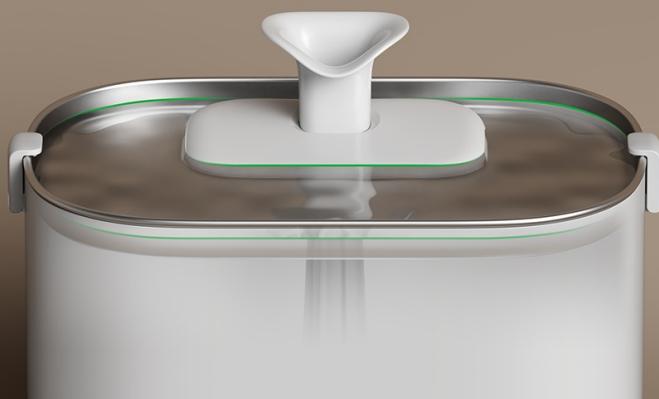

Image: The food-grade stainless steel tray helps prevent mold growth and is easy to sanitize.

TROUBLESHOOTING

| Problem | Possible Cause | Solution |
|----------------------------|--|---|
| No water flow | Low water level; Pump clogged; Battery depleted; Power button off. | Refill water to max line; Clean the pump and impeller; Recharge the battery; Ensure power button on base is ON. |
| Fountain is noisy | Low water level; Pump needs cleaning; Improper assembly. | Add water; Clean the pump and impeller; Reassemble components correctly. |
| Indicator light is red | Low water level or low battery. | Check water level and refill if necessary. If water level is sufficient, recharge the fountain. |
| Water tastes or smells bad | Filter needs replacement; Fountain needs cleaning. | Replace the multi-layer filter and pump sponge. Thoroughly clean all fountain components. |

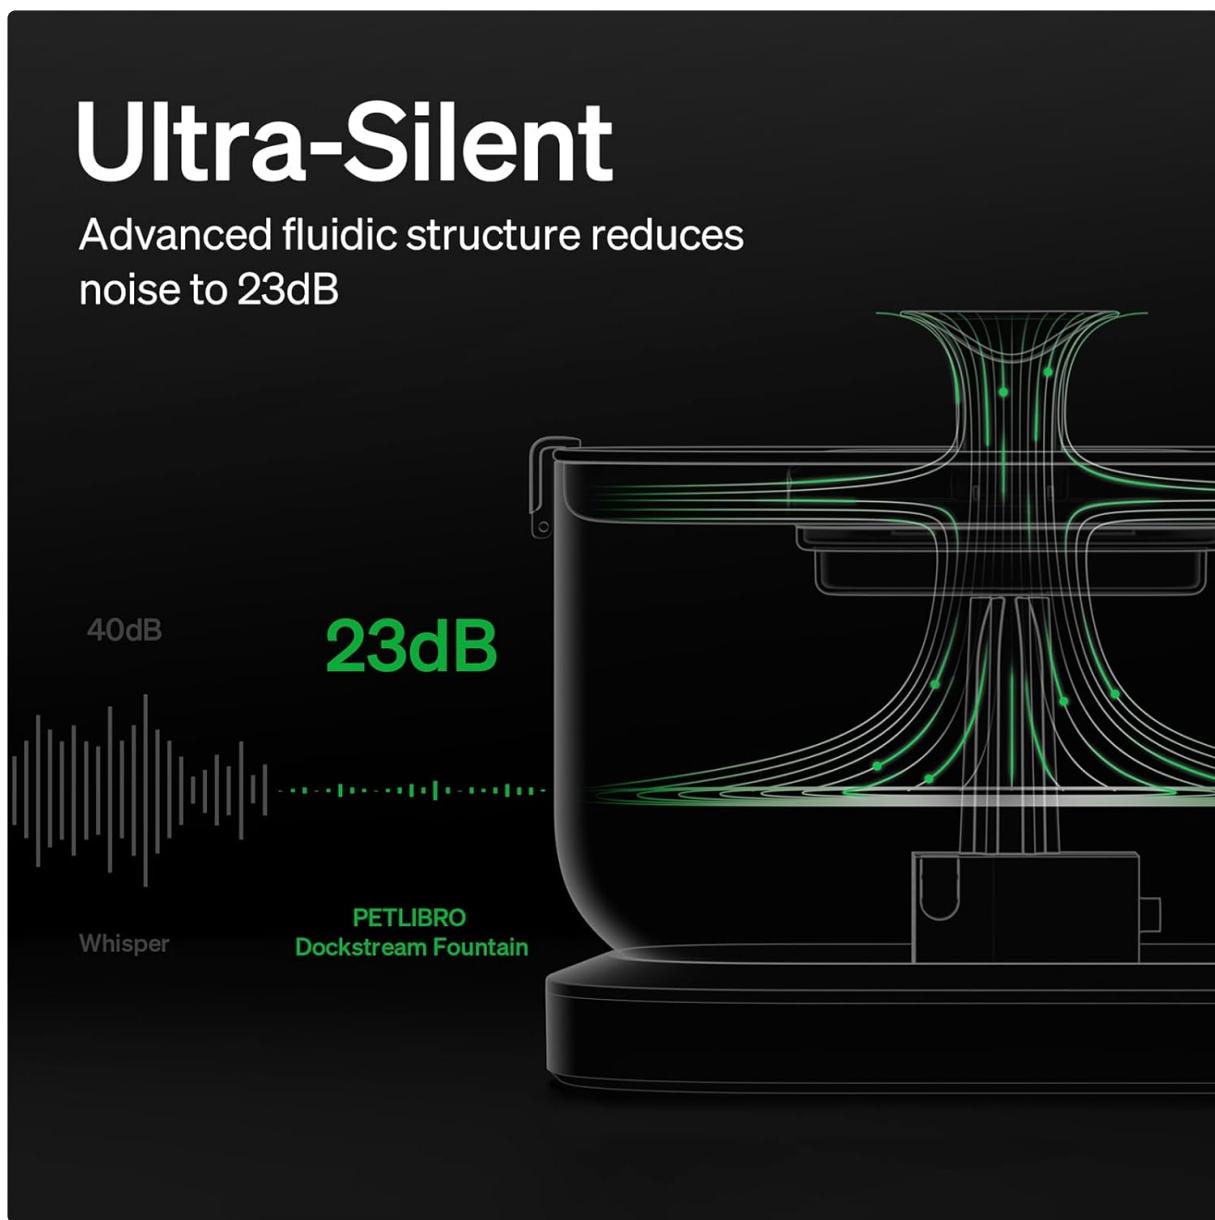

Image: The advanced fluidic structure of the fountain reduces operational noise to 23dB, ensuring quiet performance.

SPECIFICATIONS

| Feature | Detail |
|--------------------|--|
| Model Name | Dockstream |
| Item Model Number | PLWF115 |
| Brand | PETLIBRO |
| Color | White |
| Style | Cordless |
| Material | Acrylonitrile Butadiene Styrene (ABS), Stainless Steel |
| Product Dimensions | 9.2" L x 6.3" W x 6.5" H |
| Item Weight | 2.6 Pounds |
| Water Capacity | 2.5 Liters / 84 Ounces |
| Battery | 5,000mAh built-in rechargeable battery |
| Care Instructions | Hand Wash (components), Wipe Clean (base) |
| Target Audience | Cats, Dogs |

Also For Small Dogs

Image: The fountain is suitable for both cats and small dogs, providing fresh water for various pets.

WARRANTY

The PETLIBRO Dockstream Cordless Cat Water Fountain comes with a **24-month warranty** from the date of purchase. Please retain your proof of purchase for warranty claims. The warranty covers manufacturing defects and malfunctions under normal use. It does not cover damage caused by misuse, accidents, or unauthorized modifications.
