SETUP

Charging the Lamp

Before first use, fully charge the lamp. Connect the provided USB charging cable to the charging port on the lamp's base and to a standard USB power adapter (not included).

- The charging indicator light (if present) will show charging status.
- A full charge typically takes approximately 3-4 hours.
- Avoid using the lamp while charging for optimal battery life.

MAINTENANCE

Cleaning

- Ensure the lamp is turned off and unplugged before cleaning.
- Wipe the lamp with a soft, dry cloth.
- Do not use abrasive cleaners, solvents, or harsh chemicals, as these may damage the finish.

Battery Care

- To prolong battery life, avoid fully discharging the lamp frequently.
- Charge the lamp regularly, even if not in constant use, to maintain battery health.
- Store the lamp in a cool, dry place if not used for extended periods.

TROUBLESHOOTING

Problem	Possible Cause	Solution

Problem	Possible Cause	Solution
Lamp does not turn on.	Battery is depleted.	Charge the lamp using the provided USB cable.
Lamp does not dim or change color.	Incorrect operation.	Ensure you are pressing and holding the touch control area for stepless dimming. A short touch changes color temperature.
Short battery life.	Lamp used at high brightness; battery not fully charged; aging battery.	Reduce brightness for longer usage. Ensure full charge before use. If battery life significantly degrades, contact customer support.
