2. SETUP GUIDE

2.1 Charging the Device

Before initial use, fully charge your LaNikar Smart Watch KT79. Connect the provided magnetic charging cable to the charging pins on the back of the watch and to a USB power source. A full charge typically takes approximately two hours. The 430mAh battery provides about 7 days of normal use and up to 25 days of standby time.

2.2 App Installation

To unlock the full functionality of your smartwatch, download and install the "Da Fit" application on your smartphone. The app is compatible with Android 6.0+ and iOS 10.0+ devices.

1. Scan the QR code provided in the watch's packaging or search for "Da Fit" in your phone's app store (Google Play Store for Android, Apple App Store for iOS).
2. Install the application.

2.3 Pairing with Your Smartphone

Follow these steps to pair your LaNikar Smart Watch KT79 with your smartphone via Bluetooth 5.3:

1. Ensure Bluetooth is enabled on your smartphone.
2. Open the "Da Fit" app on your phone.
3. Navigate to the "Add Device" section within the app.
4. The app will search for available devices. Select "KT79" from the list and tap "Connect".
5. A Bluetooth pairing request will appear on your phone. Tap "Pair".
6. Grant necessary permissions to the "Da Fit" app for notifications and other features.
7. On the watch, ensure the "Phone" function (for Bluetooth calls) is turned on.

8. Once paired, you can make and receive calls directly from your watch.

3. OPERATING THE SMART WATCH

3.1 Display and Navigation

The LaNikar Smart Watch KT79 features a 1.96-inch HD IPS screen with anti-fingerprint treatment for smooth operation. Swipe across the screen to navigate through menus and functions. Press the side buttons for specific actions as indicated on the watch interface.

3.2 Bluetooth Calls and Smart Notifications

After successful pairing, you can manage calls and notifications directly from your wrist:

- **Making/Receiving Calls:** Use the watch's built-in speaker and microphone to answer or dial calls.
- **Notifications:** Receive alerts for messages from applications such as WhatsApp, Facebook, Instagram, and more.
- **Voice Assistant:** Access your phone's voice assistant directly from the watch.

3.3 LED Flashlight and UV Light

The watch is equipped with an LED flashlight and a UV light for various utility purposes:

- **LED Flashlight:** Provides strong illumination with an ultra-long range of up to 20 meters. It offers multiple modes: strong light, flash, and SOS.
- **UV Light:** Can be used for anti-counterfeiting checks and identification.

4. MAINTENANCE

4.1 Water Resistance (3ATM)

The LaNikar Smart Watch KT79 features a 3ATM waterproof rating, meaning it is resistant to splashes, rain, and brief immersion in water. It is suitable for daily use and can withstand exposure during activities like hand washing or light rain. However, it is **not recommended** for prolonged submersion, hot water activities, diving, or high-pressure water sports, as this may compromise its water resistance.

4.2 Cleaning and Care

- Regularly clean the watch and strap with a soft, damp cloth.
- Avoid using harsh chemicals or abrasive materials, as these can damage the watch's finish and sensors.
- Ensure the charging pins are clean and dry before charging to prevent corrosion.

4.3 Battery Care

- Avoid fully discharging the battery frequently.
- Store the watch in a cool, dry place when not in use for extended periods.
- Use only the provided charging cable.

5. TROUBLESHOOTING

If you encounter issues with your LaNikar Smart Watch KT79, please refer to the following common solutions:

- **Watch not turning on:** Ensure the watch is fully charged. Connect it to the charger for at least 30 minutes.
- **Cannot pair with phone:**
 - Ensure Bluetooth is enabled on your phone and the watch.
 - Make sure the watch is within Bluetooth range of your phone.
 - Restart both your phone and the watch.
 - Try unpairing and re-pairing the device through the "Da Fit" app.
- **Inaccurate health data:** Ensure the watch is worn snugly on your wrist, not too tight or too loose. Clean the sensors regularly.
- **Notifications not appearing:** Check app permissions in your phone settings for "Da Fit" and ensure notifications are enabled for the desired apps.
- **Short battery life:** Reduce screen brightness, disable unnecessary features, and limit frequent screen wake-ups.

If these steps do not resolve the issue, please contact LaNikar customer support for further assistance.
