CLATINA LOPEZ-B

CLATINA Big & Tall 500 lb. Guest Chair (Model LOPEZ-B) Instruction Manual

Model: LOPEZ-B

1. INTRODUCTION

Thank you for choosing the CLATINA Big & Tall 500 lb. Guest Chair, Model LOPEZ-B. This chair is designed to provide comfortable and durable seating for various environments, including offices, reception areas, waiting rooms, and conference spaces. This manual contains important information regarding the assembly, operation, maintenance, and safety of your new chair. Please read it thoroughly before assembly and retain it for future reference.

2. IMPORTANT SAFETY INFORMATION

- The maximum weight capacity for this chair is **500 lbs**. Do not exceed this limit.
- Assemble the chair properly following all instructions provided in this manual.
- Ensure the chair is stable and placed on an even surface before use.
- Keep all small parts and packaging materials away from children to prevent choking hazards.
- Regularly check all screws and connections to ensure they remain tight. Loose connections can lead to instability and injury.

3. PACKAGE CONTENTS

Before beginning assembly, please verify that all components are present and undamaged. If any parts are missing or damaged, contact CLATINA customer support.

- Backrest (1)
- Seat Cushion (1)
- Armrests (2)
- Chair Frame/Legs (1)
- Hardware Pack (Screws, Washers, Allen Wrench)

- Installation Manual (this document)

4. ASSEMBLY INSTRUCTIONS

Follow these steps carefully to assemble your CLATINA Guest Chair. It is recommended to have a second person assist with assembly for easier alignment of parts.

1. **Unpack Components:** Carefully remove all parts from the packaging and lay them out on a clean, soft surface to prevent scratches.

2. **Attach Armrests to Seat Cushion:** Align the armrests with the pre-drilled holes on the underside of the seat cushion. Insert the screws and hand-tighten them partially. *Do not fully tighten yet.*

3. **Attach Backrest to Seat Cushion:** Align the backrest with the corresponding holes on the rear of the seat cushion and the armrests. Insert the screws and hand-tighten them partially. *It is crucial to leave all screws loose at this stage to allow for adjustment and proper alignment.*

4. **Attach Chair Frame/Legs:** Position the chair frame/legs assembly under the seat cushion, aligning the holes. Insert the remaining screws and hand-tighten them partially.

5. **Final Tightening:** Once all screws are in place and partially tightened, gradually tighten all screws using the provided Allen wrench. Work in a crisscross pattern to ensure even pressure and stability. *Ensure all screws are securely tightened, but do not overtighten.*

Thickened Padded Cushion

- 🪶 Skin-friendly
- 〰️ High Resilience
- ⤢ Wear-resistant

Soft PU Leather

High-density Sponge

3.8"

Figure 2: Detail showing the powder-coated metal frame and non-slip foot pads, indicating sturdy and durable construction.

5. OPERATING INSTRUCTIONS

The CLATINA Guest Chair is designed for straightforward use. Once assembled, it is ready for immediate use.

- **Seating:** Sit centrally on the seat cushion, ensuring your back is supported by the backrest.
- **Armrests:** Utilize the padded armrests for additional comfort and support.
- **Placement:** Place the chair on a stable, level surface. The non-slip foot pads help prevent movement and protect floors.

Figure 3: Illustration of the ergonomic padded backrest and padded armrests designed for optimal support and comfort.

6. Maintenance and Care

Proper care will extend the life and appearance of your CLATINA Guest Chair.

- **Cleaning:** The chair's surface is covered with PU leather, which is waterproof and easy to clean. Use a soft, damp cloth to wipe away dust and stains. For tougher stains, a mild soap solution can be used, followed by wiping with a clean, damp cloth and then drying thoroughly. Avoid harsh chemicals or abrasive cleaners.

- **Inspection:** Periodically inspect all screws and connections for tightness. Re-tighten if necessary to maintain stability.

- **Avoid Direct Sunlight:** Prolonged exposure to direct sunlight can cause the PU leather to fade or crack.

- **Weight Limit:** Adhere strictly to the 500 lb. weight limit to prevent structural damage.

7. Troubleshooting

If you encounter any issues with your chair, refer to the following common problems and solutions:

Problem	Possible Cause	Solution
Chair feels wobbly or unstable.	Loose screws or uneven floor.	Check and tighten all assembly screws. Ensure the chair is on a flat, level surface.
Difficulty aligning screw holes during assembly.	Components not properly aligned before tightening.	Ensure all screws are only partially tightened until all components are in place. Then, gradually tighten all screws. Assistance from a second person can help with alignment.
Squeaking noises.	Loose connections or friction between parts.	Tighten all screws. If noise persists, apply a small amount of silicone lubricant to contact points between metal parts.

8. PRODUCT SPECIFICATIONS

Feature	Detail
Brand	CLATINA
Model Name	LOPEZ-B
Color	Black
