The Ohuhu Acrylic Paint Markers are designed for immediate use without prior preparation. The cotton core structure eliminates the need for shaking or pressing, which is common with traditional paint markers.

1. **Uncap the Marker:** Simply remove the colored cap from either end of the marker to begin drawing or coloring.
2. **Color Identification:** The color of the pen cap and tail corresponds to the ink color, allowing for quick and easy selection.

## 4. MAINTENANCE

To ensure optimal longevity and performance of your markers, follow these maintenance guidelines:

- Secure the Cap:** Always secure the cap tightly on both ends of the marker after each use to prevent the ink from drying out.
- Horizontal Storage:** Store the markers horizontally to ensure even ink distribution to both tips.
- Waterproof Feature:** Once the ink is fully dry, it exhibits waterproof properties. Avoid wiping the

surface before the ink has completely dried.

## 5. TROUBLESHOOTING

If you encounter any issues with your Ohuhu Acrylic Paint Markers, consider the following:

- **Dry Tip:** Ensure the cap was securely replaced after the last use. If a tip appears dry, try gently pressing it onto a scrap piece of paper for a few seconds to encourage ink flow.
- **Uneven Ink Flow:** Confirm the markers are stored horizontally. Vertical storage can cause ink to settle, leading to uneven flow.
- **Color Not Matching Cap:** While rare, manufacturing variations can occur. Refer to the included color swatch card (if available) to verify actual ink color.
