## 2. SETUP

### 2.1 Package Contents

Verify that all items are present in the package:

- EIGIIS Smart Watch Body
- Watch Band
- User Manual
- Magnetic Charging Line
- Customized Box

Image 2.1: Illustration of the EIGIIS Smart Watch package contents.

## 2.2 Charging the Device

Before initial use, fully charge the smartwatch. Connect the magnetic charging cable to the charging contacts on the back of the watch and plug the USB end into a standard USB power adapter (not included) or a computer USB port. A full charge typically takes approximately 2 hours.

- **Usage Duration:** 5-7 days
- **Standby Duration:** 10-12 days
- **Charging Duration:** 2 hours

## 2.3 App Installation and Device Pairing

To unlock the full functionality of your EIGIIS Smart Watch, you need to install the "FitCloudPro" app on your smartphone and pair the devices.

1. **Turn on Bluetooth:** Ensure Bluetooth is enabled on your smartphone.
2. **Download App:** Download the "FitCloudPro" app from the App Store (for iOS) or Google Play Store (for Android).
3. **Open App & Add Device:** Open the "FitCloudPro" app, navigate to the device section, and select "Add Peripheral Now" or a similar option to search for your watch.
4. **Connect:** Find "S50" (or similar model identifier) in the list of available devices and tap "Connect".
5. **Pairing Request:** A Bluetooth pairing request will appear on your phone. Tap "Pair" to confirm.
6. **Enable Permissions:** Grant necessary permissions for contacts and call access when prompted by the app.
7. **Turn on Call Audio:** On the watch, ensure "Call audio" is turned on in the Bluetooth settings.
8. **Ready for Calls:** Your S50 is now ready for Bluetooth dial and answer calls.

# 3. OPERATION

## 3.1 Basic Controls and Display

The EIGIIS Smart Watch features a 2.02" HD full-touch screen for navigation. Physical buttons on the side provide additional control for specific functions.

- **Touch Screen:** Swipe, tap, and long-press to navigate menus, select options, and interact with features.
- **Side Buttons:** Typically used for power on/off, screen wake/sleep, and quick access to certain functions (e.g., "SEL" for select, "BACK" for return).
- **Split-Screen Quick Menu:** Access frequently used functions quickly by swiping from a specific edge of the screen.

Image 3.1: The 2.02-inch HD touch screen and the integrated powerful flashlight.

## 3.2 Bluetooth Calling and Notifications

Once paired with your smartphone, the watch allows you to manage calls and receive notifications directly on your wrist.

- **Make/Receive Calls:** Use the built-in HiFi speakers and microphone to dial numbers, answer incoming calls, and view call records.
- **Sync Contacts:** Sync your phone's contacts to the watch for easy access.
- **Notifications:** Receive alerts for messages, social media apps, and other smartphone notifications.

Image 3.2: Bluetooth calling interface on the smartwatch, showing dial pad, contacts, call history, and messages.

## 3.3 Health Monitoring

The watch provides 24/7 health monitoring features. Access detailed reports via the "FitCloudPro" app.

- **Heart Rate Monitoring:** Tracks your heart rate continuously.
- **Sleep Quality Monitoring:** Analyzes sleep patterns, including deep sleep, light sleep, and awake times.
- **Blood Oxygen (SpO2) Monitoring:** Measures blood oxygen levels.
- **Stress Monitoring:** Provides insights into your stress levels.

**ATTENTION: This device is not a medical device and should not be used for medical diagnosis or treatment.**

Image 3.3: Health monitoring features on the smartwatch, including heart rate, blood oxygen, sleep, and breath training.

## 3.4 Sports Modes

The watch supports over 110 sports modes to track your physical activities. Data such as steps, distance, and calories burned are recorded and can be viewed in the "FitCloudPro" app.

Image 3.4: The smartwatch displaying exercise records and various sports mode icons.

## 3.5 Special Features

- **LED Flashlight:** A powerful integrated LED flashlight with an effective range of 6-10 meters and 80-100 lumens. Ideal for outdoor activities at night.
- **Compass:** An integrated compass function to assist with navigation, guiding you in the correct direction.
- **SOS Function:** Provides an emergency SOS feature for critical situations.
- **AI Voice Assistant:** Access your smartphone's AI assistant for weather updates, setting alarms, and other voice commands.
- **Music Control:** Control music playback on your smartphone (play, pause, skip tracks).
- **Camera Control:** Remotely trigger your smartphone's camera shutter.
- **Weather Updates:** Displays current weather information.
- **Sedentary Reminders:** Alerts you to move after periods of inactivity.
- **Stopwatch & Alarm:** Standard stopwatch and alarm clock functionalities.
- **Find My Phone:** Helps locate your paired smartphone.
- **Calculator:** Basic calculator function.

Image 3.6: Overview of additional smart features available on the watch.

## 3.6 Customization

- **Watch Faces:** Choose from a variety of pre-installed watch faces or download more through the "FitCloudPro"

app.

- **DIY Dial:** Personalize your watch face by uploading your own photos via the app.

Image 3.7: Customization options for watch faces, including DIY and a selection of over 100 designs.

# 4. Maintenance

## 4.1 Waterproof Information

The EIGIIS Smart Watch is 3ATM waterproof, making it suitable for water activities such as swimming, diving, or surfing. However, please observe the following precautions:

- **Avoid Hot Water:** The watch is **NOT SUITABLE FOR HOT WATER OR SAUNA USE**. High temperatures and steam can compromise the waterproof seals.
- **Rinse After Saltwater:** If exposed to saltwater, rinse the watch with fresh water and dry it thoroughly.

Image 4.1: The smartwatch demonstrating its 3ATM waterproof capability during swimming.

## 4.2 Cleaning and Care

- **Watch Body:** Wipe the watch body with a soft, damp cloth. Avoid using harsh chemicals or abrasive materials.
- **Watch Band:** Clean the watch band regularly, especially if it's silicone, to prevent skin irritation. Use mild soap and water, then rinse and dry thoroughly.
- **Charging Contacts:** Ensure the charging contacts on the back of the watch are clean and dry before charging to prevent corrosion and ensure efficient charging.

## 4.3 Battery Care

- **Regular Charging:** Charge the watch regularly to maintain battery health. Avoid completely draining the battery frequently.
- **Storage:** If storing the watch for an extended period, charge it to about 50% and store it in a cool, dry place. Recharge every few months to prevent deep discharge.

# 5. TROUBLESHOOTING

## 5.1 Common Issues and Solutions

| Issue | Possible Cause | Solution |
|---|---|---|
| Watch does not turn on | Low battery; Device frozen | Charge the watch for at least 30 minutes. If still unresponsive, perform a hard reset (refer to device specific instructions if available, usually by holding a button for 10-15 seconds). |
| Cannot pair with smartphone | Bluetooth off; App not running; Watch not discoverable; Interference | Ensure Bluetooth is on for both devices. Restart both the watch and phone. Make sure the "FitCloudPro" app is open. Try unpairing and re-pairing. |
| Inaccurate health data | Improper fit; Movement during measurement; Environmental factors | Ensure the watch is worn snugly on the wrist, not too tight or too loose. Remain still during measurements. Remember, this is not a medical device. |
| Notifications not received | App permissions; Notification settings; Bluetooth connection lost | Check app permissions on your phone for "FitCloudPro". Verify notification settings within the app. Ensure the watch is connected via Bluetooth. |
| Short battery life | Frequent use of power-intensive features; High screen brightness; Too many notifications | Reduce screen brightness. Limit continuous heart rate monitoring or GPS usage. Disable unnecessary notifications. |

# 6. SPECIFICATIONS

| Feature | Detail |
|---|---|
| Model Number | EIGIIS-MSW-M |
| Screen Size | 2.02 Inches HD Full-Touch Screen |
| Battery Capacity | 400 mAh (Lithium Ion) |
