2. PRODUCT FEATURES

- **200 LED Mini Lights:** Each string contains 200 energy-efficient LED bulbs.
- **66-Foot Lighted Length:** Provides extensive coverage for various decorating needs.
- **12 Color Options:** Includes Cool White, Warm White, Multi, Red, Green, Blue, Purple, Yellow, Cyan, Green White Red, Red White Blue, and Purple Green Orange.
- **8 Unique Effects:** Features Steady On, Fading, Flashing, Sparkle, Twinkling & White, Twinkle Fade, Twinkle Flash, and All Color Change.
- **Remote Control:** Allows convenient selection of colors and effects.
- **Inline Control Box:** Manual control option for changing lighting effects.
- **Flicker-Free Technology:** Ensures consistent and stable illumination.
- **Connectable:** Up to 5 sets can be connected end-to-end for extended length.
- **Indoor/Outdoor Use:** Designed for versatile application in various environments.

3. WHAT'S IN THE BOX

Upon opening the product packaging, verify that all components are present and undamaged:

- 1 x SYLVANIA Stay Lit Platinum ColorAction 200 LED Mini Light String
- 1 x Remote Control (with battery included)
- Instruction Manual

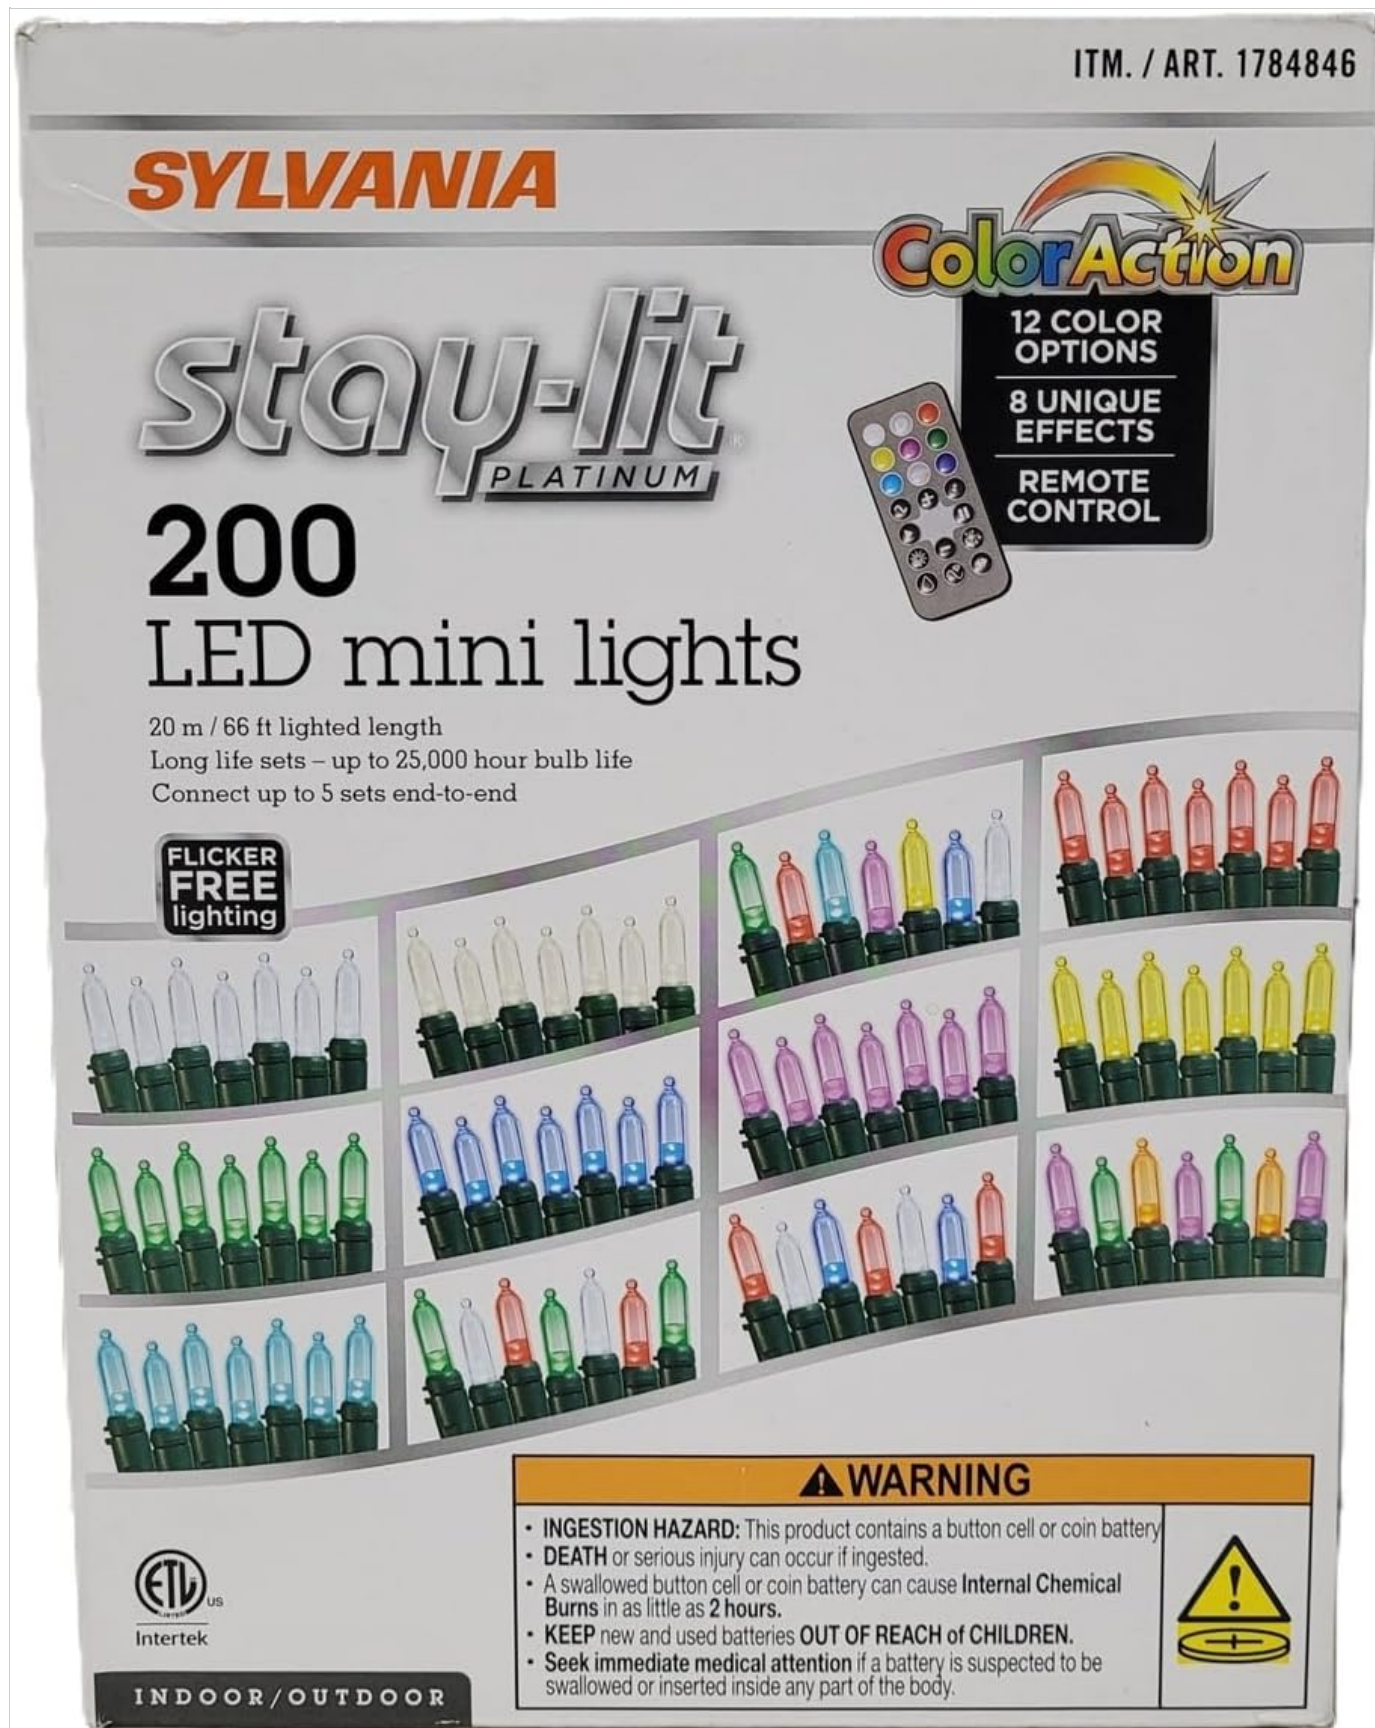

Figure 2: Product packaging highlighting features and included remote control.

4. SETUP INSTRUCTIONS

1. **Unpack the Lights:** Carefully remove the light string and all accessories from the packaging. Untangle the string gently to avoid damage to the wires or bulbs.
2. **Inspect for Damage:** Before plugging in, visually inspect the entire light string, including the bulbs, wires, plug, and control box, for any signs of damage. Do not use if any part is damaged.
3. **Power Connection:** Locate the power plug and the inline control box. Ensure the connection between the light string and the control box is secure. Plug the power adapter into a standard 120V AC outlet.
4. **Remote Control Preparation:** The remote control typically comes with a protective plastic tab to prevent battery drain. Remove this tab before first use.

5. OPERATING INSTRUCTIONS

5.1 Using the Remote Control

The included remote control provides full functionality to customize your lighting experience:

- **Power On/Off:** Press the **Power** button (usually a circle with a vertical line) to turn the lights on or off.

- **Color Selection:** Use the dedicated color buttons (e.g., Red, Green, Blue, White, Yellow, Purple, Multi) to instantly switch to your desired color.
- **Effect Selection:** The remote features buttons for various effects such as **Fading**, **Flashing**, **Sparkle**, **Twinkle**, and **All Color Change**. Press the corresponding button to activate an effect.
- **Brightness Adjustment:** Use the + and - buttons to increase or decrease the brightness of the lights.

5.2 Using the Inline Control Box

For manual control, the inline control box allows you to cycle through the available lighting effects and colors. Simply press the button on the control box repeatedly to change the mode.

6. CONNECTING MULTIPLE STRINGS

These lights are designed for end-to-end connectivity, allowing you to link up to 5 sets from a single power source. To connect:

1. Ensure both light strings are unplugged from the power source.
2. Locate the male connector on one string and the female connector on the other.
3. Align and firmly push the connectors together until they are securely joined.
4. Once connected, plug the first string's power adapter into an outlet. All connected strings will operate synchronously.

Caution: Do not exceed the maximum limit of 5 connected strings to prevent overloading the circuit.

Figure 4: End-to-end connectors for linking multiple light strings.

7. INDOOR AND OUTDOOR USE

The SYLVANIA Stay Lit Platinum ColorAction LED Mini Lights are suitable for both indoor and outdoor applications. When using outdoors, ensure all connections are secure and protected from excessive moisture. The lights are weather-resistant, but proper installation helps prolong their lifespan.

8. MAINTENANCE

- **Cleaning:** Disconnect from power before cleaning. Wipe lights and wires with a soft, dry cloth. Do not use harsh chemicals or abrasive cleaners.
- **Storage:** When not in use, store the lights in their original packaging or a protective container in a cool, dry place,

away from direct sunlight and extreme temperatures. Avoid wrapping them too tightly to prevent wire damage.

- **Bulb Replacement:** These LED lights are designed for long life (up to 25,000 hours). Individual bulb replacement is generally not required or recommended. If a section of lights fails, inspect connections and the control box.

9. TROUBLESHOOTING

- **Lights Not Turning On:**
 - Ensure the power plug is fully inserted into a working outlet.
 - Check the connection between the light string and the inline control box.
 - Verify the remote control battery is functional and the protective tab has been removed.
- **Remote Control Not Responding:**
 - Ensure there are no obstructions between the remote and the inline control box.
 - Replace the remote control battery if necessary (uses a button cell or coin battery).
- **Partial String Not Lit:**
 - Check for loose or damaged bulbs. While LEDs are durable, extreme impact can cause issues.
 - Inspect wire connections for any breaks or kinks.

10. SPECIFICATIONS

Brand	SYLVANIA
Model Number	1784846
Light Source Type	LED
