Aivituvin AIR7008

Aivituvin Mobile Chicken Coop with Metal Run (Model AIR7008)

Instruction Manual

INTRODUCTION

Thank you for choosing the Aivituvin Mobile Chicken Coop, Model AIR7008. This manual provides essential information for the safe assembly, operation, and maintenance of your new chicken coop. Please read these instructions carefully before use and retain them for future reference.

PRODUCT FEATURES

- **Wood House and Metal Run:** Combines a secure wooden sleeping area with a spacious metal run, providing both safety and comfort for your poultry.
- **Spacious and Movable:** This 82-inch chicken coop comfortably accommodates 2-4 chickens. It is equipped with large wheels and an extended handle for easy relocation.

- **Sturdy and Weatherproof:** Features an asphalt roof and a waterproof cover for the chicken house, offering comprehensive protection against sun, rain, and snow throughout the year.
- **Expandable Design:** The coop's design allows for easy addition of extra modules as your flock grows, providing more space and comfort.
- **Nesting Box and Easy Cleaning:** Includes a two-section nesting box for egg-laying and a removable sliding tray for simplified cleaning.

SETUP AND ASSEMBLY

The Aivituvn Mobile Chicken Coop requires assembly. Please ensure all components are present before beginning. Refer to the separate assembly guide included in your packaging for detailed, step-by-step instructions. It is recommended to assemble the coop on a flat, stable surface.

Key Assembly Considerations:

- **Component Identification:** Familiarize yourself with all parts and hardware using the provided parts list.
- **Tool Requirements:** Ensure you have the necessary tools as specified in the assembly guide.
- **Secure Fastening:** Tighten all screws and bolts securely to ensure the stability and safety of the coop. Do not overtighten.
- **Wheel Attachment:** Properly attach the large metal wheels to facilitate easy movement of the coop.
- **Nesting Box Installation:** Install the two-section nesting box according to the instructions, ensuring it is reinforced and stable.

SAFETY PROTECTION

Protect animals and prevent harm
from wild animals

OPERATING INSTRUCTIONS

Placement and Movement:

The coop's large wheels and extended handle allow for easy relocation. To move the coop, lift the handle and roll it to your desired location. Ensure the ground is relatively even to prevent tipping. This feature enables you to provide fresh grazing areas for your chickens regularly.

Smart Chicken Coop

Make your chicken coop meet various needs

Buy 2 sets for more space

Combine With Automatic
Chicken Door

MAINTENANCE

Cleaning:

Regular cleaning is essential for the health of your chickens. The coop features a removable sliding tray for easy waste removal. Clean the tray frequently, ideally daily or every few days, depending on the number of chickens. Periodically clean the entire coop with a pet-safe disinfectant.

Weather Protection:

The asphalt roof and waterproof cover provide protection against various weather conditions. Regularly inspect the roof and cover for any damage and repair as needed to ensure continuous protection from sun, rain, and snow.

LARGE NESTING BOX

The roof is easy to lift to collect eggs

TROUBLESHOOTING

This section addresses common issues you might encounter with your Aivituvn Mobile Chicken Coop.

- **Difficulty Moving Coop:** Ensure the wheels are free of debris and properly aligned. Check that the ground surface is not excessively uneven or soft.
- **Water Leakage:** Inspect the asphalt roof and waterproof cover for any tears or gaps. Ensure all roof sections are properly installed and overlapping.
- **Unstable Structure:** Verify that all assembly screws and bolts are securely tightened. Re-tighten any loose fasteners.
- **Predator Access:** Double-check all latches and doors to ensure they are fully closed and secured. Inspect the metal mesh for any damage or gaps.

If you encounter issues not covered here, please refer to the customer support section for assistance.
