## Meifigno Qi2 Certified 3-in-1 Foldable Wireless Charger

# Meifigno Qi2 Certified 3-in-1 Foldable Wireless Charger User Manual

Model: Qi2 Certified 3-in-1 Foldable Wireless Charger

### INTRODUCTION

Thank you for choosing the Meifigno Qi2 Certified 3-in-1 Foldable Wireless Charger. This device is designed to provide efficient and safe wireless charging for your compatible iPhone, Apple Watch, and AirPods simultaneously. Its foldable and compact design makes it ideal for both home use and travel. Please read this manual thoroughly to ensure proper setup and operation.

## KEY FEATURES

- **Qi2 Certified & 15W Fast Charging:** Ensures optimal charging efficiency and stable performance, providing up to 15W fast wireless charging for compatible devices.
- **Foldable & Portable Design:** Features an adjustable angle (0°-65°) for phone charging and a rotatable watch stand (200°). Folds compactly for easy storage and travel.
- **Strong Magnetic Alignment:** Equipped with N52 Neodymium Magnets for secure and automatic device alignment, allowing for vertical or horizontal phone charging.
- **PD 30W Charging Accessories Included:** Comes with a 30W PD charging adapter and a USB C-C cable for immediate fast charging.
- **Safe & Reliable Charging:** Built-in intelligent IC chips provide multiple protection features, including over-temperature, over-voltage, over-current, and short-circuit protection.

## SETUP

1. **Connect Power:** Plug the provided USB C-C cable into the charger's input port and connect the other end to the included PD 30W power adapter. Plug the adapter into a wall outlet.
2. **Unfold the Charger:** Gently unfold the main charging pad to the desired angle for your phone. The watch charging stand can be rotated outwards.
3. **Placement:** Place the charger on a stable, flat surface.

## OPERATING INSTRUCTIONS

This charger allows for simultaneous charging of up to three compatible devices:

- **For iPhone (MagSafe Compatible):** Place your iPhone on the main upright charging pad. The strong magnetic alignment will automatically secure your device. You can charge your phone vertically or horizontally.
- **For Apple Watch:** Rotate the dedicated watch charging stand outwards and place your Apple Watch on it. The magnetic module will align and begin charging. The watch stand supports both upward rotation charging and lay-flat charging modes.
- **For AirPods (with Wireless Charging Case):** Place your AirPods case on the flat charging area at the base of the unit.

## COMPATIBILITY

The Meifigno Qi2 Certified 3-in-1 Foldable Wireless Charger is compatible with the following devices:

- **iPhone:** Compatible with MagSafe-enabled iPhone 17 Pro Max/17 Pro/17/iPhone Air/16 Pro Max/16 Pro/16 Plus/16/15 Pro Max/15 Pro/15 Plus/15/14 Pro Max/14 Pro/14 Plus/14/13 Pro Max/13 Pro/13/13 mini/12 Pro Max/12 Pro/12/12 mini.
- **Apple Watch:** Apple Watches Ultra/2/3; Apple Watch Series 11/10/9/8/7/6/5/4/3/2/SE/SE 2/SE 3; Apple Watch Nike+/Hermes.
- **AirPods:** AirPods 4/AirPods Pro 2/Pro/3/2 (with Wireless Charging Case) & other earbuds that support wireless charging.
- **Note for Non-Magnetic Phones:** For non-magnetic phones (e.g., Samsung S25-S22 Series, Google Pixel 9-6, iPhone 16E/11/8/XS/XR Series), a magnetic case is required to ensure proper magnetic attraction and charging. Regular cases may weaken the magnetic connection.

## An Essential Item For Everyone To Carry On The Go

## SAFETY AND PROTECTION

The Meifigno Qi2 Certified 3-in-1 Foldable Wireless Charger incorporates advanced safety features to protect your devices during charging:

- **Over-Temperature Protection:** Prevents the charger and your devices from overheating.
- **Over-Voltage Protection:** Safeguards against excessive voltage input.
- **Over-Current Protection:** Protects against current surges.
- **Short-Circuit Protection:** Ensures safety in case of electrical short circuits.

These intelligent protection mechanisms ensure a safe and reliable charging experience, preserving the longevity of your devices' batteries.

# Safe & Reliable Charging

Built in intelligent IC chips to provide multiple protections

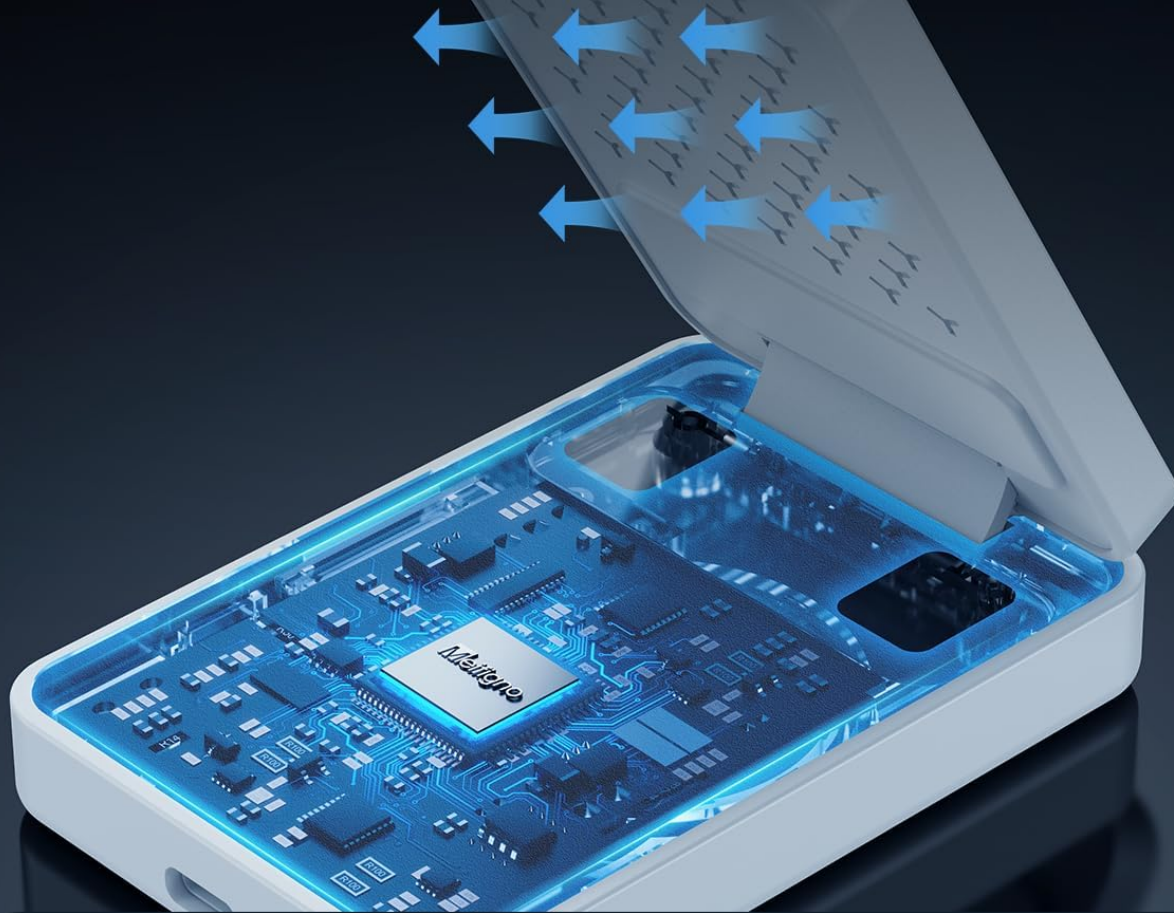

Image: An illustration of the charger's internal safety features, including intelligent IC chips, and a comparison of device battery health with proper charging.

## MAINTENANCE

- **Cleaning:** Disconnect the charger from the power source before cleaning. Use a soft, dry cloth to wipe the surface. Avoid using abrasive cleaners, solvents, or harsh chemicals.
- **Storage:** When not in use, fold the charger into its compact form and store it in a cool, dry place away from direct sunlight and extreme temperatures.

- **Handling:** Avoid dropping or subjecting the charger to strong impacts, as this may damage internal components.

## TROUBLESHOOTING

- **Device Not Charging:**
  - Ensure the charger is properly connected to the included PD 30W adapter and a working power outlet.
  - Verify that your device is correctly aligned on the charging pad. Magnetic alignment should be firm.
  - Remove any thick or non-magnetic cases from your phone or AirPods that might interfere with wireless charging. For non-MagSafe phones, a magnetic case is essential.
  - Check if your device is compatible with wireless charging.
- **Slow Charging:**
  - Ensure you are using the provided PD 30W power adapter and USB C-C cable. Using a lower wattage adapter may result in slower charging speeds.
  - Confirm proper device alignment. Misalignment can reduce charging efficiency.
  - Avoid charging in excessively hot environments, as this can trigger temperature protection and slow down charging.
- **Overheating:**
  - If the charger or your device feels excessively hot, remove the device immediately.
  - Ensure there is adequate ventilation around the charger. Do not place it on soft surfaces that can block airflow.
  - Check for any foreign objects between the charger and your device.
