Green Lion OTG Adapter USB-A To Lightning Head User Manual

Model: 6935100190020

INTRODUCTION

This manual provides essential information for the proper use and maintenance of your Green Lion OTG Adapter USB-A To Lightning Head. Please read it thoroughly before using the product to ensure optimal performance and longevity.

The Green Lion OTG Adapter is designed for seamless data transfer and connectivity between devices such as laptops, tablets, and smartphones. Its robust zinc alloy construction ensures durability and efficient performance.

PRODUCT OVERVIEW

Figure 1: Front view of the Green Lion OTG Adapter USB-A To Lightning Head, showcasing its compact design and metallic finish.

Figure 2: Packaging of the Green Lion OTG Adapter, highlighting key features and specifications.

The Green Lion OTG Adapter features a USB-A port on one end and a Lightning Head connector on the other, allowing for versatile connectivity. It is constructed from a durable zinc alloy shell.

Key Features:

- **Long-Term Use:** Built with a premium zinc alloy shell, ensuring durability and resistance to wear for extended usage.
- **Wide Compatibility:** Seamlessly connects laptops, tablets, and phones, making data transfer effortless across multiple devices.
- **High-speed Transfer:** Supports up to 480Mbps transfer speed, enabling quick and efficient file transfers without delays.
- **Portable & Compact:** Lightweight and compact design allows easy carrying, perfect for travel or on-the-go use.
- **Robust Zinc Alloy Shell:** Premium metal construction offers superior durability and heat resistance for reliable performance.

SETUP AND INSTALLATION

The Green Lion OTG Adapter is designed for plug-and-play functionality, requiring no complex installation or drivers.

1. **Identify Ports:** Locate the USB-A port on your external device (e.g., USB flash drive, keyboard, mouse) and the Lightning port on your Apple device (iPhone, iPad).
2. **Connect External Device:** Insert the USB-A end of your external device into the USB-A port of the

Green Lion OTG Adapter. Ensure a secure connection.

3. **Connect to Apple Device:** Insert the Lightning Head of the Green Lion OTG Adapter into the Lightning port of your iPhone or iPad.
4. **Verify Connection:** Your Apple device should recognize the connected external device. For storage devices, you may need to navigate to the "Files" app to access content.

OPERATING INSTRUCTIONS

Data Transfer:

To transfer data, ensure both devices are properly connected via the OTG adapter. For storage devices like USB flash drives, open the "Files" app on your iOS device. You will see the external drive listed, allowing you to browse, copy, move, or delete files.

Connecting Peripherals:

The adapter supports various USB-A peripherals. For keyboards and mice, simply plug them in. Your iOS device should automatically detect and allow their use. For other devices, ensure they are compatible with iOS OTG functionality.

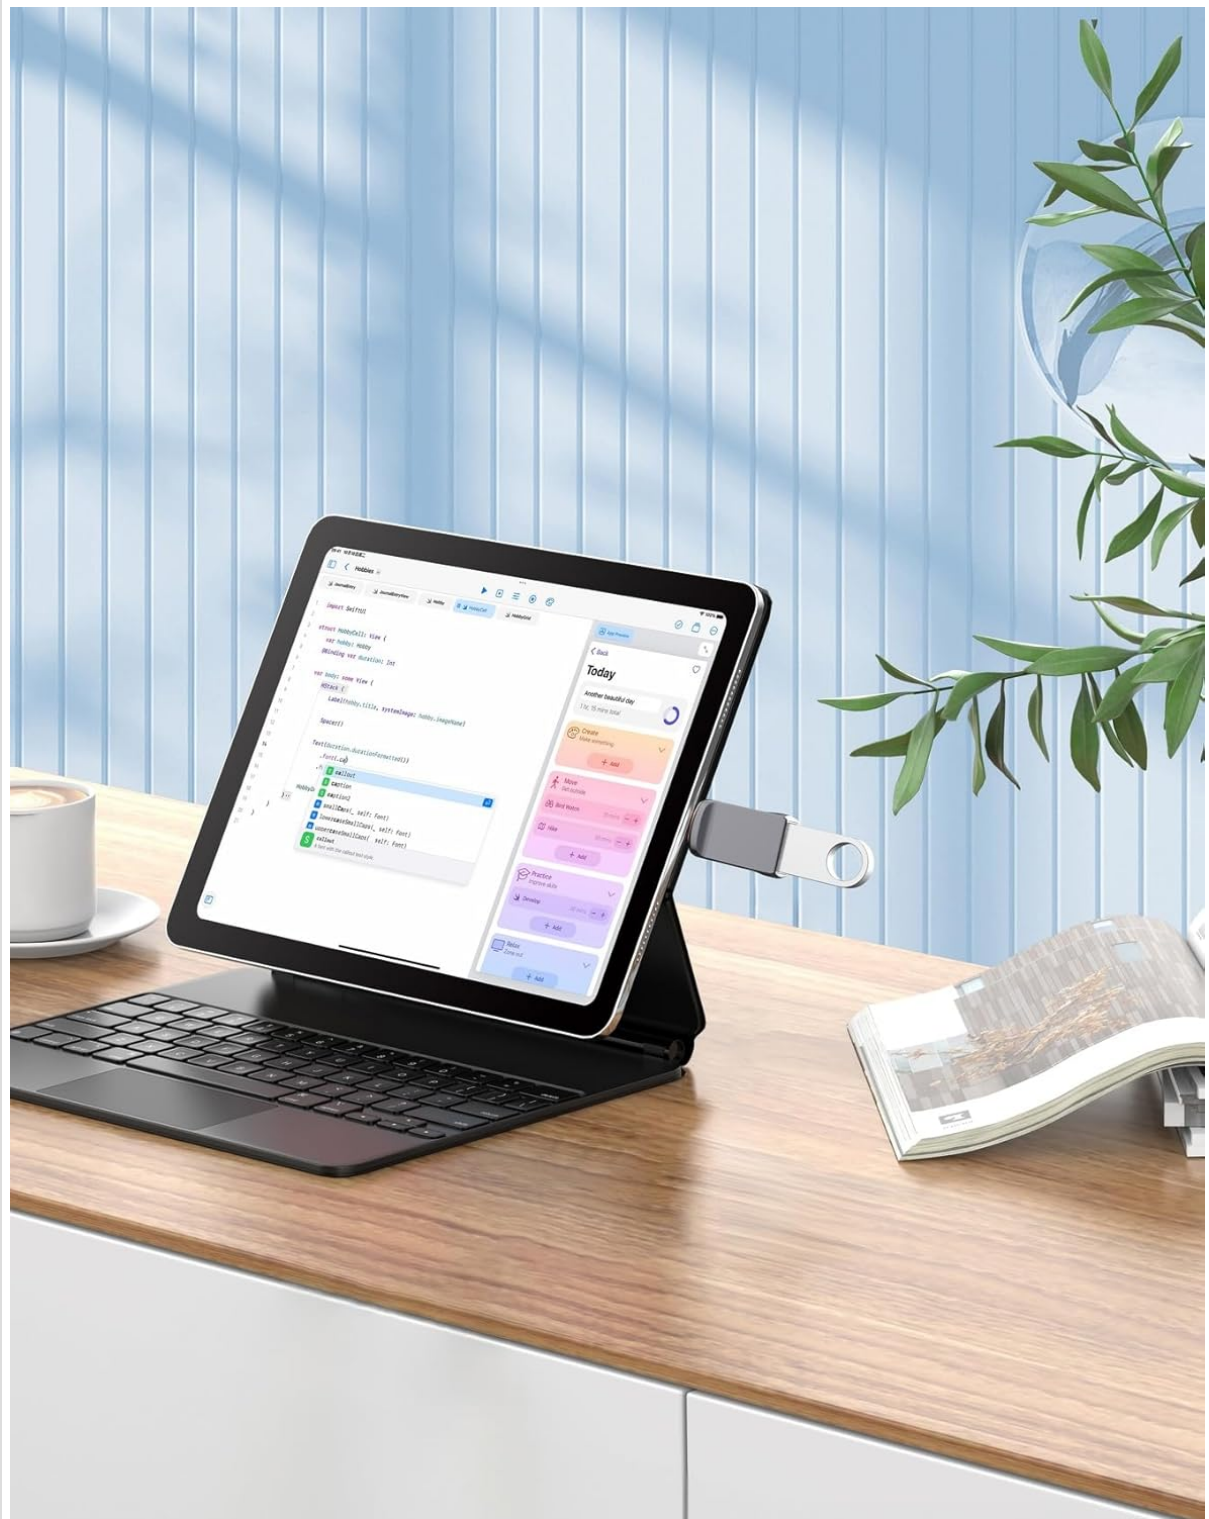

Figure 4: The OTG adapter connected to a tablet, illustrating its use with external devices like a USB drive for expanded

functionality.

MAINTENANCE

- **Cleaning:** Use a soft, dry cloth to clean the adapter. Avoid using liquid cleaners or abrasive materials.
- **Storage:** Store the adapter in a cool, dry place away from direct sunlight and extreme temperatures.
- **Handling:** Avoid dropping the adapter or subjecting it to strong impacts. Do not force connections.
- **Moisture:** Keep the adapter away from water and high humidity to prevent damage to internal components.

TROUBLESHOOTING

Problem	Possible Cause	Solution
Adapter not recognized by device.	Loose connection; Incompatible device; iOS version issue.	Ensure the adapter is fully inserted into both devices. Verify your external device is compatible with iOS OTG. Update your iOS to the latest version.
Slow data transfer speed.	External device limitation; File size.	The adapter supports up to 480Mbps. Ensure your external device is not the bottleneck. Transferring many small files can be slower than one large file.
External device not powered.	High power consumption of external device.	Some external devices (e.g., portable hard drives) require more power than an iOS device can provide via OTG. Use self-powered devices or a powered USB hub if necessary.

SPECIFICATIONS

Feature	Detail
Model Number	6935100190020
Product Dimensions	2.5 x 3.5 x 1.2 cm; 10 g (0.98 x 1.38 x 0.47 inches; 0.35 oz)
Connector Type	USB-A to Lightning Head
Transfer Speed	Up to 480Mbps
Material	Zinc Alloy Shell
Compatible Devices	Laptop, Tablet, Smartphone (with Lightning port)
Color	Gray
Manufacturer	Green Lion
Country of Origin	China

WARRANTY AND SUPPORT

The Green Lion OTG Adapter comes with a comprehensive warranty and dedicated customer support.

- **Warranty:** Enjoy a Free 30+30 months warranty from the date of purchase. This warranty covers manufacturing defects and material flaws under normal use.
- **Customer Service:** 24-hour customer service is available to assist you with any product-related inquiries or issues.
- **Technical Support:** Lifetime technical support is provided to ensure you get the most out of your Green Lion OTG Adapter.

For warranty claims or technical assistance, please contact Green Lion customer support through the official channels provided at the time of purchase or on the Green Lion website.
