ASAKUKI 3L Humidifier & Essential Oil Blends User Manual

Model: 9ac9e5ba-b0be-475d-a505-99147667d9a2

INTRODUCTION

Thank you for choosing the ASAKUKI 3L Humidifier with Essential Oil Blends. This product is designed to enhance your living environment by providing cool mist humidification, aromatherapy diffusion, and a soothing night light. Please read this manual thoroughly before operation to ensure proper use, maintenance, and safety.

IMPORTANT SAFETY INSTRUCTIONS

To reduce the risk of fire, electric shock, or injury, please observe the following safety precautions:

- Always place the humidifier on a firm, flat, waterproof surface away from direct sunlight and heat sources.
- Do not place the humidifier near furniture or appliances that are sensitive to water.
- Do not immerse the base unit in water or other liquids.
- Unplug the humidifier from the power outlet before filling, cleaning, or moving.
- Do not add water to the mist outlet. Only fill the water tank.
- Use only clean, cool tap water. Distilled or demineralized water is recommended to prevent white dust.
- Keep out of reach of children and pets.
- Do not block the air intake or mist outlet.
- If the humidifier emits an unusual smell or sound, unplug it immediately.
- Only use ASAKUKI essential oils or other high-quality, water-soluble essential oils designed for diffusers.

PACKAGE CONTENTS

Please check the package contents upon opening:

- ASAKUKI 3L Humidifier Unit
- Power Adapter

- Essential Oil Blends Set (6 x 10ml bottles: Breathe, Uplift, Sensual, Rest, Unwind, Balance)

PRODUCT OVERVIEW

Familiarize yourself with the main components of your ASAKUKI Humidifier:

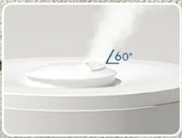

- **Water Tank:** 3-liter capacity for extended operation.
- **Mist Outlet:** Top opening for mist release, with a 360-degree rotatable nozzle.
- **Control Knob:** Adjusts mist output from MIN to MAX, and turns the unit ON/OFF.
- **Night Light Button:** Activates or deactivates the integrated night light.
- **Aromatherapy Tray:** Located at the base, for adding essential oils to a scent pad.
- **Base Unit:** Contains the ultrasonic transducer and electronic components.

Easily Customize Your Mist

SETUP

- 1. Unpack:** Carefully remove all packaging materials and place the humidifier on a flat, stable, and waterproof surface.
- 2. Fill Water Tank:**
 - Remove the top cover of the humidifier.
 - Pour clean, cool tap water directly into the water tank. Do not exceed the MAX fill line. Distilled or demineralized water is recommended to minimize mineral buildup.
 - Replace the top cover securely.
- 3. Add Essential Oils (Optional):**
 - Locate the aromatherapy tray at the base of the humidifier.

- Pull out the tray and add 5-10 drops of your desired essential oil onto the included scent pad.
 - Slide the tray back into place.
4. **Connect Power:** Plug the power adapter into the humidifier's power port, then plug the adapter into a standard electrical outlet.

OPERATING INSTRUCTIONS

1. **Power On/Off and Mist Adjustment:**

- Turn the control knob clockwise to the "MIN" position to turn on the humidifier.
- Continue turning the knob clockwise towards "MAX" to increase the mist output.
- Turn the knob counter-clockwise to the "OFF" position to turn off the humidifier.

2. **Adjust Mist Direction:** Rotate the mist outlet nozzle on top of the humidifier to direct the mist flow as desired.

3. **Night Light Function:**

- Press the night light button (light bulb icon) once to turn on the soothing night light.
- Press the button again to turn off the night light.

4. **Automatic Shut-off:** The humidifier will automatically shut off when the water level is too low, indicated by a red light. Refill the tank to resume operation.

ESSENTIAL OIL BLENDS INFORMATION

Your humidifier comes with a "Zen Breeze Serenity" Well-wishing essential oils set, designed to enhance your well-being. These oils are crafted using Supercritical CO2 Extraction for long-lasting aroma and therapeutic efficacy.

- **Uplift:** Contains Clove, Rosemary, Lemongrass, Peppermint. Designed to refresh clarity and boost productivity.
- **Balance:** Contains Clove, Lavender, Ylang-ylang, Jasmine. Designed to promote a sense of balance and confidence.
- Other blends include Breathe, Sensual, Rest, and Unwind, each formulated for specific benefits.

Refresh Clarity, Boost Productivity

Image: A bottle of "Uplift" essential oil blend, with icons representing its key ingredients: Clove, Rosemary, Lemongrass, and Peppermint. A person is shown working, suggesting the oil's benefit for productivity.

Feel Balance, Confidence

Image: A bottle of "Balance" essential oil blend, with icons representing its key ingredients: Clove, Lavender, Ylang-ylang, and Jasmine. A person is shown meditating, suggesting the oil's benefit for inner balance.

Supercritical CO₂ Extraction

- ✓ Low boiling point extraction for long-lasting aroma
- ✓ Expertly crafted oil blends for better therapeutic efficacy (ready-to-use)

MAINTENANCE

Regular cleaning is essential for optimal performance and hygiene. Always unplug the humidifier before cleaning.

Daily Maintenance:

- Empty any remaining water from the tank and base.
- Wipe the tank and base dry with a clean cloth.

Weekly Cleaning:

- **Descaling:** If mineral deposits (white dust) accumulate, mix equal parts white vinegar and water. Pour the solution into the water tank and base, letting it soak for 20-30 minutes.
- Gently scrub the inside of the tank and the ultrasonic transducer with a soft brush or cloth.

- Rinse thoroughly with clean water until the vinegar smell is gone.
- **Aromatherapy Tray:** Clean the aromatherapy tray and replace the scent pad if it becomes discolored or loses effectiveness.

Storage:

When not in use for an extended period, clean and dry the humidifier thoroughly. Store it in a cool, dry place.

TROUBLESHOOTING

Problem	Possible Cause	Solution
No mist or low mist output	No power No water in tank Mineral buildup on transducer Mist outlet blocked	Check power connection Refill water tank Clean transducer (see Maintenance) Clear any obstructions from mist outlet
