Umadiya 3116

Umadiya Roaring Power Architect 3-in-1 Building Blocks

Model: 3116

Introduction

Welcome to the world of Umadiya Roaring Power Architect Building Blocks! This 3-in-1 set allows you to construct three distinct models: a powerful dinosaur, a dynamic aircraft, and a sleek racing car. Designed to foster creativity, logical thinking, and fine motor skills, this set provides hours of engaging and educational play for children aged 6 and above.

Image: The Umadiya Roaring Power Architect 3-in-1 Building Blocks set, showcasing the three possible models: a dinosaur, an aircraft, and a racing car, all constructed from the same set of red and white interlocking bricks.

Safety Information

Please read this section carefully before use.

- **Choking Hazard:** This product contains small parts and is not suitable for children under 3 years of age. Adult supervision is recommended during assembly and play for all ages.

- **Material Safety:** The building blocks are made from high-quality, non-toxic plastic. Ensure children do not ingest any parts.
- **Proper Use:** Do not throw or swing the assembled models at people or animals. Avoid excessive force during assembly to prevent damage to the blocks.
- **Storage:** Store all parts in a safe place away from young children and pets when not in use.

Parts List

Your Umadiya Roaring Power Architect set includes over 374 interlocking building block bricks. These pieces are carefully packaged to ensure all components are present. Please verify the contents against the included instruction booklet upon opening the box.

Setup & Assembly

This set allows you to build three primary models: a Dinosaur, an Aircraft, and a Car. A detailed, step-by-step instruction guide is included in your package for each of these main models. Follow the visual instructions carefully for optimal assembly.

1. Assembling the Dinosaur Model

Refer to the dedicated section in your instruction manual for building the dinosaur. This model focuses on creating a robust and articulated dinosaur figure, emphasizing structural stability and movable joints.

Image: A fully assembled red and black dinosaur model from the Umadiya Roaring Power Architect set, standing on a grassy landscape.

2. Assembling the Aircraft Model

Follow the instructions for the aircraft model to construct a detailed flying machine. This build often involves creating wings, propellers, and a fuselage, focusing on aerodynamic shapes and functional components.

3. Assembling the Car Model

The car model guide will lead you through building a sleek racing car. Pay attention to details like the chassis, wheels, and cockpit to create a realistic and sturdy vehicle.

Operating Instructions

Once assembled, the Umadiya Roaring Power Architect models are ready for imaginative play. These interlocking blocks are designed for durability, allowing for active engagement.

- **Creative Play:** Encourage children to use their imagination to create stories and scenarios with their assembled models.
- **Rebuilding:** The 3-in-1 nature of the set means models can be disassembled and rebuilt into different forms, promoting continuous engagement and problem-solving skills.
- **Interlocking Compatibility:** The blocks are compatible with major building block brands, allowing for expansion and integration with other sets to create even larger and more complex structures.

Maintenance

Proper care will ensure the longevity of your building block set.

- **Cleaning:** To clean the blocks, wipe them with a damp cloth and mild soap. Rinse thoroughly with clean water and

allow them to air dry completely before storing. Do not use harsh chemicals or abrasive cleaners.

- **Storage:** Store the blocks in a cool, dry place away from direct sunlight to prevent discoloration or warping. Keep them in their original box or a dedicated storage container to prevent loss of pieces.
- **Handling:** While durable, avoid stepping on the blocks or applying extreme pressure, as this can cause damage.

Troubleshooting

- **Missing Pieces:** If you find any pieces missing upon opening the set, please contact Umadiya customer support with your purchase details.
- **Difficulty Assembling:** If you encounter difficulty following the instructions, double-check each step in the manual. Ensure you are using the correct pieces and that they are oriented correctly. Sometimes, a fresh look or a short break can help.
- **Limited Instructions for Multiple Models:** The included manual provides detailed instructions for the three main models (Dinosaur, Aircraft, Car). While the product may be advertised as having more potential configurations (e.g., "30-in-1"), the detailed guides are for the primary builds. Users are encouraged to use their creativity and the provided blocks to design and build additional unique models beyond the main three.
- **Blocks Not Fitting Properly:** Ensure the blocks are clean and free from debris. Apply gentle, even pressure to connect pieces. If a block consistently does not fit, check if it is damaged or if you are trying to connect incompatible pieces.

Specifications

Brand	Umadiya
Model Name	Roaring Power Architect (Model 3116)
Number of Pieces	374+
Material	Plastic
Item Dimensions	50 x 50 x 50 Millimeters
Item Weight	350 Grams
Minimum Recommended Age	36 Months (3 years)
Educational Objective	Logical Thinking, Hand-Eye Coordination, Creative Thinking, Motor Skills, Imagination Development

Warranty & Support
