CHUWI Hi10 X2 Tablet Keyboard

CHUWI Hi10 X2 Tablet Keyboard with Touchpad Instruction Manual

Model: CHUWI Hi10 X2 Tablet Keyboard

1. INTRODUCTION AND OVERVIEW

This manual provides essential information for the setup, operation, and maintenance of your CHUWI Hi10 X2 Tablet Keyboard with Touchpad. Designed specifically for the CHUWI Hi10 X2 and Hi10 X1 Windows tablets, this 2-in-1 magnetic keyboard transforms your tablet into a versatile laptop, enhancing productivity and convenience. The keyboard features a magnetic docking interface for seamless connection, eliminating the need for separate charging or Bluetooth pairing. Its ultra-slim and portable design makes it ideal for various uses, from business and education to everyday tasks and gaming.

2. PRODUCT FEATURES

- Magnetic Docking Interface:** Designed for CHUWI Hi10 X2 / Hi10 X1 Windows tablets, ensuring easy and stable connection.
- No Charging or Pairing Required:** The docking magnetic suction design provides energy efficiency and a faster input response time compared to Bluetooth keyboards.
- Integrated Touchpad:** Supports multi-touch gestures for responsive navigation and control.
- Enhanced Typing Experience:** Features a borderless keyboard with well-spaced keys and optimized key travel for accuracy and comfort.
- 2-in-1 Functionality:** Transforms your tablet into a versatile laptop instantly, complete with a sturdy stand for optimal viewing angles.
- Ultra Slim and Portable:** Lightweight and easy to attach or remove, making it convenient for travel and daily use.

CHUWI Hi10 X1 Magnetic Keyboard

Ideal for typing emails, chatting, getting work done, and gaming.

Image: The CHUWI Hi10 X2 Tablet Keyboard provides an enhanced typing experience with its well-spaced keys, designed for comfort and precision.

Instant Power and Typing

The Smart Keyboard attaches magnetically to the Hi10 X1 and provides a great typing experience and lightweight, durable protection for Hi10 X1. And with no charging or pairing required, just attach the keyboard and start typing.

3. SETUP

- 1. Attaching the Keyboard:** Align the magnetic docking interface of the keyboard with the corresponding pins on your CHUWI Hi10 X2 or Hi10 X1 tablet. The magnets will guide the keyboard into place, establishing an instant connection.
- 2. Using the Kickstand:** The keyboard case includes a built-in stand. Fold out the stand from the back of the case to prop up your tablet at a comfortable viewing or typing angle.
- 3. Initial Use:** No initial charging or Bluetooth pairing is required for the keyboard to function with your compatible CHUWI tablet once magnetically docked.

Video: This video demonstrates the installation of the CHUWI Hi10 X1 keyboard and showcases the protective case. It illustrates how to attach the tablet to the keyboard and utilize the case's features.

4. OPERATING INSTRUCTIONS

- 1. Typing:** Begin typing immediately after docking your tablet. The keyboard provides a familiar layout for efficient text input.
- 2. Touchpad Usage:** The integrated touchpad supports standard mouse functions and multi-touch gestures.
 - **Single-finger tap:** Left-click.
 - **Two-finger tap:** Right-click.
 - **Two-finger scroll:** Scroll up or down.
 - **Pinch-to-zoom:** Use two fingers to zoom in or out.
- 3. Detaching the Keyboard:** Gently pull the tablet away from the magnetic docking interface to detach the keyboard.

5. MAINTENANCE

- **Cleaning:** Use a soft, dry, lint-free cloth to clean the keyboard and touchpad surfaces. For stubborn marks, slightly dampen the cloth with water. Avoid harsh chemicals or abrasive materials.
- **Storage:** When not in use, keep the keyboard attached to the tablet to protect the screen and keys. Store in a cool, dry place away from direct sunlight and extreme temperatures.
- **Handling:** Avoid placing heavy objects on the keyboard or bending it excessively to prevent damage to the keys or internal components.

6. TROUBLESHOOTING

- **Keyboard Not Responding:**
 - Ensure the tablet is correctly docked to the magnetic interface.
 - Detach and reattach the keyboard to reset the connection.
 - Restart your CHUWI tablet.
- **Touchpad Not Working:**
 - Check if the touchpad has been accidentally disabled (refer to your tablet's settings for input devices).
 - Ensure the touchpad surface is clean and free from obstructions.
 - Try detaching and reattaching the keyboard.
- **Keys Sticking or Unresponsive:**
 - Clean around the affected keys with a soft, dry brush or compressed air to remove any debris.
 - Avoid spilling liquids on the keyboard.
