GOJOOASIS GJ-GYM40

GOJOOASIS Chicken Coop Instruction Manual

Model: GJ-GYM40
Brand: GOJOOASIS

Introduction

This manual provides comprehensive instructions for the assembly, operation, maintenance, and troubleshooting of your GOJOOASIS Chicken Coop, Model GJ-GYM40. Please read this manual thoroughly before assembly and use to ensure proper function and safety for your animals.

Figure 1: The GOJOOASIS Chicken Coop, Model GJ-GYM40, in Grey. This coop is designed to provide a secure and comfortable living space for small animals, such as chickens or rabbits.

Safety Information

- Always assemble the coop on a flat, stable surface.
- Ensure all screws and fasteners are securely tightened before use.
- Regularly inspect the coop for any loose parts, damage, or wear.
- Keep children and pets away from the assembly area to prevent injury.
- Do not modify the coop structure, as this may compromise its integrity and safety.
- Position the coop in a well-ventilated area, protected from extreme weather conditions.

Parts List

Before beginning assembly, verify that all components listed below are present and undamaged. If any parts are missing or damaged, please contact customer support.

Part	Description	Quantity
Main Coop Panels	Side, front, and back panels for the main housing.	Varies

Part	Description	Quantity
Roof Panels	Asphalt-covered roof sections.	Varies
Nesting Box	Separate compartment for egg laying.	1
Ramp	Wooden ramp for animal access.	1
Removable Tray	Sliding tray for easy cleaning.	1
Hardware Kit	Screws, hinges, latches, etc.	1 set

Setup and Assembly

Follow these steps carefully to assemble your chicken coop. It is recommended to have two people for assembly.

1. **Unpack and Identify Parts:** Lay out all components on a clean, flat surface. Refer to the Parts List to ensure everything is present.
2. **Assemble Main Housing:** Connect the side, front, and back panels of the main coop using the provided screws. Ensure the door frames are correctly oriented.
3. **Install Removable Tray:** Slide the metal-lined removable tray into its designated slot at the bottom of the main housing.
4. **Attach Nesting Box:** Secure the nesting box to the side of the main coop. Ensure the hinged lid operates smoothly for egg collection.
5. **Install Roof Panels:** Attach the asphalt roof panels to the main coop and nesting box. These panels are designed to be waterproof and provide UV protection.
6. **Attach Ramp:** Secure the ramp to the main coop's entrance. The ramp features timber ridges to prevent animals from slipping. Note that one access door can be converted into a ramp.
7. **Secure Latches and Hinges:** Ensure all doors and access points have securely fastened latches and hinges to protect your poultry.

Figure 2: The coop features a waterproof asphalt roof for protection against rain and UV rays. One of the side doors can be converted into a ramp for easy animal access.

Figure 3: Illustration showing the two types of installation for side doors, allowing one to function as a staircase/ramp.

Operating Instructions

The GOJOOASIS Chicken Coop is designed for ease of use and animal comfort.

- **Animal Access:** Animals can enter and exit the main housing via the ramp. Ensure the ramp is securely in place when in use.
- **Nesting Box:** The nesting box provides a private area for egg laying. The top lid can be easily lifted to collect eggs.
- **Ventilation:** The coop is designed with appropriate ventilation to ensure air circulation.
- **Security:** Utilize the lockable doors to secure your animals inside the coop, protecting them from predators and adverse weather.

Figure 5: This image illustrates the easy access ramp for animals and highlights the pull-out tray and support rod for the nesting box lid, facilitating daily operations.

Maintenance

Regular maintenance will extend the lifespan of your chicken coop and ensure a healthy environment for your animals.

- **Cleaning:** The removable sliding tray allows for easy cleaning of waste. Pull out the tray, empty it, and clean with a mild disinfectant.
- **Wood Care:** The coop is made from rain-resistant fir wood with environmental paint. Periodically check the wood for signs of wear or damage. Reapply a pet-safe sealant if necessary to maintain weather resistance.
- **Hardware Inspection:** Regularly check all hinges, latches, and screws to ensure they are tight and functioning correctly. Tighten any loose fasteners.
- **Roof Inspection:** Inspect the asphalt roof for any tears or damage that could compromise its waterproof properties.

Troubleshooting

This section addresses common issues you might encounter with your chicken coop.

Problem	Possible Cause	Solution
Door/Ramp sticks or doesn't close properly.	Misalignment during assembly; debris in tracks; loose hinges.	Check assembly steps for correct alignment. Clear any debris. Tighten hinge screws.
Water leakage inside coop.	Damaged roof; improper roof panel installation; gaps in panels.	Inspect roof for damage and seal any cracks. Ensure roof panels are securely attached. Check panel joints.
Animals not using the ramp.	Unfamiliarity; ramp angle too steep (unlikely with design).	Gently guide animals up and down the ramp a few times. They will adapt.

Specifications

Detailed specifications for the GOJOOASIS Chicken Coop, Model GJ-GYM40.

- **Model Number:** GJ-GYM40
- **Overall Dimensions (L x W x H):** 42" x 25" x 28"
