Setup

1. Unboxing and Initial Charge

Upon unboxing, ensure all components are present:

- 1*mini smartphone
- 1*Tempered Film
- 1*Type C Cable
- Phone Case
- 1*Stuck Pin

Connect the device to a power source using the provided Type C cable for initial charging. The device requires 1 Lithium Ion battery (included).

Say goodbye to battery anxiety and enjoy a speedy power back journey!

2. SIM Card and Network Configuration

The soyes Mini 4G Smartphone supports dual SIM cards. To install, locate the SIM card tray on the side of the device. Use the provided stuck pin to eject the tray. Insert your Nano-SIM cards into the designated slots. Ensure your SIM card is compatible with the following 4G frequency bands for optimal performance: WCDMA B2/B4, B5; FDD B2/B4/B5/B7/B17/B28/B28A/B41/B66.

3. Memory Card Installation

The device features a memory card slot for expandable storage (up to 256GB Max). Insert a compatible TF (microSD) card into the dedicated slot on the SIM tray. This allows for additional storage of photos, videos, music, and files.

4. Initial Setup and Google Play Store

Upon first power-on, follow the on-screen prompts to complete the initial setup, including language selection, Wi-Fi connection, and Google account login. The device runs on Android 8.1 and is fully compatible with applications from the Google Play Store. You can download popular apps such as Facebook, YouTube, Instagram, WhatsApp, TikTok, and Twitter.

Download as many apps as you like

Maintenance

1. Battery Management

The device is equipped with a 2000mAh Lithium Ion battery. To maximize battery life:

- Avoid extreme temperatures.
- Reduce screen brightness.
- Close unused applications running in the background.
- Use the provided Type C cable for charging.

2. Cleaning Your Device

Use a soft, lint-free cloth to clean the screen and body of the phone. Avoid using harsh chemicals or abrasive materials that could damage the device.

3. Software Updates

Periodically check for software updates to ensure your device has the latest features and security patches. Navigate to **Settings > System > System update** to check for and install available updates.

Troubleshooting

Common Issues and Solutions:

- **Device not powering on:** Ensure the battery is charged. Connect to the charger and wait a few minutes before attempting to power on again.
- **Poor network signal:** Check SIM card insertion. Ensure you are within network coverage. Verify SIM card compatibility with listed frequency bands.

- **Applications crashing or slow performance:** Close background apps. Clear app cache (Settings > Apps & notifications > [App Name] > Storage & cache > Clear cache). Restart the device.
- **Battery draining quickly:** Reduce screen brightness. Disable unused features like GPS or Bluetooth. Limit background app activity.
- **Touch screen unresponsive:** Restart the device. If the issue persists, perform a factory reset (backup data first).
