LUKYMIRO M30

LUKYMIRO M30 Rechargeable 1X/10X Magnifying Lighted Mirror User Manual

Model: M30

IMPORTANT SAFETY INFORMATION

Please read all safety instructions before using the LUKYMIRO M30 mirror.

- Always mount the mirror on a smooth, flat surface and ensure it is secure before use.
- Do not use the mirror while it is charging.
- Keep the mirror and battery out of reach of children and pets.
- Do not use the magnifying function while shaving or trimming nose hair to prevent injury.
- In case of breakage, dispose of the mirror and battery safely to prevent injury or fire.
- This product is not waterproof. Avoid prolonged exposure to water or steam. Soaking in water can damage the mirror.

PRODUCT OVERVIEW

The LUKYMIRO M30 is a versatile, rechargeable lighted mirror designed for various personal grooming needs. It features double-sided magnification (1X and 10X) and adjustable lighting.

Image: LUKYMIRO M30 mirror in tabletop and wall-mounted positions, alongside its USB-C charging cable.

Key Features:

- **Double-Sided Magnification:** Features a 1X regular mirror and a 10X magnifying mirror for detailed tasks.
- **Rechargeable & Cordless:** Equipped with a built-in battery and USB-C charging for portable use.
- **3 Color Lighting:** Offers cool white, warm yellow, and natural light settings with dimmable brightness.
- **Versatile Mounting:** Can be used as a tabletop mirror or wall-mounted with a locking suction cup.
- **360° Rotation:** Allows for flexible viewing angles in both tabletop and wall-mounted configurations.

PACKAGE CONTENTS

Please verify that all items are present in your package:

- LUKYMIRO M30 Lighted Magnifying Mirror (1X/10X)
- Suction Cup Mount
- USB-C Charging Cable
- User Manual (this document)

SETUP AND INSTALLATION

A. Wall Mount Installation (Suction Cup)

The suction cup mount allows for easy, drill-free installation on smooth, non-porous surfaces.

1. **Choose a Suitable Surface:** The suction cup works best on smooth, dry surfaces such as mirrors, glass, or smooth tiles. Avoid patterned or porous surfaces.
2. **Clean the Surface:** Wipe the chosen surface thoroughly with a clean, dry cloth to remove any dust, moisture, or oils.
3. **Attach the Suction Cup:** Press the suction cup firmly against the clean, dry surface.
4. **Mount the Mirror:** Place the mirror onto the suction cup attachment.
5. **Secure the Nut:** Tighten the nut on the suction cup mechanism to lock the mirror in place.

Image: The LUKYMIRO M30 mirror configured for wall mounting with suction cup and as a tabletop mirror.

Note: For optimal adhesion, periodically re-tighten the suction cup nut (e.g., every 2-3 months). The suction cup is washable; do not wipe it with tissue or cloth as this may shorten its lifespan.

B. Tabletop Use

The mirror can also be used as a freestanding tabletop unit. Simply unfold the base to create a stable stand.

OPERATING INSTRUCTIONS

A. Powering On/Off and Light Adjustment

The mirror features a touch-sensitive button for controlling the light.

- **Power On/Off:** Press the touch button once to turn the light on or off.
- **Change Light Color:** With the light on, press the touch button repeatedly to cycle through the three color modes: cool white, warm yellow, and natural light.
- **Adjust Brightness:** When the light is on, press and hold the touch button to smoothly dim or brighten the light. Release when the desired brightness is reached.

Adjustable 3 Color Lights

Image: The LUKYMIRO M30 mirror displaying its three adjustable light color settings: cool light, warm light, and natural light.

B. Using Magnification

The LUKYMIRO M30 mirror offers both 1X (true image) and 10X magnification.

- **1X Mirror:** Provides a standard, unmagnified reflection for general viewing.
- **10X Magnifying Mirror:** Ideal for detailed tasks such as makeup application, eyebrow grooming, or shaving. For a clear, undistorted reflection, position your face within 4 inches (approximately 10 cm) of the 10X mirror. Moving further away may result in a blurry or inverted image.

1X 10X Double Sided Mirror

C. Charging the Mirror

The mirror is powered by a rechargeable battery and uses a USB-C cable.

- Connect the provided USB-C cable to the charging port on the mirror.
- Plug the other end of the USB-C cable into a compatible USB power adapter (not included) or a USB port.
- A red indicator light will illuminate during charging.
- The indicator light will turn green when the mirror is fully charged.
- A full charge typically takes approximately 3 hours and provides about 2 hours of working time.

1500mAh Rechargeable lighted mirror

MAINTENANCE

Proper maintenance ensures the longevity and performance of your LUKYMIRO M30 mirror.

- **Cleaning the Mirror Surface:** Use a soft, lint-free cloth to gently wipe the mirror surfaces. For stubborn spots, dampen the cloth slightly with water or a mild, non-abrasive glass cleaner. Avoid harsh chemicals.
- **Cleaning the Body:** Wipe the mirror body with a soft, dry cloth.
- **Suction Cup Care:** If the suction cup loses its grip, wash it with warm water and let it air dry completely. This can help restore its adhesive properties. Do not use tissues or abrasive materials on the suction cup.
- **Storage:** When not in use for extended periods, store the mirror in a cool, dry place away from direct sunlight and extreme temperatures.

TROUBLESHOOTING

Problem	Possible Cause	Solution
Light does not turn on.	Battery is depleted.	Charge the mirror using the provided USB-C cable.

Problem	Possible Cause	Solution
Light is dim or flickers.	Low battery.	Charge the mirror.
Suction cup does not hold.	Surface is not smooth/clean, or suction cup is dirty.	Ensure the surface is clean, dry, and smooth. Wash and air dry the suction cup. Re-tighten the nut.
10X magnification is blurry/inverted.	Incorrect viewing distance.	Ensure your face is within 4 inches (10 cm) of the 10X mirror for a clear image.

SPECIFICATIONS
