GOJOOASIS GJ-GYM40

GOJOOASIS Chicken Coop User Manual

Model: GJ-GYM40 | Brand: GOJOOASIS

1. Product Overview

The GOJOOASIS Chicken Coop is a versatile outdoor shelter designed for small animals, including chickens, rabbits, guinea pigs, and other similar pets. Constructed from solid rain-resistant fir wood with an environmental paint finish, this coop offers a secure and comfortable living space. Its design features a carbonized wood roof for enhanced weather protection and a vibrant aesthetic.

Key features include an elevated main house to prevent damage from wet conditions, an easy-access ramp, multiple lockable doors for security, a dedicated nesting box, and a removable sliding tray for convenient cleaning.

Image 1.2: Overview of the chicken coop highlighting its natural fir wood material, ease of cleaning, waterproof design, and simple installation.

Image 1.3: The coop is suitable for a variety of small animals beyond just chickens, such as rabbits, ducks, and more.

2. Setup and Assembly

While specific step-by-step assembly instructions are provided with the product packaging, the GOJOOASIS Chicken Coop is designed for straightforward setup. Ensure all components are present before beginning assembly. The main structure, nesting box, and ramp are designed to fit together securely.

The side doors offer flexible installation options, allowing them to function as either a standard door or a staircase, depending on your preference and the needs of your animals.

3. Operating Instructions

The chicken coop is designed for ease of use and animal comfort. Familiarize yourself with the various access points and features:

- **Main Access Door:** The front door with a window allows for easy access to the main living area. Ensure it is securely latched when not in use.
- **Ramp Access:** One of the side doors can be converted into a ramp, allowing small animals to easily enter and exit the elevated housing area. Timber ridges on the ramp provide grip to prevent slipping.
- **Nesting Box:** The integrated nesting box provides a private and secure space for egg-laying. The top roof of the nesting box can be opened for convenient egg collection.
- **Security:** All doors are lockable to protect your poultry from predators and adverse weather conditions.

4. Maintenance

Regular maintenance will ensure the longevity and hygiene of your GOJOOASIS Chicken Coop:

- **Cleaning the Removable Tray:** The chicken coop features a removable bottom sliding tray for easy cleaning. Pull out the tray, empty any waste, and clean it thoroughly with water and a mild disinfectant. Allow it to dry completely before reinserting.
- **Wood Care:** The fir wood is rain-resistant and treated with environmental paint. Periodically inspect the wood for any signs of wear, cracking, or fading. Apply a non-toxic, pet-safe wood sealant or paint as needed to maintain its protective qualities and appearance.
- **Roof Maintenance:** The carbonized wood roof provides protection against UV rays and water penetration. Ensure the roof remains intact and free of damage to maintain its weather-resistant properties.
- **General Inspection:** Regularly check all latches, hinges, and structural components for security and proper function. Tighten any loose screws and replace damaged parts promptly.

5. Troubleshooting

If you encounter any issues with your chicken coop, consider the following common solutions:

- **Doors or Tray Sticking:** Ensure all tracks and hinges are clean and free of debris. A small amount of food-grade lubricant can be applied to sliding parts if necessary.
- **Water Accumulation:** Verify that the coop is placed on level ground to allow for proper drainage. Check the roof and walls for any gaps or damage that might allow water ingress.
- **Animal Discomfort:** Ensure the coop is adequately ventilated, especially during warmer weather. Provide sufficient bedding and ensure the space is not overcrowded for the number of animals housed.
- **Structural Instability:** Re-check all assembly points and tighten any loose screws. Ensure the coop is placed on a stable, flat surface.

6. Specifications

Feature	Detail
Model Name	chicken coop
Item Model Number	GJ-GYM40
Overall Dimensions (L x W x H)	43"L x 25"W x 28"H (Product Dimensions: 42"L x 25"W x 28"H)
Material	Fir Wood
Color	Brown
Recommended Breed	Chickens, Rabbit, small animals
Included Components	Nesting Box, Ramp, Removable Tray
Special Features	Durable, Eco-Friendly, Ventilated, Weather Resistant
