5. OPERATING INSTRUCTIONS

To use your VINGLI rocking chair, simply sit comfortably and allow the curved base to provide a gentle rocking motion. The ergonomic design supports your posture, and the thick padding ensures a comfortable experience.

- **Rocking Motion:** Lean back and gently push off with your feet to initiate the rocking motion. The U-shaped feet are designed for a smooth and pleasant rock.
- **Side Pockets:** Utilize the two integrated side pockets on the armrests to keep books, magazines, remote controls, or other small essentials within easy reach.
- **Lumbar Support:** Adjust the included lumbar pillow to your preferred position for additional lower back support and comfort.

6. MAINTENANCE AND CARE

Proper care will extend the life and appearance of your rocking chair.

- **Cleaning Fabric:** For general cleaning, gently vacuum the linen fabric to remove dust and debris. For spills, blot immediately with a clean, dry cloth. For stubborn stains, use a mild fabric cleaner following the product's instructions, testing on an inconspicuous area first. Do not saturate the fabric.
- **Frame Care:** Wipe the solid wood frame with a soft, damp cloth. Avoid harsh chemicals or abrasive cleaners.
- **Fastener Checks:** Periodically inspect all screws and bolts to ensure they remain tight. Re-tighten as necessary to maintain the chair's structural integrity and prevent squeaking.
- **Felt Pads:** Check the felt pads on the base regularly. Replace them if they become worn to continue protecting your floors.
- **Avoid Direct Sunlight:** Prolonged exposure to direct sunlight can cause fabric fading. Position the chair away from direct sun exposure or use curtains/blinds.

7. TROUBLESHOOTING

- **Squeaking Noise:** If the chair makes squeaking noises, check all assembly bolts and screws. Loosen slightly, adjust the chair, and then re-tighten firmly. If squeaking persists, a small amount of silicone-based lubricant can be applied to the joints of the rocking mechanism.
- **Instability:** If the chair feels unstable, ensure all connections are fully tightened. Verify that the chair is placed on a flat, even surface.

- **Fabric Wrinkles:** Minor wrinkles in the fabric are normal, especially after unpacking. These often smooth out with use. A handheld steamer can be used carefully on a low setting, keeping a safe distance from the fabric.
