

Memobarco P723314221137

Memobarco LED Bathroom Mirror Instruction Manual

Model: P723314221137 (72"L x 36"W)

1. IMPORTANT SAFETY INFORMATION

Please read all instructions carefully before installation and use. Retain this manual for future reference.

- Always follow the installation guide provided.
- For hard-wired installations, it is recommended to consult a professional electrician.
- Exercise caution due to sharp edges and potential glass breakage during handling, installation, and cleaning.
- Always unplug the mirror from the power source when not in use or before performing any maintenance.
- Do not operate the mirror with a damaged cord or plug.
- Keep electrical components away from water to prevent electric shock.

2. PRODUCT FEATURES

The Memobarco LED Bathroom Mirror is designed with several features for enhanced functionality and durability:

- **High-Quality Construction:** Features a premium 5MM silver-coated mirror with R5 rounded corners and a back explosion-proof film for increased sturdiness and safety. The aluminum alloy frame is rustproof and resistant to deformation.
- **Durable LED Lighting:** Equipped with quality smart LED light beads providing over 50,000 hours of lifespan.
- **Intuitive Touch Controls:** Includes three touch buttons for various functions:

- **ON/OFF & Brightness:** Long press the power button for stepless brightness adjustment.
- **Color Temperature:** Short press the light button to cycle through 3 color temperatures (3000K Warm, 4000K Natural, 6000K White).
- **Anti-Fog:** Short press the anti-fog button to activate the defogging mode.
- **Smart Memory Function:** The mirror remembers your last used light setting.
- **Efficient Anti-Fog System:** A built-in defogger heats the mirror surface to 40-45°C within 1-2 minutes, preventing fogging after showers.
- **Waterproof Design:** IP54 waterproof rating protects the mirror from water vapor erosion.
- **Versatile Installation:** Can be hung vertically or horizontally. Supports both plug-in and hard-wired connections.
- **Additional Magnifying Mirror:** Comes with an extra 5x magnifying mirror for detailed tasks.

3. SETUP AND INSTALLATION

The mirror is designed for easy installation, offering both vertical and horizontal mounting options.

Professional installation is recommended for hard-wired connections.

3.1 Unpacking

Carefully remove the mirror from its reinforced 5-layer packaging. Inspect for any damage during transit.

Figure 2: Reinforced packaging for safe transport.

3.2 Mounting Options

The mirror can be mounted either vertically or horizontally to suit your space.

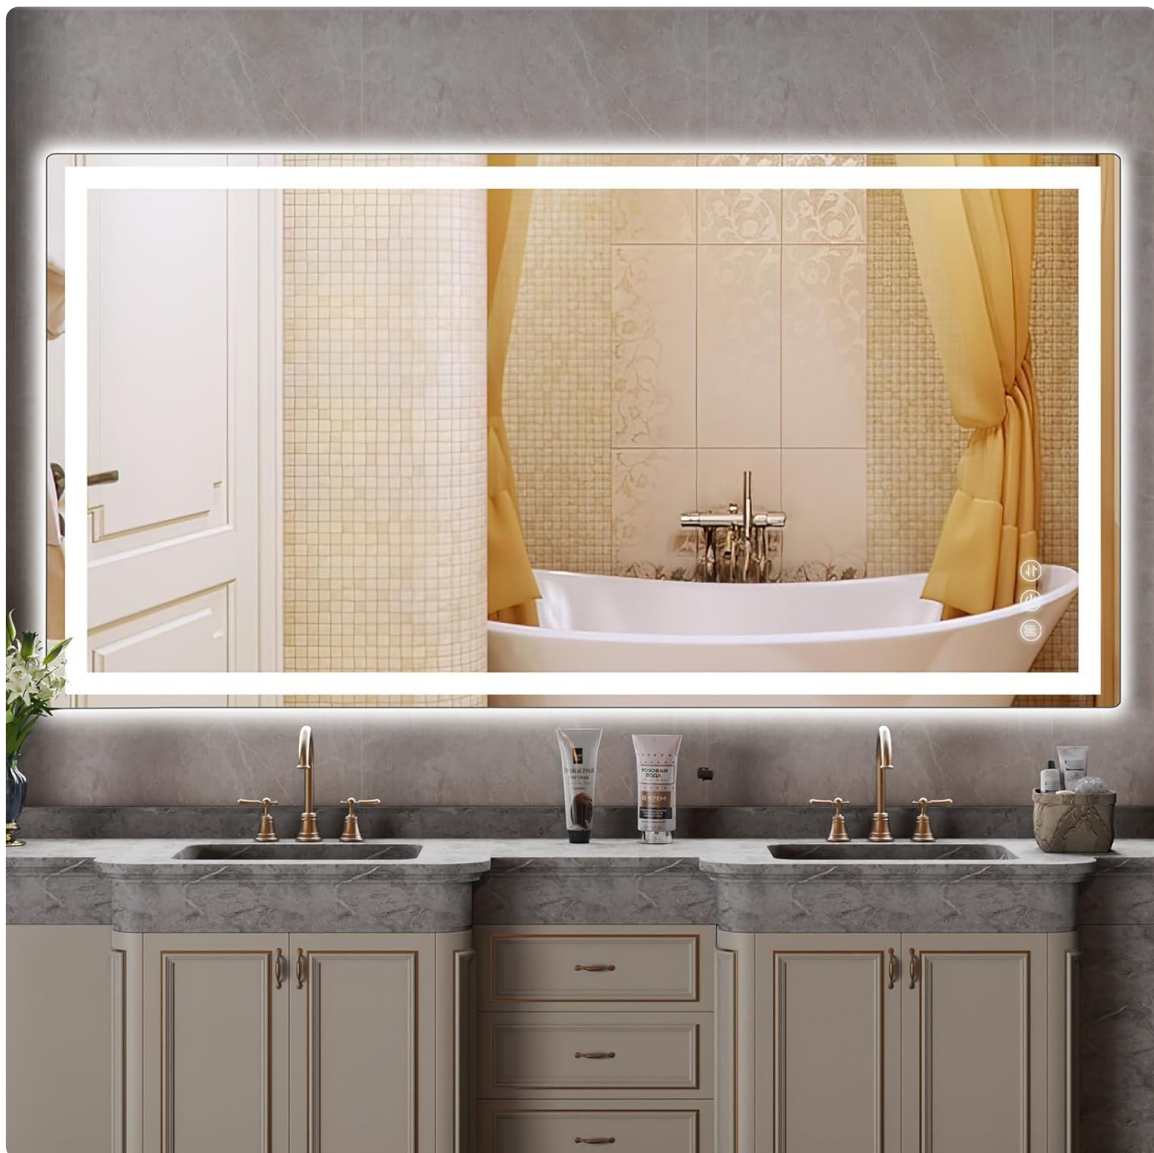

Figure 3: Horizontal and Vertical mounting options.

3.3 Power Connection

The mirror supports two power connection methods:

- **Option 1: Plug-in:** Connect the mirror directly to a standard electrical outlet using the provided power cord.
- **Option 2: Hard-wired:** For a seamless look, the mirror can be hard-wired directly into your home's electrical system. This option requires professional installation.

Figure 4: Power connection options.

3.4 Installation Steps

1. Measure and mark the desired position on the wall. Drill holes and insert plastic anchors.
2. Screw the mounting bars onto the wall using the provided screws.
3. Connect the power: either plug into an outlet or cut the plug and connect to electrical wiring (professional electrician suggested).
4. Carefully hang the mirror onto the mounting bars.

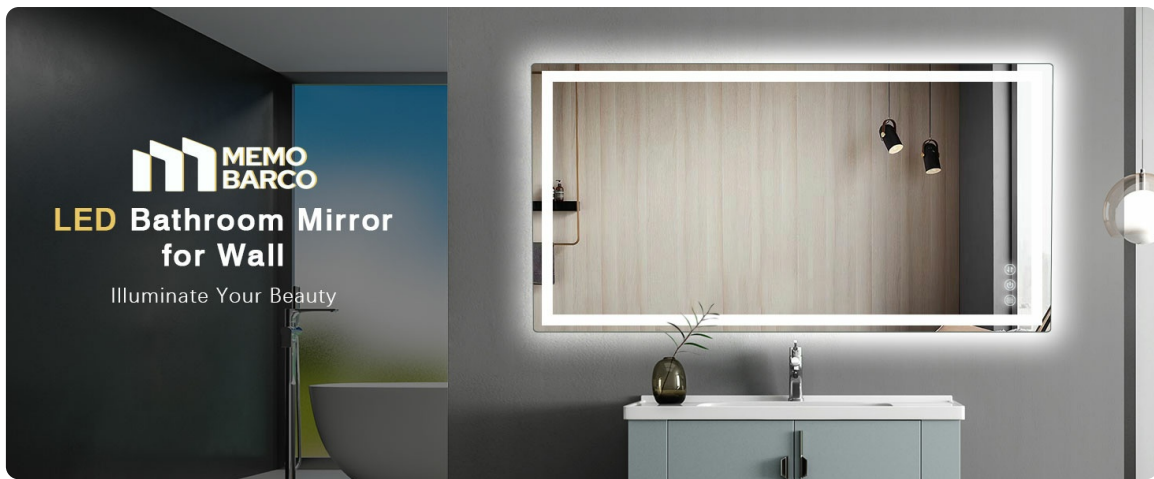

Figure 5: Step-by-step installation guide.

3.5 UL Certified Electric Control System

The mirror features a UL Certified Electric Control System, ensuring safety and reliability for its driving power, LED strip (100,000 hours life), and power cord with a safe plug.

Figure 6: UL Certified Electric Control System details.

4. OPERATING INSTRUCTIONS

The Memobarco LED Bathroom Mirror is operated using integrated touch buttons on the mirror surface.

4.1 Power ON/OFF and Brightness Adjustment

- **To Turn On/Off:** Short press the power touch button.
- **To Adjust Brightness:** Long press the power touch button to cycle through stepless dimming from 10% to 100% brightness. Release when desired brightness is reached.

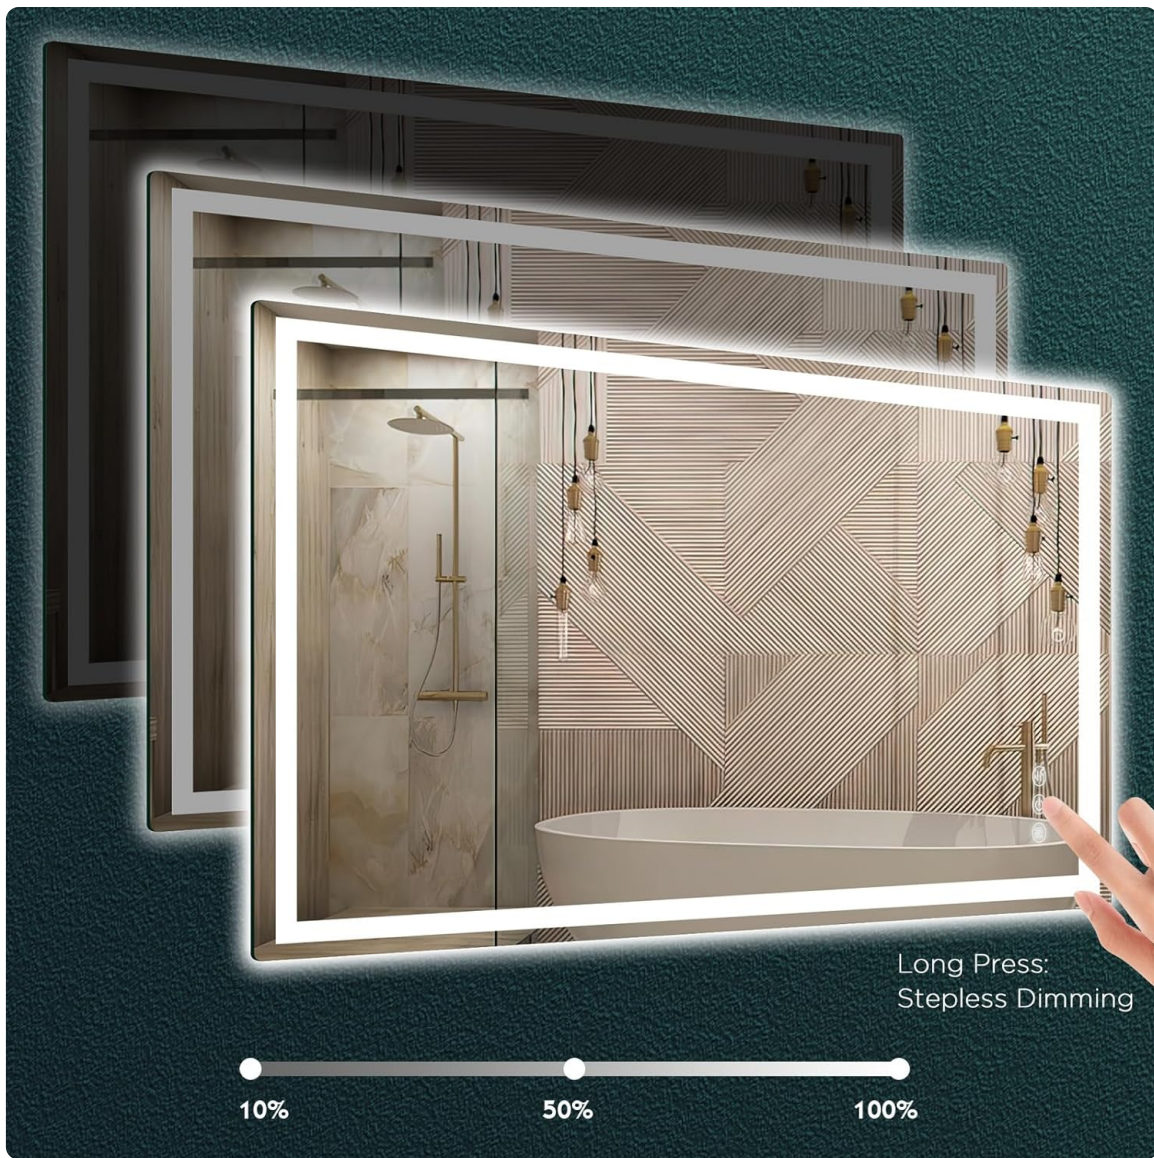

Figure 7: Stepless dimming function.

4.2 Color Temperature Adjustment

- **To Change Color Temperature:** Short press the light touch button to switch between Warm (3000K), Natural (4000K), and White (6000K) light settings.

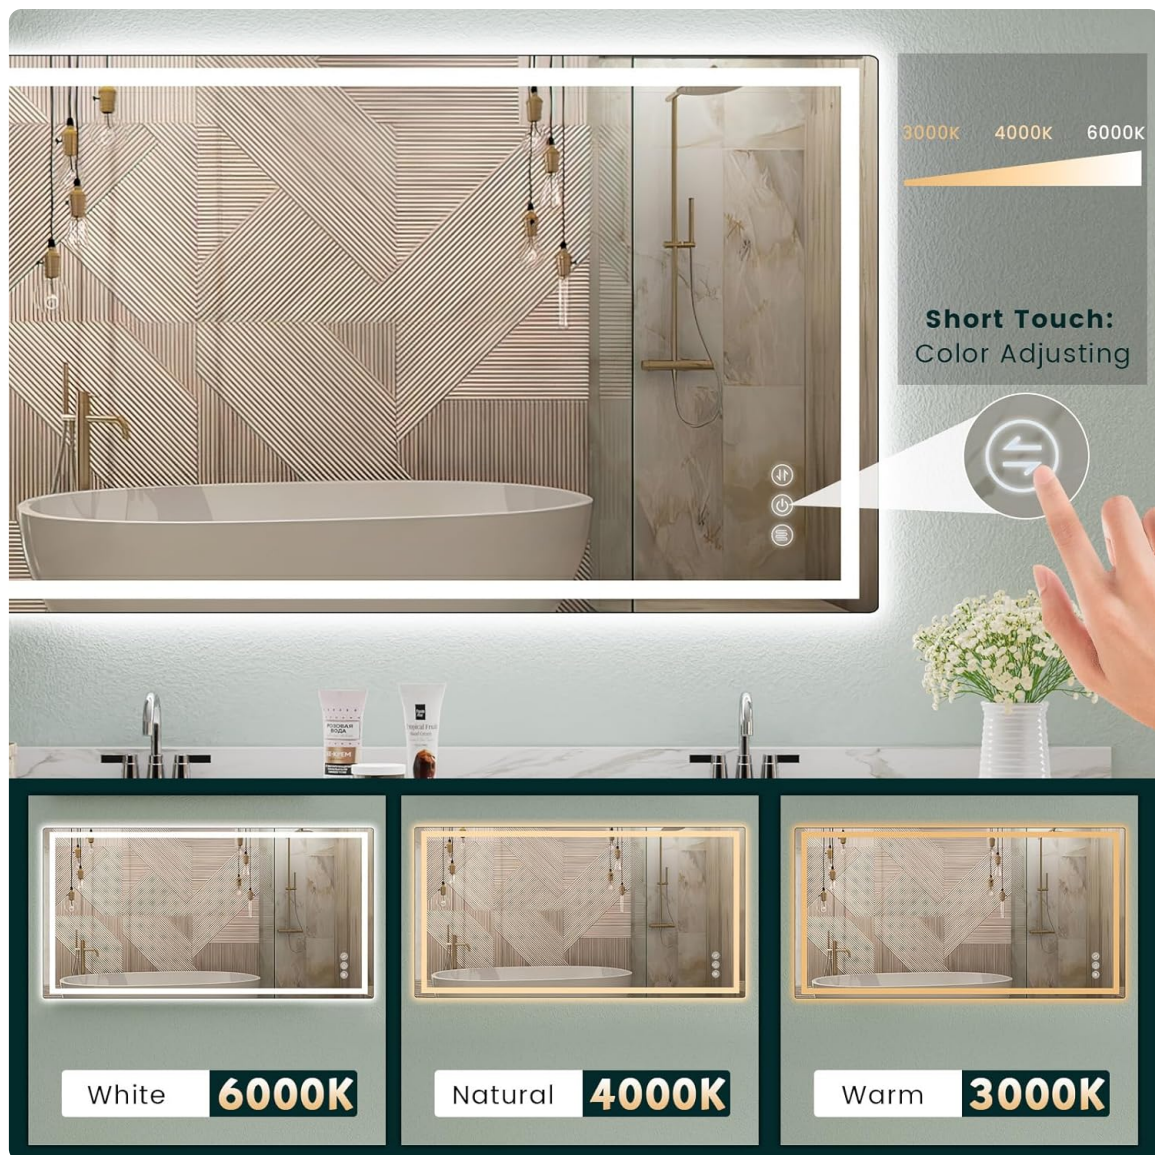

Figure 8: Color temperature adjustment.

4.3 Anti-Fog Function

- **To Activate Anti-Fog:** Short press the anti-fog touch button. The defogger will begin heating the mirror surface, clearing fog within 1-2 minutes.

ONE TOUCH TO ANTI-FOG

Anti-fog OFF

Anti-fog ON

Short touch to turn on defogging.
Heat after **1-2 minutes**.

Figure 9: Anti-fog function in action.

4.4 Memory Function

The mirror's smart memory function automatically saves your last used light brightness and color temperature settings, so they are restored when the mirror is turned on again.

4.5 Product Demonstration Videos

Video 1: This video demonstrates the key features of the Memobarco LED Bathroom Mirror, including its sensitive touch buttons for easy ON/OFF, 3-color adjustable lighting, stepless dimming, one-button defogging, and the included 5X magnification mirror. It also highlights the high-definition mirror quality.

Video 2: A short video showcasing the anti-fog functionality of the Memobarco LED Bathroom Mirror, demonstrating how it quickly clears condensation for a clear reflection.

Video 3: This video illustrates the illuminated features of the Memobarco LED mirror, highlighting its ability to provide bright and adjustable lighting for various tasks.

5. MAINTENANCE

Proper maintenance ensures the longevity and optimal performance of your LED bathroom mirror.

- **Cleaning the Mirror Surface:** Use a soft, lint-free cloth and a non-abrasive glass cleaner. Spray the cleaner onto the cloth, not directly onto the mirror, to avoid liquid seeping into electrical components.
- **Cleaning the Frame:** Wipe the aluminum alloy frame with a soft, damp cloth. Avoid harsh chemicals that may damage the finish.
- **Electrical Safety:** Always unplug the mirror before cleaning or performing any maintenance.
- **Avoid Excessive Moisture:** While the mirror is IP54 waterproof, avoid direct water spray on electrical components.

6. TROUBLESHOOTING

If you encounter any issues with your Memobarco LED Bathroom Mirror, please refer to the following common troubleshooting tips:

- **Mirror Not Turning On:** Check if the mirror is properly plugged into a working outlet or if the hard-wired connection is secure. Ensure the circuit breaker is not tripped.
- **Lights Not Responding to Touch:** Ensure your fingers are clean and dry when operating the touch buttons. If the issue persists, try unplugging the mirror for a few minutes and then reconnecting it.
- **Anti-Fog Function Not Working:** Verify that the anti-fog button has been pressed. Allow 1-2 minutes for the defogger to reach its operating temperature.
- **Inconsistent Brightness/Color:** If the light settings are not as expected, try resetting them using the touch controls. The memory function should retain your last settings.

For issues not resolved by these steps, please contact Memobarco customer support for assistance.

7. SPECIFICATIONS

Feature	Detail
Brand	Memobarco
Model Number	P723314221137
UPC	723314221137
Product Dimensions	71.99"L x 36"W
Shape	Rectangular
Material	Glass (5MM silver-coated)
Frame Material	Aluminum Alloy
Frame Color	Silver

Lighting Type	LED (Frontlit and Backlit)
Color Temperatures	3000K (Warm), 4000K (Natural), 6000K (White)
