KINDEEP LED Candelabra Light Bulbs User Manual

Model: 120VC3703DW6E12

INTRODUCTION

Thank you for choosing KINDEEP LED Candelabra Light Bulbs. These dimmable 60-watt equivalent bulbs provide 5000K Daylight white light with 600 lumens of brightness, designed for various fixtures including chandeliers, ceiling fans, and wall sconces. This manual provides essential information for the safe and effective use of your new light bulbs.

PRODUCT SPECIFICATIONS

Specification	Detail
Brand	KINDEEP
Model Name	Dimmable Candelabra Bulb
Light Type	LED
Special Feature	Dimmable
Wattage	6 Watts (60 Watt Equivalent)
Bulb Shape Size	C9 (Candle Shape)
Bulb Base	E12
Brightness	600 Lumens
Color Temperature	5000 Kelvin (Daylight White)
Voltage	110-130 Volts (50/60Hz)
Average Life	20,000 Hours

Specification	Detail
Material	Plastic-coated aluminum
Product Dimensions	1.46"W x 4.13"H (3.7cm x 10.5cm)
Item Weight	9.2 ounces (for 12-pack)

PRODUCT INFORMATION

SETUP AND INSTALLATION

These KINDEEP LED Candelabra Bulbs are designed for easy installation into standard E12 base fixtures. Ensure the

power to the fixture is turned off before installation.

1. **Safety First:** Before attempting to install or replace any light bulb, ensure the power supply to the light fixture is completely turned off at the circuit breaker or wall switch.
2. **Remove Old Bulb:** Carefully unscrew the old bulb from the fixture. Allow it to cool if it has been recently in use.
3. **Install New Bulb:** Gently screw the KINDEEP LED Candelabra Bulb into the E12 socket. Do not overtighten.
4. **Restore Power:** Once the bulb is securely in place, restore power to the fixture.

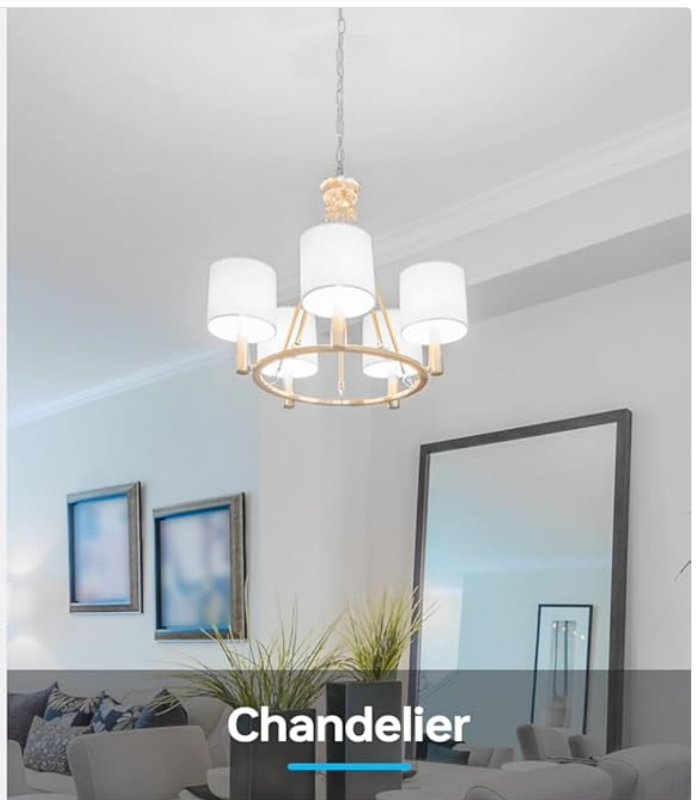

WIDE USAGE

Applicable to all 120V lamps and lights

OPERATING INSTRUCTIONS

Dimmable Functionality

The KINDEEP LED Candelabra Bulbs are fully dimmable, allowing you to adjust the light output from 0% to 100% brightness. They are compatible with most standard dimmer switches. For optimal performance and to avoid flickering, ensure your dimmer switch is designed for LED bulbs.

HIGH PERFORMANCE

Flicker-free, no buzz, care for your eyes and
create a comfortable atmosphere.

Light Quality

These bulbs provide 5000K Daylight White light, offering a bright and clear illumination suitable for various tasks and environments. With a 240-degree beam angle and 600 lumens, they ensure broad and effective lighting.

DIMMABLE BRIGHTNESS

MAINTENANCE

KINDEEP LED Candelabra Bulbs are designed for long-term, maintenance-free operation with an average lifespan of over 20,000 hours. No specific maintenance is required beyond occasional cleaning if dust accumulates. Always ensure the power is off before cleaning the bulb or fixture.

These bulbs are energy-efficient, saving up to 90% on energy bills compared to traditional incandescent bulbs.

EASY INSTALLATION

Stand E12 base, instant on, no breakable parts,
safe for family.

TROUBLESHOOTING

- Bulb Not Lighting Up:

- Ensure the bulb is screwed in securely into the E12 base.
- Check if the power switch is on and the circuit breaker has not tripped.
- Verify that the fixture itself is working correctly by testing with another known-good bulb.

- **Flickering or Dimming Issues:**

- Ensure your dimmer switch is compatible with LED bulbs. Older dimmer switches designed for incandescent bulbs may cause flickering.
- These KINDEEP bulbs are designed to be flicker-free. If flickering persists, try the bulb in a non-dimmable fixture to isolate the issue.

- **Slow to Illuminate:**

- While these bulbs are designed for quick illumination, some dimmer switches may introduce a slight delay. This is typically a characteristic of the dimmer and not the bulb.

PERFECT REPLACEMENT

Perfect replacement with **20000 hours** life span

Save up to

90%

on your energy bill

SAFETY INFORMATION

- Do not use these bulbs in fully enclosed fixtures unless specified by the fixture manufacturer, as this may shorten bulb

lifespan.

- Do not disassemble or modify the bulb.
- Avoid direct exposure to water or excessive humidity unless the fixture is rated for outdoor/wet locations.
- These bulbs are designed to be chemical-free, odor-free, and produce no buzz or humming noise. They also feature no breakable parts for enhanced safety.
- Always turn off power before installing, removing, or cleaning the bulb.

WARRANTY AND SUPPORT

For information regarding product warranty, please refer to the documentation included with your purchase or visit the official KINDEEP website. KINDEEP is committed to providing high-quality products and customer satisfaction. For further assistance or inquiries, please contact KINDEEP customer support.
