

## AFU CD-35GY

# AFU Portable CD Player User Manual

Model: CD-35GY | Brand: AFU

## INTRODUCTION

---

Thank you for choosing the AFU 2000mAh Portable CD Player with Bluetooth. This versatile device offers multiple playback options including CD, Bluetooth, USB, AUX, and FM radio, along with a built-in rechargeable battery for portability. This manual provides detailed instructions for setup, operation, maintenance, and troubleshooting to ensure optimal performance and enjoyment of your new CD player.

## WHAT'S IN THE Box

---

- CD Player x1
- User Manual x1
- Remote Control x1
- Type-C Charging Cable x1
- 3.5mm AUX Cable x1

Image: The AFU Portable CD Player shown with its essential accessories, including the remote control, Type-C charging cable, and 3.5mm AUX cable, all neatly arranged.

## PRODUCT OVERVIEW

The AFU Portable CD Player is designed for versatile audio playback with a focus on portability and sound quality. Key features include:

- **Bluetooth 5.3:** Supports both transmission (to headphones/speakers) and reception (from phones/MP3/iPad).
- **2000mAh Rechargeable Battery:** Provides up to 12 hours of playback on a 3-hour charge, ideal for outdoor use.
- **Dual Speakers:** Built-in high-fidelity speakers deliver clear surround sound.
- **Multiple Playback Modes:** CD, USB, AUX input, and FM Radio.
- **Anti-Skip Protection:** Ensures smooth CD playback without interruptions.
- **Music Equalizers:** 5 built-in EQ modes (FLAT, POP, JAZZ, CLASSIC, ROCK) for customized sound.
- **A-B Repeat Mode:** Useful for learning or repeating specific audio intervals.
- **Sleep Timer:** Customizable shutdown timer from 10 to 90 minutes.
- **Remote Control:** Convenient operation from a distance of up to 32.8 feet.

# Suitable for Other Scenarios

Easy to carry out, such as car

## Powering On/Off

Locate the power switch on the back of the device. Flip it to the 'ON' position. Then, press the power button on the front panel or the remote control to turn the device on. To power off, press the power button again or flip the switch on the back to 'OFF'.

## OPERATING INSTRUCTIONS

### CD Playback

1. Open the CD compartment cover.
2. Carefully place a CD onto the spindle, label side up.
3. Close the CD compartment cover firmly.
4. The player will automatically detect and begin playing the CD. Use the play/pause, skip forward/backward, and volume buttons to control playback.

### Bluetooth Functionality

This CD player supports both Bluetooth transmission (connecting to Bluetooth headphones/speakers) and reception (connecting to your phone/tablet as a Bluetooth speaker).

#### Bluetooth Receiver Mode (Connect your phone to the CD player)

1. Press the 'MODE' button until "bt" appears on the display.
2. On your mobile device, enable Bluetooth and search for available devices.
3. Select "AFU CD Player" (or similar) from the list to pair. Once connected, you can play audio from your device through the CD player's speakers.

Image: The CD player in Bluetooth receiver mode, wirelessly connected to a smartphone, allowing music to be streamed from the phone to the player's speakers.

#### Bluetooth Transmitter Mode (Connect the CD player to Bluetooth headphones/speakers)

1. Ensure your Bluetooth headphones or speaker are in pairing mode.
2. Press the 'MODE' button until "bt" appears. The player will automatically search for nearby Bluetooth devices.

3. Once connected, audio from the CD player (CD, USB, AUX, FM) will be transmitted to your Bluetooth headphones/speaker.

Image: The CD player in Bluetooth transmitter mode, capable of sending audio to external Bluetooth devices such as headphones and portable speakers.

## USB Playback

Insert a USB flash drive containing audio files into the USB port on the back of the device. The player will automatically switch to USB mode and begin playing. Supported formats include MP3, WAV, and others.

Image: The CD player with a USB flash drive inserted, demonstrating its capability to play audio files directly from a USB storage device.

## AUX Input

Connect an external audio device (e.g., smartphone, MP3 player) to the AUX input port on the CD player using the provided 3.5mm AUX cable. Press the 'MODE' button until "AUX" appears on the display. Audio from your external device will play through the CD player's speakers.

Image: The CD player connected to a smartphone using a 3.5mm AUX cable, illustrating its ability to play audio from external devices.

## FM Radio

Press the 'MODE' button until the FM frequency appears on the display. Use the skip forward/backward buttons to tune to different FM stations (87.5-108Mhz). The independent radio module ensures high sensitivity and stable signal reception.

Image: The CD player tuned to an FM radio station, with visual cues indicating stable signal reception across various frequencies.

## A-B Repeat Mode

While playing a CD or USB audio, press the 'REPEAT' button once to set point A. Press it again to set point B. The player will continuously repeat the section between A and B. Press 'REPEAT' a third time to exit A-B repeat mode.

# Bluetooth Dual Speaker

Receive Bluetooth signal from mobile phones, MP3 player, iPad ect, enjoy your wireless music

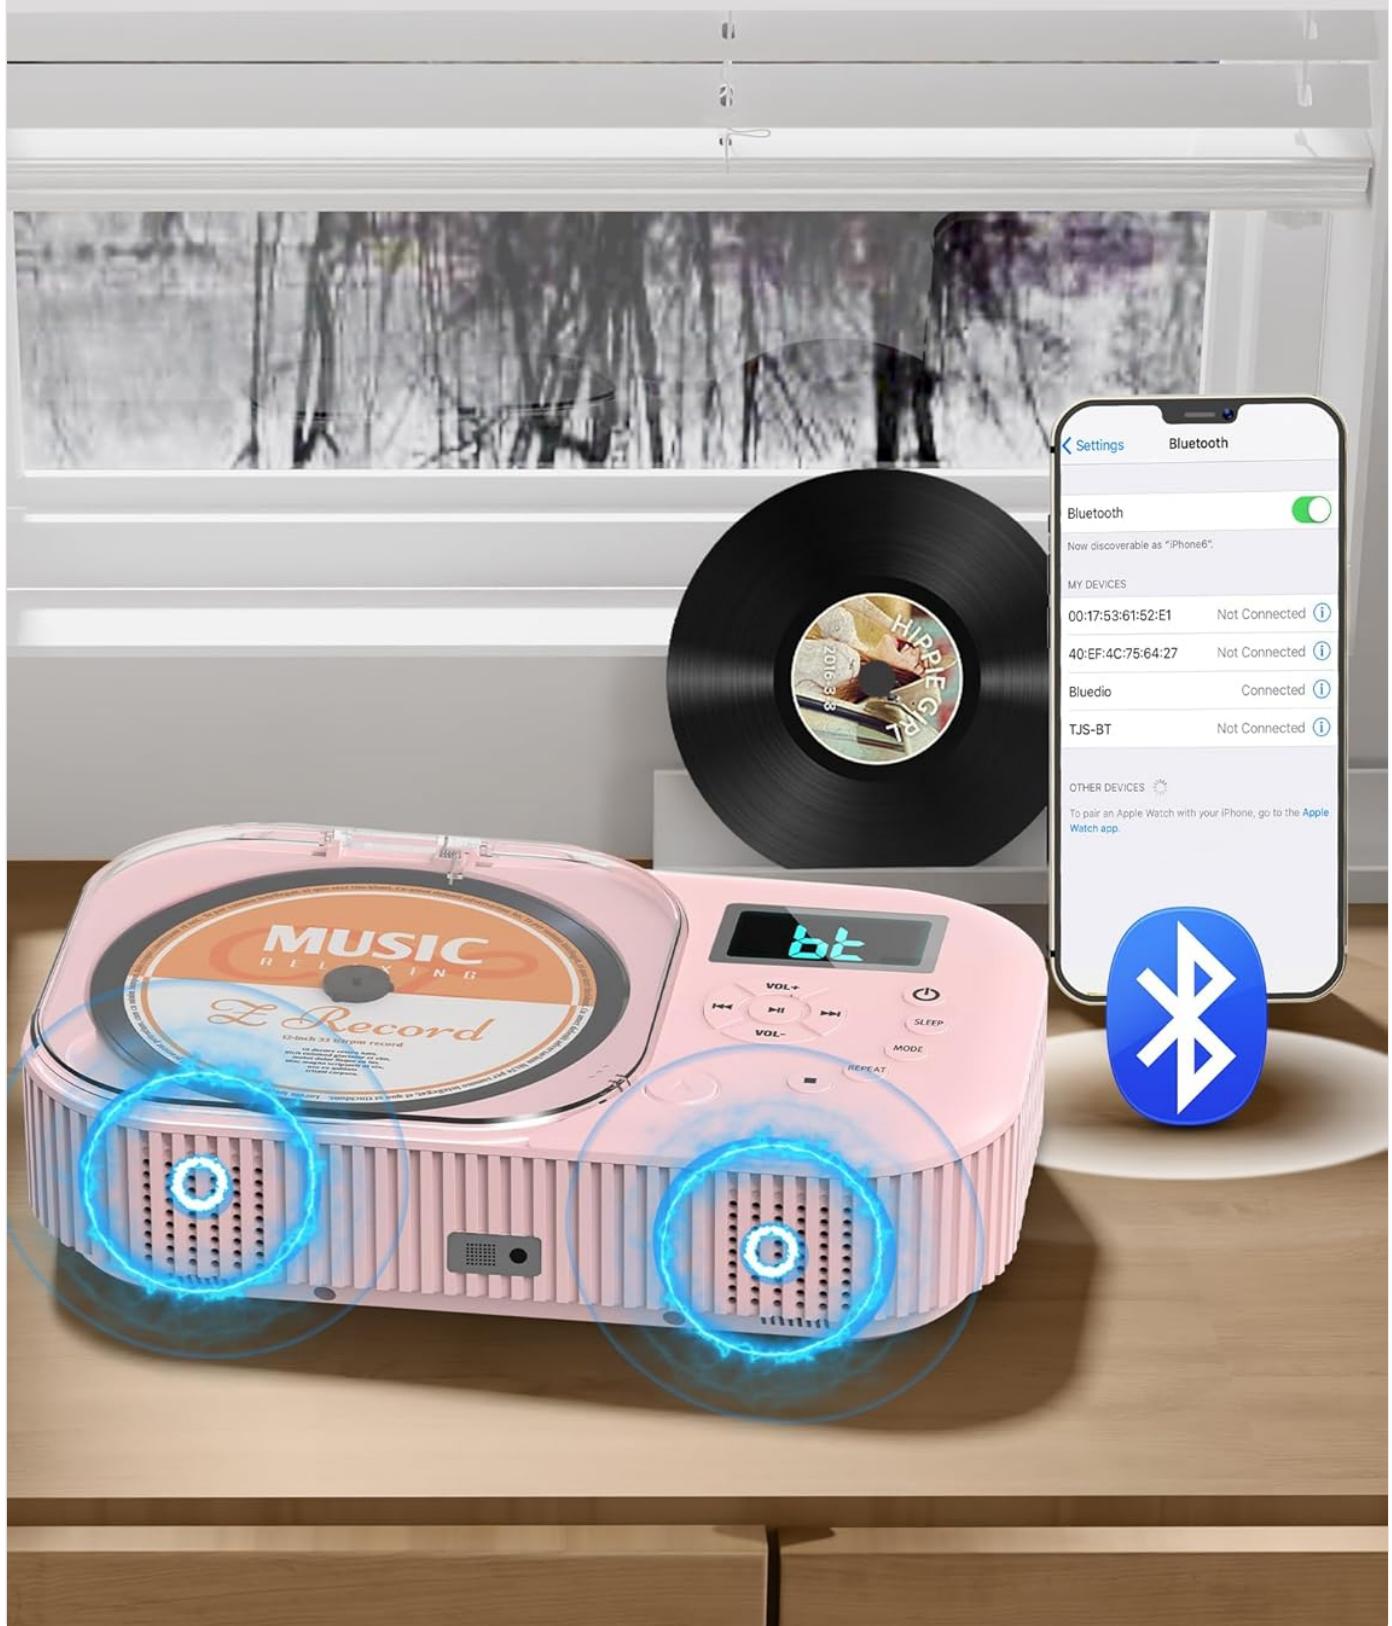

Image: The CD player illustrating its A-B Repeat function, useful for language learning, and its Sleep Timer feature, allowing users to fall asleep to music.

## Sleep Timer

Press the 'SLEEP' button repeatedly to cycle through sleep timer options (10, 20, 30, 40, 50, 60, 70, 80, 90 minutes). The player will automatically shut down after the selected time. To cancel, cycle through the options until the timer is off.

## MAINTENANCE

---

### Cleaning the Laser Head

Dust and dirt on the laser head can affect CD reading. Gently wipe the laser head with a special cleaning disc or a cotton swab. Ensure the device is powered off before cleaning.

### General Care

- Keep the device in a dry, dust-free environment.
- Avoid exposing the device to extreme temperatures or direct sunlight.
- Clean the exterior with a soft, dry cloth. Do not use abrasive cleaners or solvents.
- Handle CDs and the CD compartment with care to prevent scratches or damage.

## TROUBLESHOOTING

---

### CD Player Not Playing CD

- Ensure the CD compartment door is closed tightly.
- Check for dust or dirt inside the laser head and CD player. Clean with a special cleaning disc or cotton swab.
- Inspect the CD for scratches, stains, or deformation. Use a clean, undamaged disc.
- If the laser head is poorly focused, try adjusting the laser focus manually or use a cleaning disc.
- If issues persist, internal parts may be damaged. Contact professional repair service.

Video: Troubleshooting steps for when the CD player does not play a CD, covering common issues like a loose CD door, dirty laser head, or damaged discs.

### Device Not Charging

- Check if the charging interface is loose or damaged. Clean or replace if necessary.
- Inspect the charging cable for damage or poor contact. Replace with a new charging cable if needed.
- Ensure the charging port is not cluttered or blocked. Clean or replace the port if necessary.

Video: Solutions for when the device is not charging, including checking the charging interface, cable, and port for issues.

### Bluetooth Not Working

- Note: This device does not support connecting to car Bluetooth.
- Turn off all other Bluetooth devices nearby or disable their Bluetooth function to reduce interference.
- Adjust the distance between the CD player and the Bluetooth device. Try bringing them closer to increase signal strength.
- Reboot the speaker/headphones or remove/disconnect the power for a minute to restart the device before connecting.
- Clear the paired device memory on both the CD player and the Bluetooth speaker/headphones, then try pairing again.
- Ensure Bluetooth is enabled on both devices.
