Keelian 20-40 Gallon

Keelian 20-40 Gallon Fish Tank Stand Instruction Manual

Model: 20-40 Gallon

Product Overview

The Keelian 20-40 Gallon Fish Tank Stand is a heavy-duty aquarium stand designed to provide stable support for your aquatic or reptile terrarium. Constructed with a robust metal frame and sturdy MDF panels, it offers a high load capacity and includes integrated power outlets for convenience. The stand features versatile storage options, including a main tabletop for 20-40 gallon tanks, additional space for smaller tanks, and a cabinet for accessories.

Setup and Assembly

Assembly of the Keelian Fish Tank Stand is designed to be straightforward. While one person can assemble it, having two people may simplify certain steps. Ensure all components are present before beginning assembly. Follow the included graphical instructions for proper construction.

Key Assembly Features:

- **Sturdy Construction:** The stand utilizes 1.5-inch thick steel pipes and durable MDF panels for enhanced stability.
- **Adjustable Feet:** Equipped with adjustable feet to ensure the stand remains level on uneven surfaces, preventing wobbling.
- **Integrated Power Outlets:** A built-in power strip with two AC outlets and two USB ports is included for convenient power access for aquarium equipment or other devices.

Operating Instructions

Tank Placement:

- The top surface (31.5" L * 13.4" W) is designed to securely hold 20 to 40-gallon aquariums or terrariums.
- The additional space at the bottom can accommodate smaller 10-20 gallon tanks, allowing for diversified aquatic setups.

Storage Utilization:

The stand includes a first-level compartment on the right side, ideal for organizing fish food, nets, water conditioners, and other accessories. This compartment is designed with specific spaces for organization. The removable compartment feature allows for accommodating larger items like canister filters and CO2 hoses. A back opening facilitates tidy cable management and easy access to supplies.

Maintenance

- **Cleaning:** Wipe surfaces with a soft, damp cloth. Avoid abrasive cleaners that may damage the finish.
- **Stability Check:** Periodically check all screws and connections to ensure they remain tight. Adjust the leveling feet as needed to maintain stability.
- **Weight Distribution:** Ensure the weight of your aquarium and contents is evenly distributed on the tabletop to prevent stress on the stand structure.

Troubleshooting

- **Stand Wobbles:** Ensure the stand is placed on a flat, level surface. Adjust the leveling feet until the stand is stable. Verify all assembly screws are tightened.
- **Power Outlets Not Working:** Check if the main power cord is securely plugged into a functional wall outlet. Ensure the power strip's switch (if any) is in the 'on' position. If issues persist, contact customer support.
- **Concerns about Structural Integrity:** The stand is designed for high load capacity (800 LBS tabletop, 500 LBS bottom). If you have concerns, double-check assembly and ensure no components are missing or incorrectly installed.

Specifications

Feature	Detail
Color	Black
Material	Metal, MDF Panels
Item Weight	12.27 Kilograms
Item Dimensions (L x W x H)	31.5 x 13.4 x 31.69 inches
Load Capacity (Tabletop)	800 Pounds
Load Capacity (Bottom Shelf)	500 Pounds
Number of Levels	3
Finish Type	Powder Coated
Required Assembly	Yes
FSC-Certified	Top & shelves made of FSC-certified wood
