## 2. SETUP

### Initial Charging

Before first use, fully charge the charging case and earbuds. Connect the provided Type-C charging cable to the charging case and a power source. The charging case can be fully charged in approximately 1 hour. The earbuds provide up to 7 hours of playback on a single charge, and the charging case extends total listening time to up to 24 hours.

### Bluetooth Pairing

Follow these steps to pair your Monster Open Ear AC317 Headphones with your device:

1. **Step 1:** Pick up the earbuds from the charging case. They will automatically power on and enter pairing mode.
2. **Step 2:** On your smartphone or Bluetooth-enabled device, go to the Bluetooth settings and search for "Monster Open Ear AC317" in the list of available devices.
3. **Step 3:** Select "Monster Open Ear AC317" to connect. You will hear a system voice prompt stating "Connected" once pairing is successful.

### 3. OPERATING INSTRUCTIONS

#### Wearing the Headphones

For optimal comfort and sound quality, ensure the headphones are worn correctly:

1. **Step 1:** Take out the earbuds from the case.
2. **Step 2:** From top to bottom, place the ear hook behind your ear.
3. **Step 3:** Adjust the earbud by gently twisting it until it sits comfortably and securely in your ear, without entering the ear canal.

## 4. MAINTENANCE

Proper maintenance ensures the longevity and optimal performance of your headphones.

### Cleaning

- Gently wipe the earbuds and charging case with a soft, dry, lint-free cloth.
- Do not use abrasive cleaners, alcohol, or chemical solvents.
- Keep charging contacts clean and free of debris.

### Water Resistance

The Monster Open Ear AC317 Headphones are IPX6 water resistant, meaning they can withstand strong jets of water. This makes them suitable for workouts and light rain. However, they are not designed for submersion in water. Avoid exposing them to saltwater, chlorinated water, or other liquids.

# IPX6 WATER RESISTANT

Rain, Humidity, Moisture Proof

## Storage

When not in use, store the headphones in their charging case to protect them from dust and damage.

## 5. TROUBLESHOOTING

If you encounter issues with your headphones, refer to the following common problems and solutions:

### No Sound or Intermittent Connection

- Ensure the headphones are fully charged.
- Verify that Bluetooth is enabled on your device and the headphones are connected.
- Move the headphones closer to your device to ensure they are within the 10-meter Bluetooth range.
- Try unpairing and re-pairing the headphones with your device.
- Restart both your device and the headphones.

### Headphones Not Charging

- Check if the charging cable is securely connected to both the case and the power source.
- Ensure the charging contacts on the earbuds and inside the case are clean and free of debris.
- Try using a different Type-C charging cable or power adapter.

Poor Call Quality

- Ensure the microphone is not obstructed.
- Move to a quieter environment, as AI noise reduction works best on consistent background noise.
- Check your device's call volume settings.
