Dyson 598973-01

Dyson Supersonic Nural™ Hair Dryer (Model 598973-01) User Manual

INTRODUCTION

The Dyson Supersonic Nural™ Hair Dryer is engineered for fast drying without extreme heat, protecting hair from heat damage. It features Nural™ technology, which automatically adjusts airflow and temperature to enhance natural shine and protect scalp health. This manual provides essential information for the safe and effective use of your hair dryer.

IMPORTANT SAFETY INFORMATION

Always follow basic safety precautions when using electrical appliances to reduce the risk of fire, electric shock, and injury. Read all instructions before use. Do not use near water. Unplug from outlet when not in use and before cleaning. Do not operate any appliance with a damaged cord or plug. Keep the appliance away from heated surfaces. Do not block air openings. Do not use outdoors or operate where aerosol products are being used or where oxygen is being administered.

WHAT'S IN THE BOX

Your Dyson Supersonic Nural™ Hair Dryer comes with the following components:

- Dyson Supersonic Nural™ Hair Dryer
- Flyaway attachment
- Styling concentrator
- Gentle air attachment
- Wave+curl diffuser
- Wide-tooth comb

In the box

SETUP

The Dyson Supersonic Nural™ Hair Dryer is ready for use directly out of the box. Simply plug the device into a suitable power outlet. Attachments connect magnetically to the front of the dryer for easy and secure fitting.

OPERATING INSTRUCTIONS

Controls

- **Power Button:** Located on the handle to turn the dryer on/off.
- **Temperature Control:** Adjusts heat settings (Low, Medium, High).
- **Airflow Control:** Adjusts fan speed (Low, Medium, High).
- **Cold Shot Button:** Provides a burst of cold air to set your style.

Nural™ Technology Features

The Nural™ hair dryer incorporates intelligent sensors to optimize your drying experience:

- **Scalp Protect Mode:** A Time of Flight sensor automatically adjusts temperature to enhance natural shine and help protect your scalp from extreme heat.
- **Attachment Learning:** A Hall sensor recognizes each attachment as you use it and automatically adapts to your preferred airflow and heat settings.
- **Pause Detect:** Uses a motion-sensing accelerometer to know when the dryer is put down during styling or sectioning. It automatically deactivates the heater, decreasing airflow and noise.

Scalp protect mode

Pauses styling when you do

Pause detect uses a motion-sensing accelerometer to know when it's put down during styling or sectioning. Automatically deactivating the heater, decreasing airflow and noise.

Using the Attachments

Each attachment is designed for specific styling needs:

- **Gentle Air Attachment:** For fast yet gentle drying, ideal for fine hair and sensitive scalps.
- **Styling Concentrator:** Creates a high-velocity blade of air for focused styling, perfect for precision styling.
- **Wave+Curl Diffuser:** Engineered to disperse air evenly around your curls, helping to reduce frizz and define waves and curls. Can be used in Dome mode for natural waves or Diffuse mode for textured curls.
- **Wide-tooth Comb:** Designed for curly and coily hair, it helps to lengthen hair as it dries, or create volume and shape.
- **Flyaway Attachment:** Hides flyaways under longer hair for a smooth, shiny finish.

Diffused Curls and Waves

Wave+Curl diffuser

Air is gently diffused through longer prongs to reach deeper into the hair, for textured, voluminous curls and coils.

Image: Hair styled with the Wave+Curl diffuser in Diffuse mode for textured curls.

Defined Curls and Waves

Wave+Curl diffuser

Airflow infuses hair to enhance natural waves or curls, for a more defined finish.⁴

MAINTENANCE

Regular maintenance ensures optimal performance and longevity of your Dyson Supersonic Nural™ Hair Dryer.

Cleaning the Filter

To maintain peak performance, the filter should be cleaned regularly. Twist and pull down the filter cage to remove it. Wipe the filter mesh with a dry cloth. Do not use water. Replace the filter cage by twisting it back into position.

TROUBLESHOOTING

If you encounter any issues with your Dyson Supersonic Nural™ Hair Dryer, refer to the following common solutions:

- **No Power:** Ensure the power cord is securely plugged into a working electrical outlet. Check for tripped circuit breakers.
- **Reduced Airflow/Overheating:** The filter may be blocked. Clean the filter as described in the Maintenance section.

- **Attachments Not Staying On:** Ensure attachments are clean and free from debris, and that they are correctly aligned and magnetically secured to the dryer.
- **Unusual Noise:** If the dryer makes an unusual noise, clean the filter. If the noise persists, contact Dyson customer support.

SPECIFICATIONS

- **Model Number:** 598973-01
- **Product Dimensions:** 4 x 3.1 x 10 inches
- **Weight:** 6 Pounds
- **UPC:** 885609038858
- **Manufacturer:** Dyson
- **Color:** Ceramic Pink
- **Material:** Aluminum, Ceramic, Polycarbonate
- **Wattage:** 1600 watts
- **Power Source:** Corded Electric
