SKYCOMET HS008

SKYCOMET Bluetooth V5.2 Headset User Manual

Model: HS008 | Brand: SKYCOMET

INTRODUCTION

This user manual provides comprehensive instructions for operating and maintaining your SKYCOMET Bluetooth V5.2 Headset. Designed for clear communication and extended use, this headset features AI noise-cancelling technology, a long-lasting battery, and the ability to connect to two devices simultaneously. Please read this manual thoroughly to ensure optimal performance and longevity of your device.

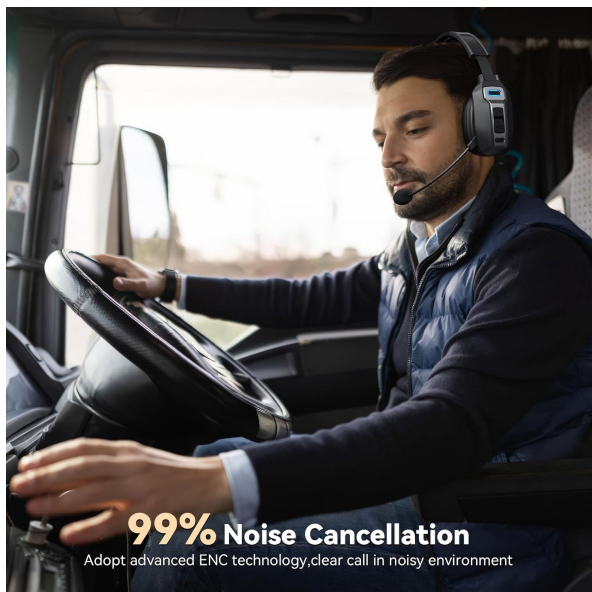

WHAT'S IN THE BOX

- Bluetooth headset
- USB Cable
- User Manual

PRODUCT OVERVIEW

The SKYCOMET Bluetooth V5.2 Headset, featuring a single ear design with an adjustable microphone, is engineered for comfort and clear communication.

99% Noise Cancellation

Adopt advanced ENC technology, clear call in noisy environment

Equipped with advanced environmental noise-cancelling technology, this headset reduces up to 99% of background interference, ensuring crystal-clear calls even in noisy environments.

Bluetooth 5.2

Connecting **2** Devices Simultaneously

Connect one device to call or play music, switch effortlessly between devices

The headset supports simultaneous connection to two Bluetooth devices, allowing seamless switching between calls and media on different devices like computers and smartphones.

Up to **65 Hours** Working Time

35 Hours Talk Time

96 Hours Stand-by Time

2 Hours Charging Time

A powerful 400mAh battery provides up to 60 hours of work/music time or 35 hours of talk time on a single 2-hour charge, ideal for extended use.

Maintain a stable connection up to 49 feet (15 meters) with Bluetooth 5.2, offering greater flexibility and reliable audio quality.

The ergonomic design includes an adjustable headband, comfortable earmuffs, and a 270° rotatable and bendable microphone for personalized fit and optimal microphone positioning.

This headset is suitable for various professional and personal uses, including clear calls, professional guidance, online courses, and home phone communication.

SETUP

1. Charging the Headset

Before first use, fully charge the headset. Connect the provided USB cable to the charging port on the headset and plug the other end into a USB power source (e.g., computer USB port, wall adapter). The Red LED will flash during charging and turn off when fully charged. A full charge takes approximately 2 hours.

Tip: If the headset will not be used for an extended period, charge it every two months to maintain battery health.

2. Bluetooth Pairing

1. Ensure the headset is powered off.
2. Press and hold the Power button until the LED indicator flashes blue and red alternately, indicating pairing mode.
3. On your device (smartphone, computer, etc.), enable Bluetooth and search for available devices.
4. Select "HS008" from the list of found devices.
5. Once connected, the LED indicator will turn solid blue.

Dual Device Connection: This headset can connect to two Bluetooth devices simultaneously. After pairing with the first device, disable Bluetooth on the first device, then pair with the second device. Once the second device is paired, re-enable Bluetooth on the first device. The headset will automatically connect to both devices. You can then switch between them as needed.

OPERATING INSTRUCTIONS

Headset Controls:

- **Power On/Off:** Press and hold the Power button for 3 seconds.
- **Volume Control:** Use the + and - buttons to adjust the volume.
- **Mute Microphone:** Press the dedicated mute button to toggle the microphone on or off during calls.
- **Answer/End Call:** Press the Power button once to answer or end a call.
- **Reject Call:** Press and hold the Power button for 2 seconds to reject an incoming call.
- **Play/Pause Music:** Press the Power button once to play or pause music.
- **Next/Previous Track:** Use the + button for next track, - button for previous track (long press).

Microphone Adjustment:

The microphone arm is 270° rotatable and bendable, allowing you to position it optimally for clear voice pickup. Adjust it closer to your mouth for best results. The headset can be worn on either the left or right ear by rotating the microphone arm.

MAINTENANCE

- **Cleaning:** Use a soft, dry cloth to clean the headset. Do not use abrasive cleaners or solvents.
- **Storage:** Store the headset in a cool, dry place away from extreme temperatures and direct sunlight.
- **Battery Care:** To prolong battery life, avoid fully discharging the headset frequently. Recharge it when the battery low indicator appears.

TROUBLESHOOTING

Problem	Possible Cause	Solution
Headset won't turn on.	Low battery.	Charge the headset for at least 2 hours.
Cannot pair with device.	Headset not in pairing mode; Bluetooth disabled on device; device too far.	Ensure headset is in pairing mode (flashing blue/red LED). Enable Bluetooth on your device. Move headset closer to device (within 15 meters).
No audio or poor audio quality.	Volume too low; headset not selected as audio output; interference.	Increase headset volume. Check device's audio settings to ensure headset is selected. Move away from other wireless devices.

Problem	Possible Cause	Solution
Microphone not working.	Microphone muted; incorrect microphone selection on device.	Press the mute button to unmute. Check device's audio input settings.
