5. TROUBLESHOOTING

- Remote Not Responding:** Ensure batteries are correctly installed and have sufficient charge. Replace batteries if necessary.
- Pairing Issues:** If the 'Pairing complete' message does not appear, ensure the remote is within close proximity to the TV and repeat the pairing process (hold Back/Exit and Play/Pause buttons for 5 seconds). Some users have reported needing multiple attempts for successful Bluetooth connection.
- Voice Control Not Working:** Verify that the remote is properly paired and that your TV supports voice control. Ensure there are no obstructions between the remote and the TV.
- Specific App Buttons Not Activating:** If direct streaming buttons (Netflix, Prime Video, Samsung TV Plus) do not launch the apps, check your TV's internet connection and app installation. In some cases, this may indicate a compatibility issue or require a TV software update.
- Intermittent Functionality:** If the remote stops working intermittently, try re-pairing it with the TV. If issues persist, consider replacing the batteries or contacting support.
