

soyes soyes-18pro-bl

User Manual for soyes Mini Smartphone

Model: soyes-18pro-bl

Brand: soyes

INTRODUCTION

The soyes Mini Smartphone is designed to be the world's smallest and most compact mobile phone, offering essential smartphone functionalities in a pocket-sized device. Ideal for kids, students, or as a backup phone, it features a 3.0-inch HD touch screen, dual SIM support, and runs on Android 8.1. This manual provides comprehensive instructions for setting up, operating, and maintaining your device.

SETUP GUIDE

1. SIM Card and Memory Card Installation

The soyes Mini Smartphone supports dual SIM cards and a memory card for expanded storage. Before inserting, ensure your SIM card supports the following frequencies: 2G GSM 850/900/1800/1900 and 3G WCDMA B1/B2/B5/B8.

1. Locate the SIM card tray on the side of the device.
2. Insert the provided ejection pin into the small hole next to the tray to eject it.
3. Place your SIM card(s) and/or TF memory card (up to 256GB Max) into the designated slots on the tray. Ensure correct orientation as indicated on the tray.
4. Carefully reinser the tray back into the phone until it clicks into place.

2. Initial Power On and Setup

Press and hold the power button located on the side of the device until the screen lights up. Follow the on-screen prompts to complete the initial setup, including language selection, Wi-Fi connection, and Google account sign-in. The phone runs on Android 8.1, providing a familiar user experience.

3. Charging the Device

Connect the provided Type C cable to the charging port at the bottom of the phone and the other end to a compatible USB power adapter. The phone supports fast charging. A full charge ensures optimal performance and battery life.

Intelligent Face Recognition

OPERATING INSTRUCTIONS

Basic Navigation

The soyes Mini Smartphone features a responsive 3.0-inch HD touch screen. Navigate through menus, open applications, and interact with content using standard touch gestures such as tap, swipe, pinch-to-zoom, and long-press.

Dual Camera Functionality

Capture moments with the phone's dual cameras: a 3MP front camera for selfies and video calls, and a 5MP rear camera for high-quality photos and videos. Open the Camera app from the home screen to start capturing.

Application Usage

Running on Android 8.1, the soyes Mini Smartphone is compatible with most applications available on the Google Play Store. You can download and install popular apps such as Facebook, YouTube, Instagram, WhatsApp, TikTok, and Twitter. Ensure you have a stable internet connection (Wi-Fi or mobile data) for downloading and using apps.

Powerful Mini Body

8.1 Android Native System

Lightweight and compact body, pure Android system, compatible with various mainstream apps, smooth and fast multitasking operation, easy to meet daily needs.

MAINTENANCE

General Care

- Keep the device clean by wiping it with a soft, dry cloth. Avoid using harsh chemicals or abrasive materials.
- Use the provided phone case and screen protector to guard against scratches and minor impacts.
- Avoid exposing the phone to extreme temperatures, direct sunlight, or excessive moisture.

Battery Care

- To prolong battery life, avoid fully discharging the battery frequently.
- Use the original Type C cable for charging to ensure optimal charging speed and safety.
- If the device will not be used for an extended period, charge it to about 50% before storing.

TROUBLESHOOTING

If you encounter issues with your soyes Mini Smartphone, please refer to the following common troubleshooting steps:

Problem	Possible Solution
Device does not power on	Ensure the battery is charged. Connect to the charger and wait a few minutes before attempting to power on again.
Cannot connect to Wi-Fi	Check if Wi-Fi is enabled in settings. Restart your Wi-Fi router. Ensure you are entering the correct password.

Problem	Possible Solution
SIM card not detected	Reinsert the SIM card, ensuring it is correctly seated in the tray. Verify that your SIM card supports the specified 2G/3G frequencies.
Apps are slow or crashing	Close background applications. Clear app cache (Settings > Apps > [App Name] > Storage > Clear Cache). Restart the phone.
Battery drains quickly	Reduce screen brightness. Disable unused features like Bluetooth or GPS. Close power-intensive apps.

If the issue persists after trying these steps, please contact soyes customer support for further assistance.
