## CC KITS Tillen Toddler Bed Safety Guard Rail

# CC KITS Tillen Toddler Bed Safety Guard Rail Instruction Manual

Model: Tillen Toddler Bed Safety Guard Rail (Warm White)

## PRODUCT OVERVIEW

The CC KITS Tillen Toddler Bed Safety Guard Rail is designed to facilitate the safe transition of your convertible crib into a toddler bed. This solid wood guard rail provides a secure barrier to prevent falls while allowing your child independent access to and from their bed. It is crafted for durability and a snug fit, ensuring both safety and comfort.

This guard rail is compatible with specific Namesake's Monogram (formerly Franklin & Ben) convertible cribs. Please verify your crib model and finish color for proper fit.

## CRIB COMPATIBILITY

This toddler bed safety guard rail is compatible with the following Namesake's Monogram (formerly Franklin & Ben) Convertible Cribs:

- Beckett (B14401, M34401 & M24401)
- Emory 3-in-1
- Emory (B14501)
- Hemsted (B26401)
- Holloway (B17501)
- Newbern (B25801)
- Tillen (M7601)

If your crib model or finish is not listed, please contact the manufacturer for assistance in finding the correct toddler guard rail.

## SETUP AND INSTALLATION

This section details the steps to convert your compatible crib into a toddler bed using the safety guard rail.

### Required Tools and Components:

- CC KITS Tillen Toddler Bed Safety Guard Rail
- Existing crib and mattress
- Included hardware and tools

## Installation Steps:

1. **Prepare the Crib:** Ensure the crib is empty and the mattress is removed.
2. **Remove Footboard:** Carefully remove the footboard of your convertible crib. Refer to your original crib's instruction manual for specific footboard removal procedures.
3. **Position the Guard Rail:** Align the CC KITS Tillen Toddler Bed Safety Guard Rail with the attachment points where the footboard was previously located.
4. **Secure the Guard Rail:** Use the included hardware and tools to securely attach the toddler safety rail to the crib frame. Ensure all screws are tightened firmly, but do not overtighten.
5. **Replace Mattress:** Once the guard rail is securely installed, place your existing crib mattress back into the converted toddler bed.
6. **Verify Stability:** Before allowing your child to use the bed, gently push and pull on the guard rail to ensure it is stable and properly secured.

## OPERATING INSTRUCTIONS

---

Once installed, the toddler bed safety guard rail functions as a protective barrier. It is designed to prevent your child from rolling out of bed during sleep while providing an open section for them to safely climb in and out independently.

- Regularly inspect the guard rail for any signs of wear, damage, or loose connections.
- Ensure the mattress fits snugly within the bed frame and against the guard rail to prevent gaps where a child could become entrapped.
- Do not use the guard rail if any parts are missing or broken.

## MAINTENANCE

---

To maintain the quality and appearance of your CC KITS Tillen Toddler Bed Safety Guard Rail, follow these simple care instructions:

- **Cleaning:** Wipe the guard rail with a dry, soft cloth. Avoid using abrasive cleaners, harsh chemicals, or excessive moisture, as these can damage the wood finish.
- **Inspection:** Periodically check all hardware and connections to ensure they remain tight and secure. Retighten if necessary.
- **Storage:** If storing the guard rail, keep it in a dry environment away from extreme temperatures and humidity to prevent warping or damage to the wood.

## TROUBLESHOOTING

If you encounter any issues with your toddler bed safety guard rail, please refer to the following common solutions:

- **Guard Rail Feels Loose:** Ensure all attachment screws are fully tightened. If the issue persists, re-check the compatibility with your specific crib model.
- **Difficulty Attaching:** Double-check that you have removed the correct crib component (footboard) and are aligning the guard rail properly with the designated attachment points. Refer to the crib's original manual if needed.
- **Gaps Between Mattress and Rail:** Ensure your mattress is the correct size for the crib and is positioned correctly. The guard rail is designed to work with standard crib mattresses.
- **Missing Hardware:** If any hardware is missing, do not attempt to use the guard rail. Contact customer support immediately for replacement parts.

For issues not covered here, please contact CC KITS customer support.

## SPECIFICATIONS

<b>Brand:</b>	CC KITS
<b>Model:</b>	Tillen Toddler Bed Safety Guard Rail
<b>Color:</b>	Warm White
<b>Material:</b>	100% Solid Wood
<b>Product Dimensions:</b>	75"W x 5"H
