BLOKEES CC13

BLOKEES Transformers Classic Class 13 Elita-1 Instruction Manual

Model: CC13

1. INTRODUCTION

Thank you for purchasing the BLOKEES Transformers Classic Class 13 Elita-1 action figure. This model kit allows you to assemble a highly detailed and articulated representation of Elita-1 from the Transformers One universe. This manual provides essential information for safe assembly, operation, and maintenance of your figure.

2. SAFETY INFORMATION

- **Age Recommendation:** This product is recommended for ages 12 years and up. It contains small parts that may pose a choking hazard for younger children.
- **Battery Safety:** The figure includes a nonstandard battery for the light-up eye feature. Ensure batteries are inserted correctly and dispose of them responsibly. Do not mix old and new batteries.
- **Assembly:** Handle parts with care during assembly to avoid breakage or injury. No sharp tools are required.
- **Supervision:** Adult supervision is recommended during assembly, especially for younger users within the recommended age range.

3. PACKAGE CONTENTS

Verify that all components are present before beginning assembly:

- Elita-1 Figure Components (on runners)
- Hand and Weapon Accessories
- Display Base

- Instruction Manual (this document)
- 1 Nonstandard Battery (pre-installed or included for light-up eyes)

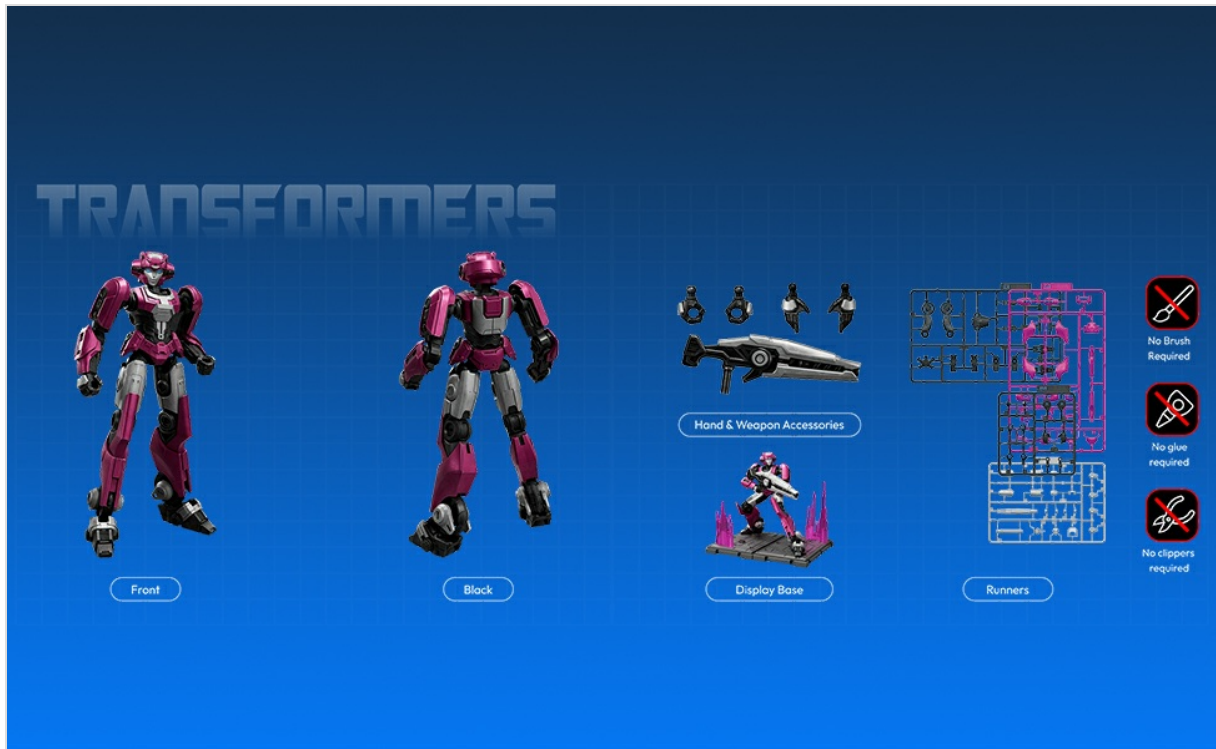

Figure 3.1: Overview of Elita-1 model kit components, including parts on runners, weapon, hands, and display base.

4. ASSEMBLY INSTRUCTIONS

The BLOKEES Elita-1 figure is designed for easy, tool-free assembly. No glue, paint, or clippers are required. Follow these steps to assemble your figure:

1. **Part Identification:** Carefully identify all parts on the runners by referring to the included visual guide (if any, otherwise use the component image).
2. **Detaching Parts:** Gently twist or snap parts off the runners. The design allows for clean separation without tools.
3. **Body Assembly:** Begin by assembling the main body sections, connecting the torso, waist, and hip components.
4. **Limb Assembly:** Attach the arm and leg components, ensuring joints are securely snapped into place.
5. **Head Assembly:** Assemble the head, ensuring the light-up eye mechanism (if separate) is correctly installed and the battery is in place.
6. **Accessory Attachment:** Attach the hand and weapon accessories as desired. The hands are interchangeable.
7. **Display Base:** Assemble the display base and attach the figure to it for stable posing.

5. FEATURES AND OPERATION

- **Light-Up Eyes:** Elita-1 features built-in LED eyes. To activate, locate the small switch on the back of the head or neck area and toggle it. Ensure the battery is correctly installed.
- **Articulation:** The figure boasts over 20 points of articulation, allowing for a wide range of dynamic poses. Carefully manipulate joints to achieve desired stances.
- **Accessories:** The figure comes with character-specific accessories, including a weapon. These can be held in the figure's interchangeable hands.
- **Display Stand:** Use the included display stand to securely pose Elita-1 in various action-oriented or static positions.

Figure 5.2: Elita-1 displayed on its stand, showcasing articulation and accessories.

6. MAINTENANCE

- **Cleaning:** Use a soft, dry cloth to gently wipe dust from the figure. Avoid harsh chemicals or abrasive materials.
- **Storage:** Store the figure away from direct sunlight, extreme temperatures, and high humidity to prevent material degradation.
- **Joint Care:** If joints become stiff, gently work them back and forth. If they become loose, refer to the troubleshooting section.
- **Battery Replacement:** When the light-up eyes dim or stop working, replace the nonstandard battery. Follow the instructions for battery compartment access, ensuring correct polarity.

7. TROUBLESHOOTING

- **Loose Joints:** If a joint feels loose, carefully re-seat the part. For persistent looseness, a small amount of clear nail polish or a similar friction-enhancing liquid can be applied to the joint peg and allowed to dry before reassembly.
- **Light-Up Eyes Not Working:**
 - a. Ensure the power switch is in the "ON" position.

- b. Check if the battery is correctly installed with the proper polarity.
 - c. Replace the battery with a new one if the existing battery is depleted.
- **Parts Not Fitting:** Do not force parts together. Re-examine the instructions and ensure you have the correct parts oriented properly. Slight pressure should be sufficient for snap-fit assembly.

8. SPECIFICATIONS

Attribute	Detail
Model Number	CC13
Brand	BLOKEES
Product Dimensions	10 x 6 x 3 inches (assembled)
Item Weight	0.012 ounces
Recommended Age	12 years and up
Batteries	1 Nonstandard Battery (included)
Manufacturer	Pai Technology Inc.

PACKAGING SIZE
