Safety Information

- Do not expose the earbuds or charging case to extreme temperatures, humidity, or liquids.
- Avoid dropping or subjecting the device to strong impacts.
- Do not attempt to disassemble or repair the device yourself. Refer to qualified service personnel.

- Keep out of reach of children and pets.
- Use only the provided charging cable and adapter.
- Prolonged exposure to loud sounds may cause hearing damage. Adjust volume to a safe level.

Package Contents

Verify that all items are present in your package:

- AI Language Translation Earbuds (Left and Right)
- Charging Case with LCD Touch Screen
- USB-C Charging Cable
- User Manual

Product Overview

The EUQQ AI Language Translation Earbuds feature an open-ear design for comfort and situational awareness, combined with advanced audio and translation technologies.

Image: The EUQQ AI Language Translation Earbuds resting in their charging case, which features an LCD touch screen displaying time and battery status.

Image: Key features of the earbuds, including Crystal-Clear AAC Sound Quality, Advanced Air Conduction Technology, 60 Hours of Total Playtime, Safe and Reliable Usage, Open-Ear Comfort Design, and IP68 Waterproof Protection.

Key Components:

- **Earbuds:** Equipped with 14.2mm bio-carbon fiber dynamic coils for rich audio and precision directional sound design.
- **Charging Case:** Features an LCD full-color touch screen for intuitive control and information display.
- **Bluetooth 5.4:** Provides stable and efficient wireless connectivity.

Setup

1. Charging the Earbuds and Case:

Before first use, fully charge the earbuds and the charging case. Place the earbuds into the charging case and connect the USB-C cable to the charging port on the case. Connect the other end to a compatible USB power source.

- A full charge takes approximately 1.5 hours.
- The charging case provides up to 60 hours of total playtime.
- Earbuds offer up to 8 hours of single playtime.

2. App Installation and Connection:

To utilize the full translation capabilities and smart features, download the dedicated 'NebulaBuds' app on your smartphone.

1. Scan the QR code provided in the charging case or the physical user manual to download the 'NebulaBuds' app.
2. Ensure Bluetooth is enabled on your mobile phone.
3. Open the 'NebulaBuds' app. The app will automatically prompt for Bluetooth permissions. Grant the necessary permissions.
4. The app will automatically detect and display the 'YYK-Q16 Pro AI' device. Select it and confirm to connect.

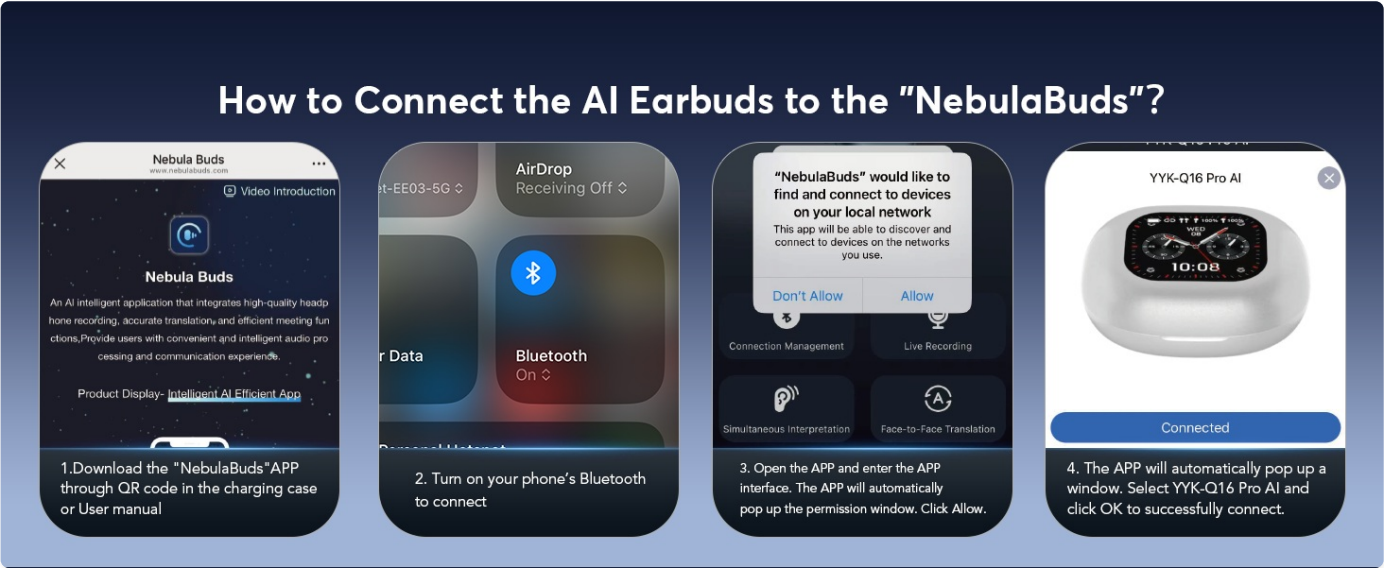

Image: Step-by-step guide on connecting the AI Earbuds to the 'NebulaBuds' app, showing QR code scanning, Bluetooth activation, app permission, and successful connection.

3. Bluetooth Pairing (Initial Connection):

Once the earbuds are charged, they will automatically enter pairing mode when removed from the case. On your device, search for 'YYK-Q16 Pro AI' in the Bluetooth settings and select to connect.

Operating Instructions

1. LCD Touch Screen Functions:

The charging case features a multifunctional LCD touch screen, allowing direct control over various settings without needing your phone for every action.

LCD Full Color Touch Screen Multi-Function

Image: The LCD Full Color Touch Screen on the charging case, displaying various functions such as Dial Settings, Sound Effects, Mode Selection, Music Playback, AI Translation, Timer, Calendar, Key Settings, Language Switch, Counter, Camera, and System Menu.

Functions accessible via the touch screen include:

- Music playback control (play/pause, skip tracks)
- Answering/ending calls
- Activating noise-canceling mode (if applicable)

- Volume adjustment
- Camera control
- Language switching (for device interface)
- Wallpaper switching
- Screen brightness adjustment
- Headphone search
- Timer

2. Real-Time Language Translation:

The earbuds support real-time translation for 144 languages and accents. Ensure both earbuds are connected via Bluetooth and the 'NebulaBuds' app is open with the correct languages selected for translation.

Break The Language Barrier & Real-Time Translation in 144 Languages

Image: Depicts the earbuds' ability to break language barriers, showing real-time translation in 144 languages with examples of flags for English, German, Spanish, French, Chinese, Russian, Japanese, and Arabic.

Translation Modes:

The earbuds offer four primary translation modes, including support for offline translation in most parts of the world:

- **Touch Mode:** Tap the earbud to initiate translation.
- **Free-speech Mode:** Continuous translation without manual input.

- **Speaker Mode:** One earbud translates and plays audio through the speaker, while the other person speaks into the phone.
- **Offline Mode:** Translate without an internet connection (requires pre-downloaded language packs).

Maintenance

- **Cleaning:** Use a soft, dry cloth to clean the earbuds and charging case. Do not use abrasive cleaners or immerse in water.
- **Storage:** Store the earbuds in their charging case when not in use to protect them and keep them charged. Store in a cool, dry place away from direct sunlight.
- **Battery Care:** To prolong battery life, avoid fully discharging the battery frequently. Charge regularly, even if not used for extended periods.

Troubleshooting

Problem	Possible Cause	Solution
Earbuds not pairing	Low battery; Bluetooth off; Out of range; Pairing mode not active.	Charge earbuds; Enable Bluetooth on device; Move closer to device; Place earbuds in case and remove to re-enter pairing mode.

Problem	Possible Cause	Solution
No sound	Volume too low; Earbuds not connected; Media paused.	Increase volume; Reconnect earbuds; Check media playback.
Translation not working	No internet connection (for online modes); Incorrect language selection; App not open.	Ensure stable internet connection; Verify language settings in 'NebulaBuds' app; Open the app.
Charging case screen unresponsive	Low battery; Software glitch.	Charge the case; Restart the case by connecting/disconnecting power or waiting for it to power cycle.

Specifications

- **Model Number:** M96
