## SereneLife SLTLR350

# SereneLife SLTLR350 Luxury Rectangle Towel Warmer

User Manual

## INTRODUCTION

---

Thank you for choosing the SereneLife SLTLR350 Luxury Rectangle Towel Warmer. This appliance is designed to provide you with warm towels, blankets, and bathrobes, enhancing your daily comfort and creating a spa-like experience in your home. Please read this manual thoroughly before use to ensure safe and optimal operation.

## SAFETY INSTRUCTIONS

---

- **Electrical Safety:** Ensure the towel warmer is plugged into a grounded 120V AC, 60 Hz outlet. Do not use extension cords or adapters.
- **Water Resistance:** The unit features a water-resistant design, making it suitable for bathroom use. However, do not immerse the unit in water or expose it to excessive moisture.
- **Overheat Protection:** The towel warmer is equipped with overheat protection for your safety. If the unit overheats, it will automatically shut off.
- **Cool-to-Touch Lid:** The double-walled insulated lid is designed to keep heat sealed inside while remaining cool to the touch on the exterior. Exercise caution when reaching inside the unit as internal surfaces will be hot.
- **Placement:** Place the unit on a flat, stable, and heat-resistant surface. Ensure adequate ventilation around the unit.
- **Children and Pets:** Keep the appliance out of reach of children and pets.
- **Dry Items Only:** This appliance is designed to warm dry towels, blankets, and bathrobes. Do not place wet or damp items inside, as this may affect performance and safety.

## PACKAGE CONTENTS

---

Verify that all components are present upon unpacking:

- SereneLife SLTLR350 Towel Warmer Unit
- Aromatherapy Tablet (Lemon Scent)
- Desiccant Packet

## SETUP

---

1. **Unpack:** Carefully remove all packaging materials from the towel warmer.
2. **Placement:** Position the unit on a stable, level surface in your desired location, ensuring it is near a power outlet.
3. **Power Connection:** Plug the power cord into a standard 120V AC, 60 Hz electrical outlet. The unit will enter standby mode.
4. **Fragrance Disc (Optional):** To add a pleasant aroma, locate the fragrance disc holder inside the lid. Insert the provided aromatherapy tablet into the holder and secure it.

## OPERATING INSTRUCTIONS

---

1. **Place Items:** Open the lid and place up to two large dry towels, a throw blanket, or a bathrobe inside the warming chamber. Ensure items are loosely folded to allow for even heat distribution.
2. **Power On:** Press the **ON/OFF** button on the control panel. The display will illuminate.
3. **Set Warming Time:** Press the **TIME** button to cycle through the available warming durations: 20 minutes, 40 minutes, or 60 minutes. The selected time will appear on the digital display.
4. **Start Warming:** The unit will begin heating automatically after selecting a time.
5. **Delay Start (Optional):** To set a delayed start, press the **DELAY** button. Each press will increase the delay time. Once the desired delay is set, the unit will automatically start the warming cycle after the delay period.
6. **Automatic Shut-Off:** The towel warmer will automatically shut off once the selected warming cycle is complete.
7. **Retrieve Items:** Carefully open the lid and remove your warm items. Be cautious as the items and internal surfaces will be hot.

## MAINTENANCE

---

- **Cleaning:** Unplug the unit before cleaning. Wipe the exterior with a soft, damp cloth. Do not use abrasive cleaners or immerse the unit in water.
- **Interior:** The interior can be wiped clean with a damp cloth. Ensure the unit is completely dry before next use.
- **Fragrance Disc:** Replace the aromatherapy tablet as needed to maintain the desired scent.
- **Storage:** When not in use, store the towel warmer in a cool, dry place.

## TROUBLESHOOTING

---

Problem	Possible Cause	Solution
Unit does not turn on	Not plugged in; Power outage; Overheat protection activated	Ensure unit is securely plugged in; Check power supply; Unplug and allow to cool for 30 minutes before restarting.
Items not warming sufficiently	Too many items inside; Items too damp; Lid not closed properly	Reduce number of items; Ensure items are dry; Close lid securely.
Unpleasant odor	Old fragrance disc; Unit needs cleaning	Replace aromatherapy tablet; Clean the interior of the unit.
