Tulbeys GS01

Tulbeys Smart Sunglasses GS01 User Manual

Model: GS01

INTRODUCTION

Thank you for choosing Tulbeys Smart Sunglasses GS01. These smart audio glasses combine UV400 polarized lens protection with advanced Bluetooth 5.3 technology, allowing for hands-free calling, music playback, and voice assistant access. This manual provides essential information for setup, operation, maintenance, and troubleshooting to ensure optimal performance and longevity of your device.

PRODUCT OVERVIEW

The Tulbeys GS01 Smart Sunglasses are designed for comfort and functionality, featuring an open-ear sound experience and durable construction. Key components and features are outlined below.

Product Detail Structure

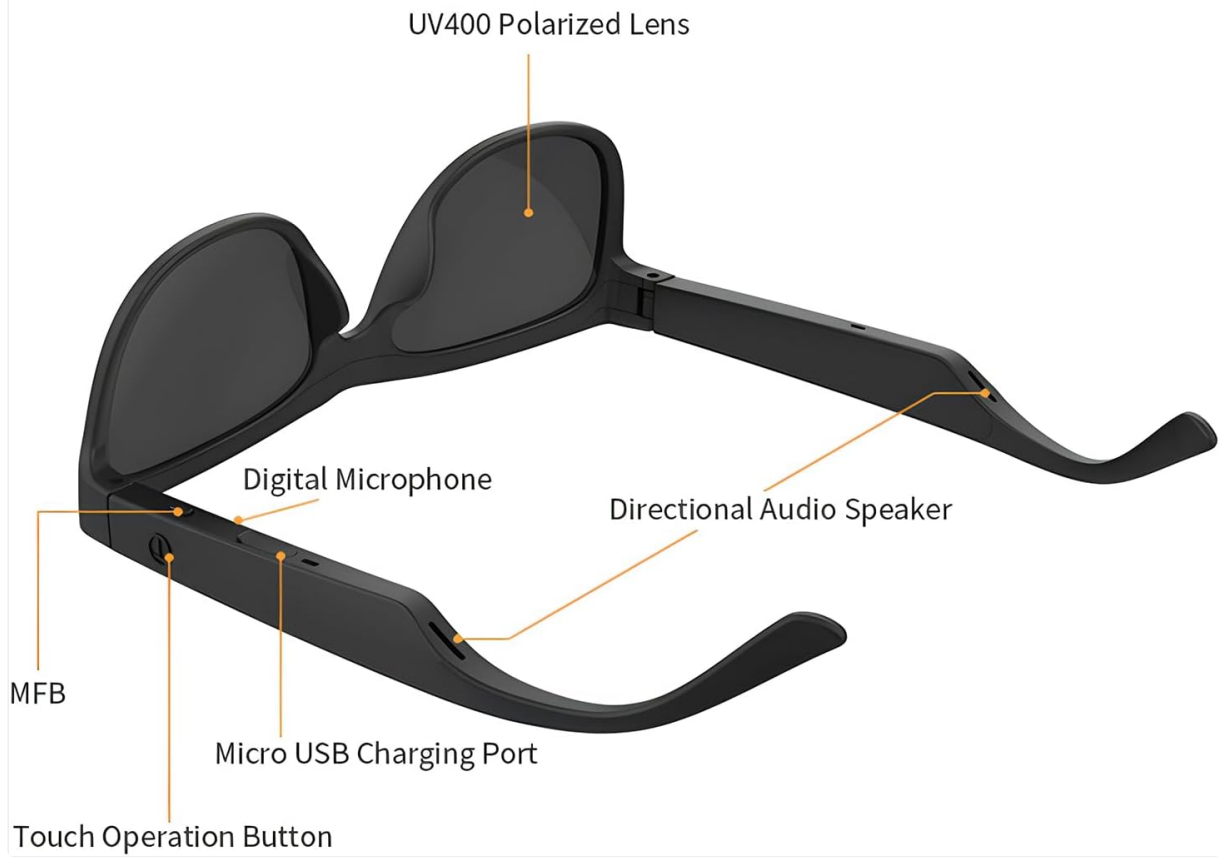

Image: Detailed structure of the smart sunglasses, highlighting the MFB, microphone, speaker, and charging port.

1. **UV400 Polarized Lens:** Front lenses providing eye protection.
2. **Digital Microphone:** For clear voice input during calls and voice assistant commands.
3. **Directional Audio Speaker:** Delivers sound directly to your ears without blocking ambient noise.
4. **MFB (Multi-Function Button):** Primary control button for various operations.
5. **Micro USB Charging Port:** For connecting the charging cable.
6. **Touch Operation Button:** Integrated touch-sensitive area for volume control and other functions.

SETUP

Charging the Device

Before first use, fully charge your smart sunglasses.

- Connect the provided Micro USB charging cable to the charging port on the glasses.
- Connect the other end of the cable to a USB power source (e.g., computer, wall adapter).
- A full charge takes approximately 1.5 hours. The indicator light will change to show charging status (refer to LED indicator section in full manual for details).

Bluetooth Pairing

To connect your smart sunglasses to your smartphone or other Bluetooth-enabled device:

1. Ensure the glasses are charged and powered off.
2. Press and hold the MFB button for 2 seconds until the indicator light flashes, indicating pairing mode.

3. On your smartphone, go to Bluetooth settings and turn Bluetooth on.
4. Search for available devices and select "GS01" from the list.
5. Once connected, the indicator light will change (refer to LED indicator section in full manual).

OPERATING INSTRUCTIONS

Power On/Off

- **Power On:** Long press the MFB button for 2 seconds.
- **Power Off:** Long press the MFB button for 2 seconds. The glasses will also auto power off if not paired within 5 minutes.

Call Management

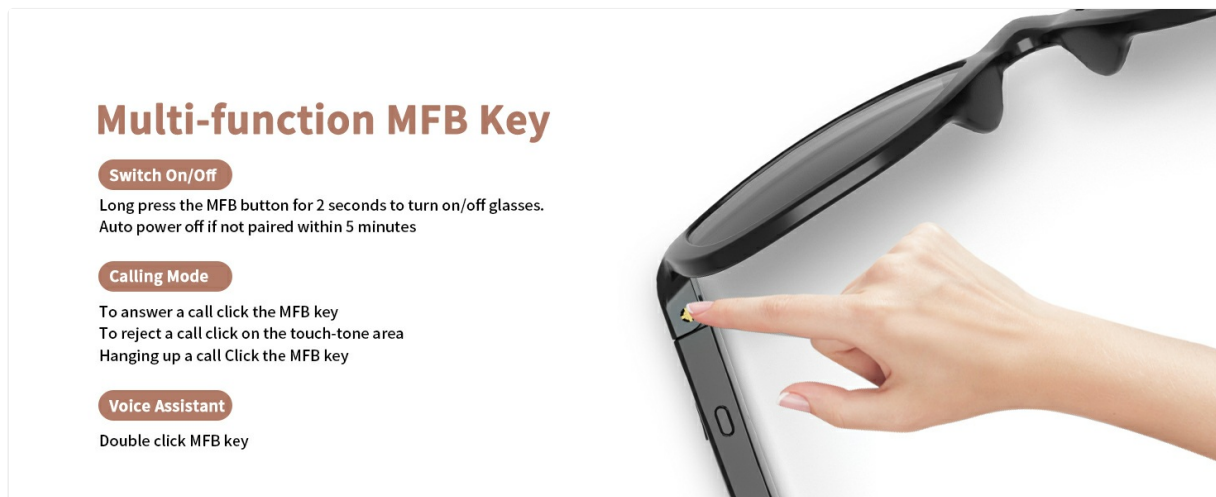

Image: Multi-function MFB Key operations for calls and power.

- **Answer Call:** Click the MFB key.
- **Reject Call:** Click the touch-tone area.
- **Hang Up Call:** Click the MFB key.

Music Playback

Once paired, music from your device will play through the open-ear speakers.

- **Play/Pause:** Click the MFB key.

- **Next Track:** Double-click the MFB key.
- **Previous Track:** Triple-click the MFB key.

Volume Adjustment

Image: Instructions for adjusting volume using the touch area.

- **Volume Up:** Click the touch area. (A beep will sound at maximum volume).
- **Volume Down:** Long press the touch area.

Voice Assistant

Activate your smartphone's voice assistant (e.g., Siri, Google Assistant) for hands-free commands.

Image: Activating voice assistant by double-tapping the MFB button.

- **Activate Voice Assistant:** Double-click the MFB key.

MAINTENANCE

Proper care ensures the longevity and performance of your smart sunglasses.

Cleaning

- Use the provided cleaning cloth to gently wipe the lenses and frame.
- For stubborn smudges, use a lens cleaning solution specifically designed for polarized lenses and a microfiber cloth.
- Avoid using abrasive cleaners or paper towels, which can scratch the lenses.

Water Resistance

The GS01 Smart Sunglasses are IPX5 waterproof, meaning they are resistant to sweat and light rain. They are not designed for submersion in water.

Image: IPX5 Waterproof feature, showing resistance to sweat and rain.

- Do not immerse the glasses in water.
- If exposed to heavy rain or splashes, wipe them dry immediately.

Storage

- Store the glasses in the provided case when not in use to protect them from scratches and damage.
- Avoid exposing the glasses to extreme temperatures (hot or cold) or direct sunlight for extended periods.

TROUBLESHOOTING

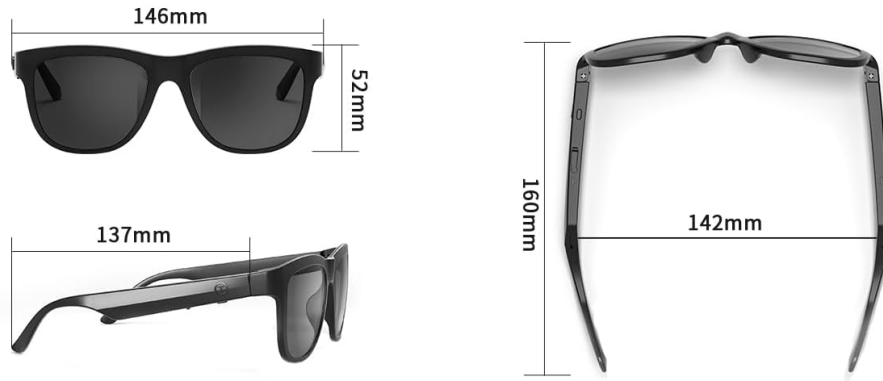

If you encounter issues with your Tulbeys Smart Sunglasses GS01, refer to the following common solutions:

Problem	Possible Cause	Solution
Cannot power on	Low battery	Charge the glasses for at least 1.5 hours.
Cannot pair with device	Bluetooth off on device; glasses not in pairing mode; too far from device	Ensure Bluetooth is enabled on your device. Put glasses in pairing mode (long press MFB). Keep glasses within 33ft (10m) of your device. Try restarting both devices.
No sound or low volume	Volume too low; not connected; media source issue	Increase volume using the touch area on the glasses and on your connected device. Ensure glasses are properly paired. Check if media is playing on your device.
Call quality is poor	Microphone obstructed; environmental noise; weak Bluetooth connection	Ensure the microphone is not covered. Move to a quieter environment. Stay within Bluetooth range.
Voice assistant not responding	Not activated; phone's voice assistant not enabled	Double-click the MFB button to activate. Ensure your phone's voice assistant is enabled and configured.
